

## The Mightiest Little Peasant Chapter 2115

“Fuse nine types of Supreme blood into one. One blood contains nine types of Supreme magical powers. This is the No beginning immortal blood!”

Young master Taixu held the immortal blood in his hand as he stood proudly in the air.

His entire body was bathed in dazzling golden light. True phoenixes, divine apes, demonic ROCs ... All sorts of primeval beasts surrounded him, making him look like an ancient true immortal.

“This is the world’s first blood! And what is your blood of chaos?”

As he said that, he looked at Tang Hao with a mocking expression.

His gaze was filled with disdain.

What chaos blood? he had never even heard of this name, so how could he be a match for the immortal blood of no beginning?

The group of elders behind him also looked over coldly, their faces full of mockery.

Tang Hao glanced at the drop of immortal blood. His expression remained calm.

He raised his right hand and opened his palm. A drop of gray blood came out and formed the shape of a water drop, hovering above his palm.

“This is your blood of chaos?”

Young master Taixu took a closer look and almost burst out laughing.

The blood looked gray, somewhat shabby, and didn’t even have a trace of divine light. Compared with his drop of no beginning immortal blood, the quality, appearance, and momentum were thousands of miles apart.

The elders of the great void heaven took a look and heaved a sigh of relief. Their expressions became even more contemptuous.

“That’s right! This is the blood of chaos!”

Tang Hao held the immortal blood in his hand and took a few steps forward.

“You used nine kinds of blood for your immortal blood, while I only used five kinds of blood for my blood of chaos. However, your nine kinds of blood are all demon blood, while my five kinds of blood are all different. I have the five kinds of blood of immortal, devil, God, Buddha, and demon!”

Tang Hao said loudly.

Hearing this, elder Xu Heng was stunned and his expression changed slightly.

Buddha's blood?

Did this kid really find the Buddha blood?

Didn't that mean that the blood of chaos was the blood that the kid wanted to refine from the beginning and not the blood that he had no choice but to refine?

"Immortals, demons, gods, Buddhas, and demons? This ... How is this possible!"

Then, he was even more shocked.

Immortal, devil, God, Buddha, and demon were the five most ancient cultivation paths in the world. The attributes of the five types of blood were completely different, and even had strong conflicts. For example, the blood of the God and demon was incompatible with fire and water.

How could these five types of blood be fused together and refined into a single drop of immortal blood?

He had never heard of such a blood refinement technique before. It was even more shocking and unimaginable!

As he thought of this, his eyes widened and he stared at the drop of blood.

If this was true, then what kind of power would the immortal blood refined from these five types of blood have?

"Immortal, devil, God, Buddha, and demon?"

Young master Taixu mumbled to himself, and his expression changed in an instant.

He also realized that if this was really refined from the blood of the immortal, devil, God, Buddha, and demon, then it was definitely not ordinary.

"Immortal, demon, God, Buddha, and demon are the five living beings born at the absolute beginning. They also represent the five cultivation paths. When these five blood become one, everything will return to the absolute beginning, back to the void and chaos."

Tang Hao mumbled.

At that moment, the drop of chaos blood in his palm suddenly transformed, and a gray mist spread out.

At the same time, an ancient aura of destruction and nothingness spread out.

The golden light emitted by the drop of no beginning immortal blood immediately dispersed when it touched the gray mist.

The mist continued to spread, and the golden light continued to dissipate. It looked as if the gray mist was constantly devouring the golden light.

“This ... This is ...”

Elder Xu Heng’s eyes were wide with shock and disbelief.

This aura was extremely ancient, more ancient than any aura he had ever known. Moreover, this aura made his hair stand on end. It was as if it could devour everything and turn everything into nothingness.

“Chaos, chaos ... That’s right, at the absolute beginning, heaven and earth weren’t separated and the world was filled with chaos energy. This is the chaotic Qi of the absolute beginning, which can turn everything into nothingness.”

Then, he seemed to have thought of something and screamed.

When he looked at the drop of blood again, his face was filled with fear.

Oh heavens! This was the chaos Qi of the absolute beginning! How could there be a cultivation technique in this world that could refine such an ancient item!

“Is this the chaos Qi of the absolute beginning?”

The rest of the elders were also horrified. Each of them took in a deep breath, and their faces were distorted from extreme shock.

“Although this isn’t innate chaos Qi but acquired chaos Qi, it’s still terrifying enough!” Elder Xu Heng gasped in shock.

Young master Taixu was even more shocked.

He stood there in a daze.

The chaos Qi of the absolute beginning? What a joke!

How could this guy refine such a terrifying thing!

Then, he panicked. The aura of his opponent’s drop of immortal blood was constantly devouring and squeezing the aura of his drop of immortal blood.

“I don’t believe that My Immortal blood of no beginning can’t be compared to your blood of chaos!”

He gritted his teeth and shouted unwillingly.

His no beginning immortal blood was the most powerful blood in the world. How could this blood of chaos, which came out of nowhere, be compared with the immortal blood created by no beginning immortal venerable?

“Your blood of chaos will only be devoured by me!”

“Die!” He shouted and shook his palm. The drop of blood shot up into the sky and split into nine, turning into nine primordial beasts that pounced at Tang Hao.

“Is that so?”

Tang Hao smirked. The blood of chaos in his palm trembled and shot into the sky. It turned into a cloud of mist and shot toward the nine ancient beasts.

As soon as they came into contact with the mist, the figures of the prehistoric giant beasts disappeared, turning into nothingness without a sound.

“Ah!”

Young master Taixu’s body trembled and he screamed in pain. His face turned pale.

He hurriedly retracted his blood and stood there, his face ashen.

He couldn’t accept that the immortal blood of no beginning that he had spent so much blood to refine had failed! He had been defeated so miserably!

“Young master, you can’t fight with immortal blood directly! The power of the immortal blood of no beginning lies in the nine super powers. The true power of the immortal blood can only be exerted after it is absorbed into the body.” Elder Xu Heng shouted anxiously.

“I’ve forgotten!”

Young master Taixu was startled and came to his senses.

He opened his mouth and swallowed the immortal blood.

In an instant, the immortal radiance on his body surged and the aura of true hou, divine ape, and other ancient beasts flashed on his body. At the same time, the aura on his body rose sharply at an incredible speed.

There were nine types of giant beasts ‘blood in the immortal blood of no beginning. At this moment, he had obtained the super powers of these nine giant beasts at the same time.

Among the nine types of giant beasts, there were creatures with extremely strong physical bodies like the ancient divine ape and the true dragon. His physical body also became extremely strong. There was also the fire of the true hou and the Natal divine light of the Golden-winged great Peng race. All of them appeared on his body.

“Tang kid! Accept your death!”

He roared and threw a punch.

Tang Hao was not afraid. He opened his mouth and swallowed the blood of chaos, then rushed forward and threw a punch.
