

The Mightiest Little Peasant Chapter 2187

“We didn’t seize the opportunity in the past. It’ll be difficult to deal with him now!”

The night patriarch sighed.

The medicine master and the others also shook their heads, feeling troubled.

A peerless genius with unparalleled talent and the support of a huge force was too troublesome!

For a moment, they could not think of any way to deal with him.

“By the way, brother ye, didn’t you just say that the kid crippled young master Taixu?”

Suddenly, li Changhe seemed to have thought of something.

“That’s right!” The night Lord nodded. “With the immortal blood taken away, he’s no different from a cripple!”

“Isn’t that a good thing?” li Changhe said happily. The great void heaven already had a grudge with that brat. After the battle at the ancient deity plateau, the great void heaven lost all face. Now that the eldest young master is crippled, this grudge is even deeper. ”

“You mean ...?” The night patriarch hesitated.

“That’s right! Since the great void heaven is the same as us and has a deep hatred for that brat, we might as well join forces. With the great void heaven joining us, we will have a chance to deal with that brat!”

Li Changhe said darkly.

“Daoist li is right. With our strength, we are far from being able to compete with that kid and the force behind him. We can only ally with a top orthodoxy like the great void heaven!” The medicine master nodded.

“With the great void heaven joining us, we will definitely be able to deal with that brat. Even though the Shi clan and Jiang clan are strong, they can not be compared to a power like the great void heaven. Furthermore, they will not risk their lives for that brat. The help they can give that brat is limited.”

“That Vermillion Bird heaven is only slightly related to that brat. If the great void heaven were to make a move, Vermillion Bird heaven might not help that brat.”

“That’s right! The only connection between Vermillion Bird heaven and that kid is young master Li, but young master Li is still in seclusion, so Vermillion Bird heaven won’t take the initiative to help that kid. ”

The others were discussing.

“This is feasible!” The night patriarch pondered for a moment and nodded, “given the enmity between great void heaven and that brat, they will definitely agree to work together with us. This way, our chances of success will be much greater.”

As he said that, his tightly furrowed brows finally relaxed.

The others also looked a lot more excited.

The great void heaven was one of the top forces in the world. It was a behemoth that was above all the races in the universe. There were many 7th tribulation cultivators in the sect and they had a deep foundation. They even had an 8th tribulation venerable sovereign.

With such a strong support, their confidence was greatly boosted.

“This great void heaven ... In the past, the elders did not make a move because they were concerned about their reputation. They had always been hoping that the eldest young master would kill that kid. Who would have thought that they had raised a Tiger and brought disaster upon themselves? I think they are probably regretting it now.”

“There’s nothing we can do about it. The great void heaven is the same as us. Previously, they didn’t even put that brat in their eyes. Now, it’s different. They’ll definitely go all out.”

“However, even though there are many seven tribulations of the great void heaven and many experts in the hundred Blood Realm, it will not be easy to kill him. It would be great if the great void sect master could do it himself.”

They discussed the great void sect master.

“The great void sect master? Hahaha! Daoist Wai late, You must be joking! How could such a noble person attack for a mere seven tribulations!” The medicine master said with a smile.

Master Yuchi frowned. “I’m also afraid that we won’t be able to deal with that brat. Instead, we’ll let him grow stronger. By then, even the great void sect master won’t be able to kill him.”

“Hahaha! Brother Yuchi, you’re worrying too much. That kid has only just passed the 7th tribulation, which is different from the 6th tribulation. Give him a few hundred years, I’m afraid he won’t even be able to touch the 8th tribulation.”

“That’s right, is the eighth tribulation so easy to cultivate? Daoist Yuchi, you’re overthinking!”

The cultivators immediately burst into laughter.

If that kid could cultivate to the realm of ten blood or hundred blood, they would not doubt it at all. But eight tribulations? That would be a delusion!

The night Lord laughed. “There’s no need for someone like the great void sect master to make a move. As long as the elders of the great void sect join forces with us, we’ll have a chance!”

After a pause, he raised his head and looked up at the sky.

“Furthermore, the great void sect master has more important matters to attend to. He has to stop that old demon Xue so that we have a chance to kill that brat!”

When everyone heard this, they were stunned.

They had almost forgotten that there was another eighth tribulation venerable sovereign behind the kid.

“One old demon blood is already hard enough to deal with. That brat ... I can't let him continue to grow. Otherwise, he will become another old demon blood one day!” The night patriarch said in a deep voice.

The medicine master and the others nodded, their expressions turning serious.

“Now, let's go to the great void heaven and pay a visit. We will discuss the matter of cooperation and how we should kill that kid!”

The night Lord said.

“Alright!”

The cultivators replied.

Then, the ship changed direction and headed toward the Trayastrimsa heaven.

“Fellow Daoists, please wait!”

At this moment, a low shout came from the side of the ship.

The night patriarch and the others were stunned and they all looked over.

In the next moment, a ripple appeared in the void, and four figures walked out.

The four of them were filled with evil Qi. They were old demon Xue Yin and the others.

“It's you! Old demon Xue Yin!”

The night patriarch and the rest recognized the four of them at a glance.

Then, they came to a realization.

Old demon Xue Yin was the same as them, he had a deep hatred for that kid.

“Fellow Daoists, you're also vexed over how to deal with that kid, right? What a coincidence, we are the same! Although we've always been on two different sides, we have a common enemy now. Why don't we join forces?”

Old demon blood Yin shouted.

“Hahaha! Good!”

“Fellow Daoists, you’ve come at the right time. Please board the ship! We are about to head to the great void heaven to discuss ways to kill that brat. It is great to have you guys join us!”

The night patriarch and the others laughed.

These people’s cultivation levels were generally not high, and they had all condensed 20 to 30 drops of immortal blood. However, they were still at the seventh tribulation, and could help a lot.

At this time, an additional 7th tribulation was an additional power to contend with the huge force behind that kid.

“Hahaha! Everyone is really happy!”

Old demon Xue Yin and the others laughed and boarded the ship.

“So it’s the ancient Sage fruit! No wonder!”

“That brat actually obtained such a divine item. His luck is still so good!”

Both sides quickly exchanged information.

After learning that the kid had obtained a saint’s fruit and many half-transformed divine herbs from the immortal Palace, their expressions turned ugly.

With so many half-transformed divine herbs, that brat’s cultivation would rise by quite a bit, making him even more difficult to deal with.

“Let’s not delay any further, we will immediately head to the great void heaven! We can’t delay this any longer. We have to kill that kid as soon as possible!”

The night patriarch was getting more and more anxious.

That brat’s terrifying speed of improvement made him extremely terrified.

At that moment, the warship increased its speed and rushed towards the great void heaven at its fastest speed.
