

The Mightiest Little Peasant Chapter 2136

“Little friend, you’re really straightforward!”

Lord Han laughed out loud, his eyes flashing with joy.

“We’ve already drunk the wine. Lord Han, shouldn’t we talk about proper business?”

Tang Hao said seriously as he put down his glass.

“Alright!” Lord Han said, “I heard from Shifeng that you came to my Han clan this time to take Yu Tong away?”

“That’s right!” Tang Hao said.

“Little friend Tang, I don’t want to say this, but your current situation seems to be a bit dangerous! You’ve killed Ye Jiuxuan and completely infuriated the Night Lord. He’s been looking for you, and the medicine master and the others ...”

Lord Han’s thick brows furrowed and he revealed a look of hesitation. “With your current situation, I really can’t trust you to take care of him!”

“That’s right. You’re in such a dangerous situation right now. Don’t drag Yu Tong into this!”

“Didn’t you let the Zhang clan and the Qian clan go? Your whereabouts have been exposed. I think it won’t be long before the Night Lord and the medicine master come to the southern Wilderness.”

All the elders chimed in.

“You’re afraid that I, Tang Hao, don’t have the ability to protect her, aren’t you?” Tang Hao glanced at them.

“Right! You should be clear about your situation!”

The Grand Elder Han Mu said.

Tang Hao chuckled. He poured himself another glass of wine and took a sip. “Everyone, I think you’re overthinking it. Since I’m here to pick her up, I’m confident that I can protect her!”

“Is that so?”

Hearing this, the Han clan elders did not comment but laughed in secret.

This brat didn’t even know that he was about to die, yet he still dared to boast shamelessly. It was truly laughable.

“The outside world is saying that this brat is a God that has played the hundred races. Now that I’ve seen him, I think he’s nothing more than that!”

"I think he's too arrogant. He thinks that he's invincible among the six tribulations and has obtained the Nightingale, so he thinks that no one can do anything to him."

They discussed with each other through voice transmission.

They looked at Tang Hao with a hint of mockery in their eyes.

"What's wrong? The elders don't believe me?"

Tang Hao grinned and said.

"Of course I don't!" First elder Han Mu said, "although you are invincible in the sixth tribulation, how can you be a match for a seventh tribulation? one seventh tribulation might not be able to kill you, but what about two or three? I'm more than enough to kill you!"

"That's right!" All the Han clan elders agreed.

Lord Han laughed. "Little friend Tang, it seems that you still don't understand the divine power of the seventh tribulation. The difference between the two is like the difference between cloud and mud. No matter how strong you are, it's impossible for you to compete with one seventh tribulation. Moreover, you have more than one enemy."

He paused for a moment and studied Tang Hao carefully. His eyes were filled with suspicion.

This child's eyes were bright and full of energy. He didn't look like he had been poisoned at all!

"That's weird! Logically speaking, the effects of the bewildering immortal powder should have taken effect by now!" He muttered to himself, this kid is only at the 6th tribulation, he can't block this poison! Moreover, he drank more than one cup!"

"Maybe ... This kid's physique is different from ordinary people, and his strength is too profound. He's not an ordinary 6th tribulation martial artist, so the effect of the medicine is slow. I guess it will take a while." He muttered to himself after a moment of silence.

"There's no hurry. Let's buy some time. Only then will we be safe!"

Thinking of this, a smile appeared on his face again, and he said enthusiastically, "Little friend Tang, you know that you have a close relationship with Yu Tong, but you must also consider her safety. Why don't you let her stay in the Han clan? if you want to see her, you can come to the Han clan to see her. The Han clan's door will always be open to you."

"Yes, yes! This is the best way!"

All the elders agreed.

They were not paying much attention to Tang Hao, but their eyes were fixed on his face.

They were all waiting, waiting for the medicine to take effect.

However, after waiting for a long time, the medicine still did not take effect.

“That’s not right! I’ve already drunk three cups, why isn’t it working?”

“Al! Really, it was so anxious! Why isn’t this kid falling yet?”

Seeing that time was passing by bit by bit and that the kid was drinking cup after cup of wine, but there was no effect, they all started to get a little anxious.

“Second brother, is there a problem with your bewildering immortal powder?”

“Right! Is the dosage not enough?”

Many elders looked at the second elder Han Jingchen and questioned him in a low voice.

“I don’t think so! How could there be a problem with my bewildering immortal powder? Considering that he’s a Peak 6th tribulation and a peerless monster, I’ve increased the dosage to the maximum. It can’t be any higher, or he’ll easily find out.”

The second elder felt wronged and even more puzzled.

The bewildering immortal powder that he had concocted had never had a problem before. No matter if it was a 6th tribulation xiuzhe or a giant beast, they would all collapse after a single taste. But why was there a problem with this kid?

Tang Hao’s eyes swept over them, and the smile on his face grew wider.

He poured himself another glass of wine and downed it in one gulp.

“I appreciate Lord Han’s kind intentions, but I’m sorry I can’t accept it!” Tang Hao’s expression turned cold. “I don’t care if you’re willing or not. I’m taking this person and her life Jade with me today!”

As he spoke, he slammed the wine glass on the table with a loud bang.

This voice quaked the entire Hall into silence.

Both the elders in the hall and the Han clan disciples outside were dumbfounded and in disbelief.

“You ... How dare you!”

After a moment of dead silence, an old man slammed the table and stood up, angrily shouting.

“Tang kid, don’t be so ungrateful. Don’t forget that this is the Han clan. You can’t be so presumptuous!”

The elders stood up and shouted angrily.

Their faces were ashen and they were furious.

This kid was simply too Savage!

Lord Han's face darkened and he was very unhappy.

This brat actually dared to be so impudent in front of him!

"I know this is the Han clan, so I don't need you to remind me. But so what? I'm going to take this man today!"

Tang Hao said coldly.

"You ... What a big tone!" Lord Han hollered in anger and stood up.

He took a deep breath and his face was livid. He was extremely angry. In the ancient city of the Han clan, in front of a seven tribulation expert like him, a mere 6th tribulation kid dared to be so arrogant!

"Tang Hao, do you really think that the Han clan won't attack you?" Great elder Han Mu angrily rebuked.

"Swish!" Tang Hao smiled mockingly. "Stop pretending, Grand Elder. Didn't the Han family make their move?"

Hearing this, the Han clan's people's faces changed.

"The wine is good, and the things inside are also good. If I'm not wrong, it should be the top grade bewildering immortal powder! It's a pity that this thing is useless to me!"

Tang Hao poured himself another glass of wine and finished it in one go.

"You ... Already knew?"

When the Han clan members heard this, they were shocked.
