

The Mightiest Little Peasant Chapter 2123

The team moved forward.

The closer one got to the central area, the more dangerous it was. Not only were there restrictions everywhere, but there were also many powerful fierce beasts in the ancient forest, lakes, and even in the air.

From time to time, he could hear the roars of beasts and the sounds of fighting from all over the place.

Clearly, these were all teams from the other races.

The Han clan's team soon encountered a ferocious beast. It was a golden-red Dragon Python with an early 6th tribulation cultivation base.

Dragon pythons were a rather powerful branch of the snake Race. They all had a trace of the true dragon's bloodline in their bodies, and their physical bodies were extremely powerful.

Also, as a vicious beast, it was several times stronger than a xiuzhe at the same cultivation.

Among the Han clan disciples, only half of them were at the 6th tribulation and the rest were at the 5th tribulation. It was a little difficult for them to deal with such a ferocious beast.

Fortunately, they weren't ordinary cultivators. They were all geniuses with extraordinary physiques or the potential to become Saints. After a short battle, they killed him.

"The Dragon Python's corpse is also a treasure!"

They kept the corpse and continued forward.

However, they did not go far before they encountered another ferocious beast. It was a giant crocodile that sprang out of the lake and pounced at them.

The crocodile was as large as a small mountain. It was a thousand feet long.

Its entire body was blood-red, and it was shrouded in a blood mist. As soon as the mist came into contact with the surrounding vegetation, the vegetation was instantly corroded.

"Be careful!"

Han Shifeng shouted and stepped forward.

This giant crocodile was at the middle stage of the sixth tribulation realm. In the Han clan team, he was the only one at the middle stage and could resist this giant crocodile.

"Bastard! Watch my sword!"

Han Shifeng roared. He opened his mouth and spat out a ray of blue light. It was a blue flying sword.

The flying sword trembled slightly and released a shocking sword Qi, slashing at the giant crocodile.

Clang! Clang!

The flying sword hit the crocodile's head and exploded.

The giant crocodile was immediately pushed back and fell back into the lake.

"As expected of a Saint!"

"Big brother Shifeng is so powerful!"

The Han clan disciples cheered.

"Hahaha! This sword strike is not worth mentioning!"

Han Shifeng laughed heartily.

"Clan brothers and sisters, be careful. This beast is very powerful. You can't deal with it. Let me deal with it. It's just a blood crocodile. It's nothing. I've killed dozens of such fierce beasts, if not hundreds!"

He looked at the blood crocodile and said in disdain.

It was as if the beast in front of him wasn't a beast of the same level as him, but a lamb that could be easily killed.

"The Saint is so powerful!"

The disciples began to flatter him again.

"Hahaha!"

Han Shifeng laughed out loud again, his mood becoming more and more carefree.

He liked the feeling of being in the limelight and being worshipped by others.

"Just you wait, I'll be able to kill this beast in less than 15 minutes!" He patted his chest and said boldly.

Then, he looked at Han Yutong and said, "Little sister Yu Tong, just you wait. I'll cut it down right now and take its precious bones. I'll make a necklace for you,"

Then, he turned around and faced the giant crocodile.

The group of disciples was stunned and their admiration for him grew.

However, his attitude infuriated the giant crocodile.

“Where did this little kid come from? he doesn’t know the immensity of heaven and earth! Today, I will devour you!”

The giant crocodile roared and sprang out of the lake, pouncing straight at han Shifeng.

“Bastard, you’re looking for death!”

Han Shifeng shouted, “the person in front of you is the Holy Son of the Han clan. In front of me, you should obediently surrender!”

“What Holy Son? I’ll still swallow it!”

The giant crocodile growled and pounced.

Clang clang clang!

A man and a crocodile immediately started fighting.

A group of han clan disciples stood at the side and watched.

“This is a good opportunity!”

Han ruyu looked around and revealed a happy expression.

Then, she turned to look at Han Yutong. She narrowed her eyes, which were filled with hatred and malice.

Her right hand, which was hidden in her sleeve, shook slightly, and a small Jade bottle appeared in her palm.

She opened the bottle cap and took out a pill. She gently kneaded it, and the powder fell down.

When the wind blew, the powder was scattered.

Soon, not far away from them, there was a rumbling sound, accompanied by the sound of trees cracking and falling, and the sound was rapidly approaching.

It was obvious that a huge beast was coming for them.

“What’s going on?”

“Look, something’s coming over there. Everyone, be careful!”

The Han clan members looked in that direction and exclaimed.

In that direction, there was a huge Python. Its size was several times larger than the Scarlet Gold dragon Python. Its aura was also several times stronger. It was at the middle stage of the sixth tribulation, just like the blood crocodile.

The Han clan members panicked when they saw the crocodile's cultivation base. They were already facing a crocodile, and now, another Python of the same cultivation base was coming. How could they possibly stop it?

The giant python rushed over at high speed with a somewhat violent expression. Its huge body was like a bulldozer, crushing everything in its path.

As it neared, it opened its bloody mouth, and a black mist immediately surged out and enveloped the Han clan disciples.

"Not good!"

"Quickly activate your defensive treasure!"

The Han clan disciples cried out in alarm and hurriedly gathered together. Each of them took out a defensive treasure to block the black mist.

But at this moment, the giant python swung its tail and smashed down.

Bang Bang Bang!

The layers of light screens exploded instantly.

Puff! Puff! Puff! Puff!

Many disciples were sent flying backward while vomiting blood.

The giant python smashed a few more times, and the crowd was immediately scattered.

"Bastard! Eat my sword!"

"Hurry up! Let's join forces and kill it!"

The group of disciples attacked one after another, surrounding the giant python.

However, half of them were at the peak of the 5th tribulation and the other half were at the early 6th tribulation. It was undoubtedly a bit difficult for them to face a powerful beast at the middle 6th tribulation.

After a moment of intense battle, although they had injured the giant python a few times, they had also injured many people.

"This is a good opportunity!"

Han ruyu was overjoyed to see the giant python charging toward her. She pretended to panic and took a step back, but she was actually running toward Han Yutong.

“Hmph! B * tch, let’s see how you’re going to stop this giant python!”

She glanced at Han Yutong coldly, feeling an indescribable sense of joy.

This guy was famous for being weak in fights of magical powers. He had no experience at all. He had a divine body, but he couldn’t use it at all. If he encountered such a violent fierce beast, he would probably be seriously injured and vomit blood.

It would be even better if he was swallowed by the beast and died here.

“Not good!”

“Be careful!”

Seeing this, the Han clan disciples and han Shifeng were all shocked. They wanted to help but it was too late.

The giant Python’s speed was extremely fast. It opened its bloody mouth and pounced to bite.

Han ruyu’s body sank and she fell to the ground, while the giant python pounced on Han Yutong.

Seeing Han Yutong’s pale and flustered expression, han ruyu was even more pleased.

With this bite, he would definitely cause that B * tch to be seriously injured!

However, just as she was secretly feeling pleased with herself, she caught a glimpse of a figure in the sky from the corner of her eye. It was a white-robed figure. He appeared silently like a ghost and blocked the giant python.
