

## The Mightiest Little Peasant Chapter 2176

“It’s you!”

Li Changhe exclaimed in shock.

He had thought that the kid had already given up and was forced to leave by him. He did not expect that the kid was still hiding at the side, coveting the alchemy Scripture.

“Hmph!”

Then, he snorted coldly and a sneer appeared on his face.

A mere newly advanced divine Lord dared to attack an elder like him. He was really overestimating himself!

He, Li Changhe, was not old demon Xue Yin. He cultivated the great Dao, which was not restrained by the Supreme treasure of Buddhism. Moreover, his cultivation was higher, and he had condensed more than forty drops of immortal blood years ago. It was a piece of cake to deal with this kid.

His strength was a crushing existence to this kid!

He could defeat this kid with a flick of his finger.

“What peerless genius? a future peerless powerhouse! Hmph! In my eyes, you’re nothing but an ant! It can be destroyed with a flip of the hand!”

He looked at the figure coldly, raised his hand, and flicked his finger.

His eyes were indifferent, filled with strong disdain and ridicule.

He was very confident in his own strength. This casual flick was more than enough to defeat this kid. As for killing him, it would not be easy. After all, they were both at the seventh tribulation. Moreover, this kid had a night owl, which was very difficult to kill.

However, it was not bad to be able to defeat this kid and humiliate him.

As he thought of this, the corners of his mouth twitched and he revealed a cold smile.

However, in the next moment, he was stunned. The smile on his face froze.

His eyes suddenly widened, revealing a strong shock and a dull look.

In his line of sight, an extremely bright golden light appeared. It was the light from the boy’s head. In this bright golden light, a golden figure emerged. It had golden armor and golden eyes. Even its skin was golden.

He held a halberd in his hand and exuded a vast might of heaven and earth. Together with the kid, they slashed at the general.

“Seven ... Seven tribulations ...”

Li Changhe cried out in shock.

His face was filled with disbelief.

This golden figure was also at the seventh tribulation, and all the treasures on him were Supreme artifacts!

What made him even more frightened was that the face of this seventh tribulation was exactly the same as that boy. This also meant that this was a clone.

But, how was that possible!

This brat himself had just advanced, how could he have a 7th tribulation clone?

A seventh tribulation clone was extremely precious. Ordinary seventh tribulation cultivators did not even have one. Even Li Changhe did not have one. This was because a seventh tribulation clone was too difficult to create. The amount of energy and essence it took was incalculable.

While he was in a daze, the two halberds came down and instantly shattered his finger.

“Li, this fist is a greeting gift for you!”

Tang Hao put away the King Roc divine halberd. He clenched his right hand into a fist and punched Li Changhe’s face.

At this moment, he activated the five drops of chaos blood in his body, the moonlight Treasure King body, and the God spirit bone in his chest to the maximum.

This punch was so powerful that it tore through the void. Under Li Changhe’s terrified and aghast gaze, it slammed down heavily.

Bang!

A deafening explosion.

Although he had celestial core power to protect his body, the punch still hit him. Li Changhe’s face was distorted and caved in. Blood spurted out of his mouth and nose. His body spun like a spinning top and flew backward, smashing into a Palace.

The surroundings suddenly fell silent.

The two other seven tribulations who were about to fight for the book of elixirs stopped in their tracks and revealed a dazed look.

In the distance, the seven tribulations that were chasing after him also stopped, their faces blank.

They were all in a daze.

Oh my God!

What did they just see?

The sect master of the Qing Yuan sect, a rather famous expert among the seven tribulations, had been punched in the face by a kid who had just advanced and was sent flying?

And he even vomited blood!

The blood was bright red and extremely eye-piercing!

“F \* ck!”

Ling Zhanxu, who was chasing after them, was also dumbfounded.

This li Changhe was very strong. In terms of cultivation, he was much higher than him. The two of them had been fighting for so long, but he had not gained any advantage. He did not even dare to think about hitting him in the face like this.

However, this Tang kid did it. His punch was fierce and powerful!

“Awesome!”

He slapped his thigh and laughed so hard that he was going crazy!

Tang kid was on his side, so if Tang kid smashed his face, it was equivalent to him smashing it.

“Li Changhe, Oh li Changhe, you didn’t expect this, did you? To think that you would have such a day! Hahaha! Let’s see if you still have the face to show off in front of me in the future!”

Ling Zhanxu couldn’t help but laugh out loud. He was extremely happy.

“Ah, Yingluo!”

An earth-shattering roar.

Li Changhe shot up from the ground. His hair and beard were all standing on end, and his expression was one of madness.

He, li Changhe, had cultivated for so many years, but he had never suffered such humiliation before!

If he didn’t hack this kid into a thousand pieces, it would be hard to dispel the hatred in his heart!

“Die, you stinky brat!”

He roared and activated his ancient sword, slashing madly.

In an instant, the entire world was filled with sword radiance. The boundless sword Qi transformed into wild dragons that pounced toward Tang Hao.

“This old man Li is going crazy!”

“Quickly Dodge!”

All the seven tribulations cultivators in the surroundings let out a low cry and retreated.

Even they were afraid of such a sharp sword Qi.

Tang Hao rolled his eyes. He reached out and grabbed the book spirit. Then, he activated his night nightmare and returned to the void.

Unless he was out of his mind, he wouldn't fight this guy head-on. He only had five drops of immortal blood, so how could he be a match for an old monster who had more than forty drops of immortal blood?

“Stinky brat, don't run if you have the guts!”

“Bastard! Come out!”

Li Changhe roared madly at the void in all directions.

“Al! How pitiful!”

“Isn't that so! In any case, he was still a senior. After underestimating his enemy, he was smashed in the face by a junior. Where would he put his face? All his reputation will be destroyed by this punch!”

“That kid ... Is too terrifying! I saw it clearly just now. His origin core avatar has also reached the 7th tribulation! The main body and the clone are equivalent to two 7th tribulation experts!”

“Maybe it's because of some fortuitous encounter! There are too many treasures in this immortal Palace!”

All the cultivators discussed in low voices.

They looked at the deranged Li Changhe with pity in their eyes.

When they mentioned divine Lord Tang, they were all shocked and reverent.

Although divine Lord Tang had just been promoted, his strength was still quite impressive. He was not to be trifled with!

“Brat, where are you? Come out! I, li Changhe, won’t rest until you’re dead!”

Li Changhe was still searching around as he roared madly.

Soon, all the seven tribulations in the immortal Palace knew about this, and they were all shocked.

At this time, Tang Hao had already met up with Ling Zhanxu. He took out the scroll of the universe and they were both hidden in the void.

Then, Tang Hao took out the book spirit and subdued it, turning it back into a Golden Book.

“The great Yan elixir Scripture!”

On the cover, there were these four golden ancient words.
