

The Mightiest Little Peasant Chapter 2154

The spiritual wilderness.

The ancient city of the Qin clan.

A beam of light shot down from the sky and landed in the ancient city.

In a large hall, a white-haired old man stepped out and reached out his hand to receive the stream of light.

When he unfolded it to take a look, his expression could not help changing drastically, revealing an expression of extreme shock.

The news in his hands was too shocking!

This was a piece of news that could shake the entire Pangu continent!

“I must inform the family head immediately!”

He immediately turned into a long rainbow and flew toward a mountain range in the ancient city. He landed in a Palace.

In the palace, Lord Qin took the Jade talisman and opened it. His expression changed.

With his cultivation level, he had long reached a state where he could remain calm in the face of danger, but at this moment, his heart still suffered a great impact and was extremely shocked.

That kid is actually at the seventh tribulation!

Not only that, he had also defeated Sir God Xue Yin from Long Huang, who was a veteran seventh tribulation expert who had been in the seventh tribulation for more than a hundred years!

This ... This was too shocking!

He sat there with the Jade talisman in his hand, stunned for a long time.

“This kid ...”

After a long while, the corner of his mouth twitched and he laughed bitterly.

He had never expected that this kid would advance to the seventh tribulation so quickly, and his strength was still so shocking!

“It seems like ... I’ve underestimated him!” He sighed again.

“Patriarch, what should we do? To our Qin clan, it’s hard to predict whether this will be a blessing or a curse!” The elder said seriously.

The Qin clan had a lot of grudges with this kid. The Qin clan's Holy Son had been crippled and his physical body destroyed by this kid. Qin Yun had also been killed by this kid.

Back then, the pursuit that swept across all directions was caused by the Qin clan. It was Qin hai who led a group of elders to chase after that brat, attracting the attention of all the other races in the world.

That time, that brat almost died on chaotic World Mountain.

The Grudge between them was too deep!

Lord Qin also frowned slightly and revealed a worried expression.

That pursuit was indeed started because of the Qin clan. If that brat continued to bear this grudge, then it would be very hard for the Qin clan to mend their relationship with him.

"The incident back then was mainly caused by Qin hai. He was also responsible for the pursuit ..."

Lord Qin muttered as a look of determination flashed across his face.

"Master, what do you mean?"

The elder's expression changed.

"That's right! Qin hai must be dealt with!"

The Qin Lord said solemnly.

Qin hai was the elder of the Qin clan, one of the pillars of the Qin clan. His status was extremely important. However, at this critical moment, he had to make a decision.

One was the elder of the Qin clan. The other was a young magnate with a limitless future. He could influence the fate of the Qin clan for a hundred years, even a thousand years. As the clan head, he naturally knew which was more important.

The elder also revealed a look of understanding. It was definitely unwise to anger a future peerless magnate for the sake of Qin hai.

Let alone the fact that this magnate Qi Practitioner had a deep relationship with the Qin clan. There was a slight chance that he would be roped in by the Qin clan!

For the sake of this sliver of possibility, so what if he sacrificed Qin hai?

As long as they succeeded, they would be able to exchange for the Fortune of the Qin clan for the next thousand years. They would be able to let the Qin clan Rise Up!

"But ... How should we handle this?"

He said in a low voice.

Master Qin pondered for a long time and said, "throw it into the ice prison and suppress it for two hundred years!" Two hundred years should be enough!"

"Enough!"

The elder replied.

Suppressed for 200 years! This was already an extremely severe punishment. After 200 years, that person's anger would most likely have dissipated. Moreover, after 200 years, that person's cultivation realm would be unknown. He would no longer care about a puny Qin hai.

"Then we'll do it this way. I'll go personally later and lock him up in the ice prison in case he's unconvinced!"

Lord Qin said.

"Of course." The elder smiled bitterly. "I think Qin hai will be willing to accept the punishment."

If it were him, he would probably be willing to enter the ice prison. If he didn't enter, he might be found by that person one day and killed. It was definitely a nightmare to have such a terrifying enemy.

"After dealing with Qin hai, I'll prepare some congratulatory gifts and personally head to the gate of fortune. That should be enough. After all, ever since that incident, our Qin clan has not acted against him. If we are willing, we can completely grasp his whereabouts. I think he should also understand this point."

"Also, Xiangyi is of the Qin clan's bloodline. I don't think he will do anything to us."

Lord Qin said.

"The patriarch is wise!"

The elder bowed.

"Later, go and get Xiangyi's life Jade. I will take it with me to show the Qin clan's sincerity! Now, let's head over to Qin Hai's side!"

With that, he got up and went out.

"He ... Is at the seventh tribulation?"

In the elder's cave, when Qin hai heard the news, his entire body trembled as if he had been struck by lightning.

He was completely stunned!

This piece of news was simply like a bolt of lightning from the nine Heavens, instantly stunning him!

That kid is at the seventh tribulation?

What a joke!

How old was he! How could he achieve the position of a seven-tribulation?

He could not believe it at all. However, looking at the serious face of the family head in front of him, he knew that everything was true. That kid had really passed the seventh tribulation!

His figure staggered for a moment, and his entire person seemed to have been drawn out of his soul. He suddenly went soft, and his face instantly aged a few times.

When he first heard that this kid had defeated young master Taixu and became the number one monstrous talent of Pangu, he was not even this afraid. Later, he heard that this kid had advanced to the 6th tribulation and killed countless 6th tribulation cultivators with his evil eyes. This made him a little worried.

After that, every time news of this kid came, he would be more and more frightened.

He began to feel fear and regret!

He regretted provoking such a terrifying kid!

Every night, in the dead of the night, he would feel uneasy and fall into endless worry.

However, the news today had completely crushed him!

The seventh tribulation!

To him, this was a terrifying word.

A seventh tribulation expert could kill countless cultivators at his level with a flick of his finger!

Just like that time when he was chasing that kid, with his cultivation at the 6th tribulation, killing that kid who was only at the 4th tribulation was a piece of cake!

At that time, he had once looked down on that kid, despised him, and humiliated him. At that time, killing that kid was as easy as crushing an ant to him. But now, their positions had changed.

Now, he was the ant that could be crushed by anyone!

“It’s only been a few years!”

He was in a daze.

The scene of the pursuit was still vivid in his mind. It seemed that only a few years had passed. He could still remember the boy's stubborn and determined face. However, at that time, he would never have thought that the boy would advance to the seventh tribulation and become a magnate after only a few years!

"I ... I regret it!"

At this moment, he was filled with bitterness and regret.

At the same time, a deep fear rose in his heart, causing him to feel uneasy.

"Qin hai, in the name of the clan head, I will throw you into the ice prison and lock you up for 200 years. Are you willing to accept this?"

Lord Qin shouted with a cold expression.

Hearing this, Qin Hai's entire body trembled, and a mournful expression appeared on his face.

He stood in a daze for a long time before he trembled and knelt down. He said in a trembling voice, "Qin hai is willing to be punished!"

"Good! Then come with me!"

"Yes." Lord Qin nodded and brought Qin hai to the clan's ice prison.

Only after suppressing Qin hai did he come to the conference hall. He gathered all the elders and began to prepare a congratulatory gift.
