

The Mightiest Little Peasant Chapter 2133

“Let’s go!”

Tang Hao looked around, then turned to Han Yutong.

There was nothing left in the Biyue Grotto-heaven.

“Where to?”

Han Yutong was stunned.

“The Han clan!”

Tang Hao said.

Han Yutong’s expression changed when she heard that. She hesitated and said, “You really want to go?”

She was worried when Tang Hao said he was going to the Han clan. She was afraid that his whereabouts would be exposed and that he would be hunted down by the seven tribulations old monsters. She was even more afraid that the Han clan would harm him. After all, he had so many treasures on him. It was difficult to guarantee that the Han clan would not be tempted.

Now that Tang Hao’s identity had been exposed, the Zhang clan and the Qian clan knew about it. It would be terrible if they spread the news.

“You go first! I’ll stay in the Han clan!” Han Yutong said anxiously.

“Don’t worry, I’ll be fine. The clan knows about our relationship. Otherwise, they wouldn’t have locked me up for so long. As for Han Shifeng, don’t worry. He can’t touch me.”

She urged again when Tang Hao did not agree.

“It’s alright!”

Tang Hao smiled at her. “I told you that I’ll take you away.”

“But ...”

Han Yutong hesitated.

She wanted to persuade him again, but when she saw the determination in Tang Hao’s eyes, she stopped herself and kept quiet.

The group of Han clan disciples were all surprised to hear this. They had never heard that the clan had already known about Yu Tong’s relationship with this man.

“No wonder! The clan has never allowed her to leave the ancient city. It was only after this Tang fellow disappeared for a few years that the clan allowed her to leave the ancient city. ”

“In that case, the two of them didn’t know each other in the past few years, but had known each other for a long time!”

As the disciples discussed, they came to a realization.

When han Shifeng heard this, he was also a little surprised.

But then, he sneered. Even if his clan knew about it, it didn’t matter. His han clan had nothing to do with this guy.

“This guy really wants to come to our han clan ...”

He was a little surprised. He thought that after his identity was exposed, this guy would leave immediately and hide again to avoid the wind. He did not expect that this guy not only did not run away, but also wanted to go to his han clan.

“Tang kid, do you really think you can take her away?”

He sneered in his heart.

Yu Tong was a member of the Han clan. She had a divine body and extraordinary talents. How could the Han clan hand her over to this guy?

Although this guy was monstrous, he had enemies everywhere and could be said to be The Public Enemy of all races. Now, there were many seven tribulations old monsters such as the night Master and the medicine master who were personally hunting him down. He was destined to fall. Even if he did not have any enmity with the Holy Son, the Han clan would definitely not agree.

Moreover, this guy had provoked him, so he could forget about it!

“This is a good opportunity!”

He pondered and became even more excited.

He had wanted to reveal this guy’s whereabouts and lure the night Lord and the others over to hunt this guy down. But now that this guy was going to the Han clan, wasn’t this a rare opportunity for the Han clan?

One must know that this fellow had countless treasures on him. What Supreme Suan ni, King Roc divine halberd, just Supreme weapons alone, he had many of them. Which force in the world would not drool over them?

Back then, it was because of the two Supreme artifacts on him that he had aroused the madness of all the races in the world and caused them to hunt him down.

That time, his Han clan had also gone.

However, he did not expect this guy to be so tough. He had not died despite being chased by so many people, and he had even managed to kill the old demon blood, who had shocked all the races in the world.

The Han clan was also afraid of the old Devil's reputation and didn't participate.

As this fellow grew stronger and stronger, the Han clan lost all hope.

However, it was different now. This guy was going to deliver himself to his door. Once he stepped into the Han clan's ancient city, he would be a turtle in a jar. With the strength of the Han clan, it would be easy to take down this guy.

More importantly, no one would know that the Han clan had devoured this fellow's treasure. Although the people from the Zhang clan and Qian clan had escaped, they would never have expected that this fellow would come to their Han clan's ancient city.

As long as the Han clan devoured the treasure, it would rise to power in a few years and become one of the top clans in Pangu.

At that time, the Han clan would be so powerful, and as the Holy Son, his status would rise, and he would become a famous figure in Pangu!

Just the thought of it made him extremely excited.

This was simply a Supreme opportunity that the heavens had bestowed upon the Han clan!

Despite the excitement in his heart, he did not show it on his face. His face was still full of hatred.

Tang Hao made his move and headed outside.

The group of Han clan disciples hesitated for a moment before looking at Han Shifeng.

"If he wants to go, then we'll take him there!"

Han Shifeng snorted coldly and led everyone to follow.

"Waa! 'Yu Tong, is this really that Tang Hao?' I heard that he's very powerful!"

"How did you two meet? When was that?"

Han Chun'er followed behind them and kept asking questions. She was so excited that her face was red.

She had been frightened just now. She had never thought that the man Yu Tong had spoken of was actually such a powerful figure!

“You’re Han Chun ‘er, right? I’ve heard that you’re on good terms with Yutong and have been taking care of her for the past few years. Take this as my thanks to you!” Tang Hao smiled. He took out an eighth tribulation weapon and handed it over.

“E-e-e-e-e-eight tribulations?”

Han Chun ‘er was stunned, her eyes wide open.

When the disciples behind saw this, they were also stunned. Then, they felt extremely regretful, especially the female disciples. They were so regretful that their intestines turned green. That was an eight tribulation weapon! A treasure second only to an Emperor artifact!

Even if they were the core of their clan, very few of them could own an eight tribulation weapon.

If they had known earlier, they would have tried their best to curry favor with Han Yutong. Why would they have gone against her?

“Hmph! This guy really had a lot of treasures! However, these treasures will soon belong to my Han clan!”

Han Shifeng, who was following behind, sneered in his heart.

After he left the heavenly abode, he secretly threw out a jade talisman and headed straight for the ancient city of the Han clan. He wanted to inform the clan of this news in advance so that they could make preparations.

Then, he followed the crowd onto the bird and headed toward the ancient Han city.

A few hours later, in the Han clan’s ancient city.

A stream of light swept over from the sky, passed through the formation guarding the ancient city, and entered the city.

At this time, in a large hall in the center of the ancient city, an old man sitting cross-legged suddenly opened his eyes. His gaze peeked out of the hall and swept towards the stream of light.

His white brows furrowed slightly as he revealed a puzzled expression.

This was the emergency communication jade talisman of the Han clan. Once it was used, it meant that something important had happened.

“Could it be that Shifeng and the others are in danger?”

He mumbled to himself as he quickly stood up and walked out of the hall.

At this moment, the light fell. He reached out and grabbed it.

“It’s him!”

As soon as he read the Jade talisman, his expression changed, revealing a strong look of shock.

“What should have come has finally come!”

Then, he sighed, and his expression became a little complicated.
