

## The Mightiest Little Peasant Chapter 2156

The Jiang family was one of the top-tier families in Pangu.

In the ancient times, the surname Jiang was famous and had produced many world-shocking mighty figures.

Today, the Jiang clan was still extremely prosperous and was on par with the ancient clans like the Shi clan and the Yao clan. Their Foundation was so deep that even the ancient orthodoxies of the 33 heavens did not dare to underestimate them.

At this moment, in the ancient city of the Jiang clan, several figures were sitting cross-legged in a Great Hall.

Their expressions were solemn and they were silent.

“Is this news ... True?”

A moment later, a black-robed old man broke the silence and spoke to the man sitting at the head of the table.

The stern-looking man was the Lord of the Jiang clan.

Lord Jiang looked at the Jade talisman in his hand and was a little dazed.

The information in the Jade talisman was too shocking. He still couldn't believe it.

“It can't be wrong! That kid is really at the 7th tribulation!”

He nodded, but there was a hint of bitterness in his tone.

The rest of the people gasped when they received this affirmative reply. Their expressions became more and more aghast, and then they smiled bitterly.

Four years!

It had only been four years!

That kid had advanced to the seventh tribulation!

This speed was too terrifying!

What was even more shocking was that the kid had just advanced and had defeated a veteran seventh tribulation warrior with overwhelming strength. This was also the most shocking thing for them.

In Pangu's history, geniuses emerged one after another. It was not that there had never been a case of someone who spent only four years to break through to the seventh tribulation from perfection.

However, it was absolutely rare for someone to defeat an experienced seventh tribulation cultivator as soon as he broke through.

The world-shocking geniuses of the ancient era were probably nothing more than this.

“This kid ... Is too demonic!”

Lord Jiang shook his head and sighed.

The rest of the elders nodded in agreement.

They had never seen such a demonic genius. He was clearly from the lower realm, but he was able to suppress all the geniuses of Pangu. Even the successor of the great void heaven was suppressed by him.

It had only been a dozen years since he went to the upper realm. In just a dozen years, he had risen from the third tribulation realm to the seventh tribulation realm, becoming a magnate.

For many saints, a dozen years was nothing. It was just a snap of a finger. Many six-tribulation saints needed decades or even hundreds of years to comprehend the Dao.

Yet, this kid had only used such a short time to surpass them.

This kid’s demonic talent was not only reflected in his cultivation talent and speed, but also in his shrewdness and wisdom!

He was clearly a young junior, but in this aspect, he far surpassed many old monsters. Back then, the hundred clan Alliance had been toyed around by him.

His astonishing talent, coupled with his wisdom, allowed him to have his current achievements. Neither of the two could be lacking.

“When I first saw that kid in chaotic World Mountain, I definitely didn’t expect that he would have such a day!”

Lord Jiang sighed.

He was one of the many 7th tribulation primordial spirits that descended and gathered in chaotic World Mountain.

“Hey! Who would have thought! I don’t think anyone in the entire Pangu continent would have thought that this kid would die in the chaotic World Mountain. In the end, not only did he not die, but he also had a fortuitous encounter and became even more powerful. ”

“After that, he offended young master Taixu, and everyone thought that he was going to die. But what happened in the end? he shocked the world with his battle at the ancient deity plateau!”

“After that, when he was going through his tribulation of Dao, many clans interfered. Everyone thought that he couldn’t make it, but in the end ...”

The black-robed old man said with a bitter smile.

“Al!”

When the few people in the hall heard this, they all sighed, feeling a little helpless and also a little bitter.

The Jiang family was also one of the hundred clan Alliance and had participated in all the operations against that kid. Naturally, they didn’t want to see this kid reach the seventh calamity.

“Now, who in this world can still control that kid? I think other than those few powerhouses, I’m afraid there’s no one else!”

“Yup! That kid can even defeat Sir God Xue Yin and he has a divine weapon that can help him escape. Even if we attack him together, I’m afraid it’s hard to stop him. ”

They were all a little remorseful.

If they had known that this day would come, they would not have participated in the hundred clan Alliance and made a deadly enemy of that brat.

Even if the Jiang clan had a deep foundation and powerful strength, it would still be very dangerous to provoke such a terrifying enemy.

He was still so young, but he already had such terrifying strength. In another ten or twenty years, he would definitely surpass all of Pangu’s seven tribulations. If he was given another hundred or two hundred years, he might even have the chance to break through to the great emperor realm.

Even if this brat only had a slight chance of breaking through to great emperor, he would still be a great threat to the Jiang clan.

“Seniors, don’t panic!”

Lord Jiang shouted in a deep voice.

“What’s wrong?”

The rest of the people looked at him.

“We still have a chance if we turn back now. Do you remember the genius from the ancestral star who was ferried to our Jiang family?” Lord Jiang said.

“I remember that girl. What happened to her?”

“The relationship between this girl and that kid is not shallow!” Lord Jiang laughed.

“Really?”

The old men were shocked at first, but then they were overjoyed.

This was great news!

“Of course! That’s why I’ve always had mixed feelings about that kid!” Lord Jiang replied, “in the beginning, I didn’t think much of that brat. I thought that with the combined power of the hundred races, I could easily kill him.”

“But later, that kid played us like a fool and his cultivation soared all the way to the late stage of the sixth tribulation. We could no longer suppress it. I realized that this kid might have the possibility of advancing to the seventh tribulation, but I didn’t expect him to advance so quickly.”

“But I’ve already made preparations for this. I’ve been taking special care of Wanying for the past few years, bestowing her with many treasures and giving her special treatment, all for today.”

As Lord Jiang spoke, the corners of his mouth curled into a smile.

He had already started preparing for a rainy day, but this day had come much faster than he had expected.

“Hahaha! Good! Good! Good!”

“Well done! In this way, our Jiang family can easily resolve the grudges with that kid and we can rest easy from now on!”

The group of elders laughed joyfully. The stone in their hearts was finally lifted.

“How many treasures did you give her? Just these few? Not enough! It was far from enough! Bestow a few more! Here, these are mine, give them all to her!”

“How’s her cultivation? What, only five tribulations? Why is there only so little? no! No! She’ll be an important figure in our Jiang family in the future. How can her cultivation base be so weak? come, take these pills and give them to her. You must improve her cultivation base. ”

Then, they began to ask about the girl’s situation. One after another, they took out all kinds of treasures and stuffed them into Lord Jiang’s hands.
