

## The Mightiest Little Peasant Chapter 2151

The ancient city of the Zhao family.

A ray of light shot down from the sky and landed in the ancient city, entering the meeting hall.

In the next moment, a cry of surprise rang out in the hall.

“Dang! Dang! Dang!” The loud sound of the bell reverberated through the entire ancient city.

Figures rushed out of the four halls and turned into long rainbows, heading for the meeting hall.

“What’s going on?”

The ancient city was in an uproar.

Countless cultivators of the Zhao family walked out of their palaces and caves. They were shocked when they heard the bell and saw the rainbows in the sky.

It was the bell that summoned all the Council elders. It would only ring when an extremely important event occurred.

Their eyes followed the long rainbows and fell on the center of the ancient city.

“What happened?”

They were all a little anxious.

Immediately, many xiuzhe flew towards the center to Scout out the situation.

Not long after, news came back saying that an important figure would come to the Zhao family in a while. The first elder had gathered the patriarch and all the elders to discuss how to receive this important figure.

“What kind of important figure is this? why is he summoning all the elders of the Council in such a grand manner?”

The cultivators of the Zhao family were all shocked.

They had never heard of anyone who could make the Zhao family welcome them with such a grand ceremony.

Seven tribulations?

That was impossible!

It wasn’t like there hadn’t been a 7th tribulation expert who had come before. Many of the 7th tribulation experts who were close to the Zhao family had come to the ancient city before, but the

family didn't have such a grand reception. It was always the patriarch and a few elders who came to welcome them.

However, other than the seven tribulations magnates, who else was more powerful than them?

Could it be ... The 33 heavens?

This was also unlikely!

If the Lord of the 33 heavens or their Grand Elder or second elder came, it might be possible. But why would such a person come to the Zhao family?

During the ceremony of blood source, the Zhao family had attracted the attention of the 33 heavens, but they had only sent an ordinary elder. After being rejected by the Zhao family, the elder had never come to the Zhao family again.

If it was not one of the seven tribulations or the 33 heavens, then who was this so-called Big Shot?

Everyone was extremely curious!

Very quickly, more news came, and it was even more explosive.

"Do you know who that Big Shot is? I'm afraid you won't be able to guess it even if you die ... He's that Tang Hao! How many Tang Haos were there in this world? Of course, it's that Tang Hao from the gate of fortune!"

"Tang Hao? No way! Why did he come to the Zhao family?"

"Yeah! He doesn't have anything to do with us! Also, did he have to be so Grand? And all the Council elders? This is making a mountain out of a molehill!"

The cultivators of the Zhao family were enraged.

Many xiuzhe scoffed and mocked.

They had thought that it was some Big Shot, but it turned out to be Tang Hao!

Although Tang Hao was powerful and ranked first among the younger generation, that was all there was to him. He was just a junior. How could the Zhao family welcome him with such a grand ceremony?

"A younger generation? You guys don't know this! He's no longer a young junior, we have to call him a divine Lord!"

"What? Divine Lord?"

When the cultivators heard this, they were stunned at first. After a long while, they came back to their senses and gasped, revealing extreme shock.

Divine Lord!

In Pangu, this was the name for the seventh tribulation!

Didn't this mean that the kid had already advanced to the seventh tribulation?

"How is this possible?"

They were in disbelief.

This Tang Hao was too young. He was the same age as the Zhao family's Holy Son. The Zhao family's Holy Son was only at the middle stage of the 6th tribulation, but this Tang Hao had already advanced to the 7th tribulation. It was hard to believe.

"Why is it impossible? not only did Tang Hao advance to the seventh calamity, but he also defeated old demon Xue Yin. Yes, the ancestor of the Xue Yin sect. He was beaten away and the entire Xue Yin sect was destroyed by Tang Hao."

When the cultivators heard this, they sucked in cold breaths and were even more shocked.

This news was even more shocking than the previous one!

Old demon Xue Yin was a well-known seventh tribulation old monster who had been in the seventh tribulation for nearly a hundred years. Even if Tang Hao had advanced to the seventh tribulation, how could he be his opponent?

This sounded ridiculous to the extreme!

However, they also understood that no matter how absurd the news sounded, it was true. After all, the news came from the discussion hall.

Because of this, the Zhao family placed so much importance on this and had to welcome them with the most formal ceremony.

Such a young and promising seven tribulation Overlord was definitely worthy of the Zhao family's attention.

"All clan members above the Saint realm, gather in front of the conference hall to welcome the honored guest!"

Just as the ancient city was in an uproar, a bell-like voice came from the center.

The next moment, countless lights rose from all directions of the ancient city. Like a tide, they gathered in the center. The sound was vast and the aura was majestic.

The Zhao Saints gathered in the square in front of the palace and waited.

They looked up at the sky, their eyes filled with a touch of enthusiastic anticipation.

They couldn't wait to meet this famous legend of Pangu!

"I heard! He has a deep relationship with the Zhao family, and the reason he came here is for Qingxue!"

"This is a good thing! Our Zhao family can use this opportunity to build a good relationship with him. "

They discussed fervently, their expressions somewhat excited.

"They're here!"

After waiting for about two hours, they saw a stream of light in the sky. It was a treasure boat, and it landed in the ancient city.

"Hurry up!"

In front of the meeting hall, Lord Zhao and the elders who had been waiting for a long time hurriedly stood up and flew into the air.

The treasured boat landed and stopped above the ancient city. A few figures alighted from it.

"Welcome, Daoist Tang! You're welcome!"

Lord Zhao laughed heartily and warmly welcomed him.

His attitude was more relaxed. After all, he was the leader of a family and they were all cultivators of the same level. However, the elders of the Zhao family were different. They all bowed and looked very respectful.

"Greetings, divine Lord Tang!"

"Welcome to the Zhao family, divine Lord Tang!"

They said respectfully.

"Welcome, divine Lord Tang!"

On the square below, the cultivators of the Zhao family all bowed and greeted him.

There were probably millions of xiuzhe here. They shouted in unison, their voices forming waves that were extremely loud and shook the world.

These xiuzhe raised their heads again. When they looked at the white-robed figure in the sky, they all showed excitement and respect.

In the past, he was the number one evildoer in Pangu, who had shocked Pangu countless times and was regarded as a legend. Now, he was the youngest seven tribulations magnate in the whole of Pangu! He would defeat Sir God Xue Yin and shock the world!
