

The Mightiest Little Peasant Chapter 2175

After leaving the medicine garden, the two of them continued their search.

From the four corners of the immortal Palace, there were sounds of blasting restrictions. Occasionally, there were sounds of fighting and shouting. It was a fight between cultivators for treasures.

There were countless treasures in this immortal Palace. Elixirs, tribulation weapons, formations, and divine medicines could often be found in these halls, so it was inevitable that there would be fights.

Tang Hao looked around. He could clearly sense that there were more people in the immortal Palace.

When they first entered, there were at most two to three hundred people. Now, there were at least five hundred.

“We have to move faster!”

Ling Zhanxu furrowed his brows. “If we wait for more people, we won’t be able to snatch the treasure!”

As he spoke, he swept toward a Palace beside him and raised his spear.

Tang Hao followed him. The two of them fought for a while before they finally broke the restrictive spell and entered the hall. They found many tribulation weapons.

Then, the two of them went to the next Palace Hall without stopping.

Now, they had to race against time. Only then could they grab more treasures.

As for the core of the celestial Palace, they weren’t worried at all. Once the core appeared, it would certainly cause a crazy fight, and they would definitely be able to detect it.

After sweeping through another Hall, the two of them came out and were about to head to the next Hall.

At this moment, they heard a commotion not far away.

He looked up and saw that the roof of a Hall had exploded. Rays of divine light rushed out. Behind these divine lights, seventh tribulation cultivators rushed out one by one and chased after them.

“Don’t run!”

“Stop!”

As these seven tribulations chased, they shouted.

“Eh? What’s the situation?”

Ling Zhanxu was stunned.

Tang Hao narrowed his eyes and looked over.

In the next moment, his expression changed slightly. Those divine lights were Clearly White, tender, and chubby babies. They were shrouded in a white mist and emitted a refreshing medicinal fragrance.

“It’s a pill with a spirit!”

Tang Hao said in a low voice.

“This is a good treasure!”

Ling Zhanxu’s Tiger-like eyes brightened up as he exclaimed in joy.

With that, he stomped his feet and rushed out, pouncing towards one of the divine lights.

Tang Hao’s figure moved. Ye Cha activated and instantly disappeared into the void. When he reappeared, he was already next to a divine light.

“Little guy, don’t run!”

Tang Hao chuckled. He reached out and grabbed the chubby child.

The doll struggled and wailed loudly.

Tang Hao quickly took out a talisman and stuck it on her forehead, then put it away in the immortal execution king ring.

Then, he looked around and found that many of the divine lights had been collected by the xiuzhe. Some were especially slippery and had not been caught, but there were several xiuzhe chasing behind.

“Eh? Why does that doll look a little different?”

Suddenly, Tang Hao’s eyes focused on one of the divine lights.

The baby in this divine light was a little different. The other babies were white and tender, and a little fat, but this one was especially thin, and his skin was golden. When he sensed again, this baby didn’t even have the aura of a pill.

“This isn’t a pill that can form a spirit!”

Tang Hao was surprised.

“That’s the book spirit!” Ling Zhanxu shouted.

“Book spirit?”

Tang Hao was shocked. His expression changed the next moment.

Since it could give birth to a book spirit, it was definitely not an ordinary ancient book. Since this book spirit came out with a bunch of medicinal pills, it must be related to alchemy.

This ancient book must be the alchemy Scripture left behind by the great Yan immortal venerable!

Tang Hao did not even think and rushed out.

He had to get his hands on this alchemy Scripture.

The group of cultivators who were chasing the book spirit changed their expressions when they saw Tang Hao. They recognized the young divine Lord Tang.

However, they had no intention of retreating. In the face of such a treasure, there was no reason to be modest.

“Let me help you, Tang kid!”

Ling Zhanxu shouted and also rushed forward.

At this time, many xiuzhe from all four sides also noticed this dan Scripture.

Whoosh! Whoosh! Whoosh!

From all directions, divine light continued to sweep over, all of them aiming for this alchemy Scripture.

Boom! Boom! Boom!

In the pursuit, many xiuzhe had already started to move.

Tang Hao furrowed his brows as he looked around.

There were too many people!

There were at least fifty to sixty people fighting for the Scripture. Many of them were powerful old monsters, much stronger than old demon Xue Yin, who had only twenty to thirty drops of immortal blood.

And among these seven tribulations, there were many that were forty to fifty drops, and even stronger.

With his current strength, he was no match for them.

“Fortunately, I have ye Cha. I still have a chance!”

Tang Hao’s mind flickered. He activated ye Cha and disappeared into the void. The next moment, he appeared next to the book spirit. He reached out and grabbed it.

“Hmph! Don’t even think about it!”

With a few cold snorts, a seventh tribulation old monster raised his hand, and his celestial core power turned into a huge handprint that slapped over.

Tang Hao's expression changed. He retracted his hand and retreated into the air.

After hiding for a moment, he attacked again, but he was forced back.

"Hmph! Little brat, you think you can snatch this alchemy Scripture?"

Li Changhe, the sect master of the Qingyuan sect, was among the people who had attacked.

When Tang Hao appeared, he wielded his ancient sword and slashed at him, forcing Tang Hao to retreat.

He sneered with a mean and mocking expression.

"This treasure is not something a junior like you can touch!"

He laughed coldly again, and his body flashed as he chased after the book spirit.

"Tsk!"

Tang Hao, who was hiding in the void, was a little angry.

The sect master of the Qingyuan sect was really annoying.

"I'll stay here and let them fight for a while!"

Tang Hao didn't attack again. He remained hidden in the void and watched.

Now that these old monsters were on guard against him, he had no chance to make a move. Once he showed his face, he would be targeted, especially by the sect master of the Qingyuan sect, who had been deliberately targeting him. He had no chance to make a move now.

Only by waiting for these people to fight for a moment and take advantage of their carelessness would he have a chance.

"Woof! Not coming out? He ran away? Hahaha! This kid has no balls!"

Li Changhe laughed mockingly when Tang Hao did not show up after a while.

At this moment, after circling half the immortal Palace, there were not many people left chasing after the book spirit. There were only seven people left, and Li Changhe was one of them.

After chasing for a while more, the seven of them looked at each other and, as if they had a tacit understanding, they attacked at the same time, aiming for the book spirit.

A strong suction force appeared in their palms, pulling the book spirit towards them.

The seven powers acted on the book Spirit's body at the same time, pulling and twisting its body.

"The pill Scripture is mine!"

"Hmph! It should be mine!"

Then, the seven of them activated their treasures and attacked each other.

As they attacked each other, they pulled the book spirit. The book spirit would go this way for a moment and then that way again, constantly swaying.

"Ah!"

A low cry.

A xiuzhe was attacked by two people and kicked out of the game.

Then, more and more xiuzhe were eliminated.

In the end, there were only three people left.

While the other two were fighting, li Changhe pulled the book spirit over.

The other two instantly came to their senses and were about to stop him, but it was too late. The book spirit was about to fall into li Changhe's hands.

"Hahaha! This alchemy Scripture belongs to my Qing Yuan sect!"

Li Changhe laughed out loud with a smug look on his face.

"You want to steal the pill Scripture? You're dreaming!"

However, at this moment, a cold snort exploded from the void beside them. The next moment, the void split open and a figure in black armor appeared. He held the divine halberd in his hand and slashed down.
