

The Mightiest Little Peasant Chapter 2216

“Everyone, we’ll meet again!”

Tang Hao smiled calmly. His body flickered, and he disappeared into the spatial ripples.

He pierced through the void and rushed out of the cursed sky before the people from the cursed sky completely sealed the exit.

Then, he traveled through the void several times and returned to the desolate north as fast as he could.

Tang Hao heaved a sigh of relief when he landed on the creation peak.

This trip was still quite dangerous. After all, he had to sneak into the cursed sky. Before him, no one had dared to do such a thing. If he had been a little slower just now, he would have been trapped in the cursed sky. Then, he would have become a turtle in a jar.

The divine curse heaven was a middle world and was different from an ordinary small world. Furthermore, there were many formations within it. Even with ye Xi, once the exit was completely sealed off, he would be trapped inside until he died.

“Hahaha!”

He took out the purple jade box and laughed.

With the Scripture in hand, the plan this time could be considered a complete success.

With this Scripture, he would be able to set up more god statues and greatly perfect his immortal abode!

“I’m afraid they didn’t expect me to sneak into the sky of Holy curses!”

Tang Hao could not help but smile when he recalled the shocked expressions on the faces of the medicine master, the divine curse young master, and the others when they attacked just now.

According to the original plan, he was not going to sneak into the cursed sky as it was too risky. However, when he saw that the medicine master had brought li Changhe and the others with him, he could only change his plan and follow them into the cursed sky. It was a risky gamble.

He would only have a chance to get the Scripture before it fell into the medicine master’s pocket.

“The divine incantation heaven will definitely be furious that the Scripture has been stolen. They might send someone down here. I think it’s better to inform senior Yun Qing and ask him to seal the mountain!”

Tang Hao pondered for a moment, then went to see Yun qingzi.

Then, he returned to his cave and sat down with his legs crossed. He took out the Scripture, took out his immortal abode, and began to erect the statue of the god.

At this moment, the cursed sky was in chaos.

Clang clang clang!

The sound of the bell reverberated throughout the entire middle world.

Countless beams of immortal light flew across the sky, releasing powerful divine senses to search for the traces of the invader.

“Where is that kid?”

“I must find him! Kill him!”

The elders of the heaven of Holy mantras were all furious, and their killing intent was shocking!

In the past tens of thousands of years, no one had ever dared to break into the cursed sky and cause trouble. This kid was the first!

This was also a disgrace to the cursed sky!

For a top-notch orthodoxy to allow someone to barge in so easily and take away their treasures ... If word of this got out, wouldn't the world laugh their teeth off? what face would he, the God curse heaven, have?

“You still haven't found him? Trash! You're all a bunch of trash!”

“I'm so angry!”

In the main hall, the cursed young master kept roaring, and he flew into a rage.

His face was so livid that it was terrifying. It was completely distorted and ferocious.

He had actually been used by that fellow and had even been ruthlessly slapped in the face. A moment ago, he had been celebrating their victory in advance with the medicine master and the others, but the next moment, that fellow had appeared in his divine curse heaven Hall and snatched the treasure from him.

How embarrassing was this! What a disgrace!

“And you guys, are you all idiots? He didn't even know that he was being used by that guy. If it weren't for you guys, would he have been able to get the Scripture?”

The divine incantation young master looked at the medicine master and the others with an embarrassed expression.

The medicine master and the others stood there, speechless.

“What is going on?”

The medicine master furrowed his brows, extremely confused.

All of this was too inconceivable!

First of all, how did the kid know that they would take the bait? second, how did he know their whereabouts and appear just as they were handing over the Scriptures, snatching them away in one fell swoop?

Could it be that the kid had been lying in ambush outside the cursed sky all this time and only sneaked in after seeing them enter the cursed sky?

“Something’s wrong!”

The medicine master had a vague feeling that things were not that simple.

But what was wrong? he couldn’t tell. That kid couldn’t be a true God to the point of being able to predict the future and calculate everything, right?

“Young master, it’s my fault this time. I underestimated him!”

The medicine master spoke, his heart filled with bitterness.

He had failed once again. He had been completely fooled by that kid.

His plan had also been ruined. That kid had obtained the Scripture, and his strength would definitely increase dramatically. He would be even more difficult to deal with.

“Young master, we’ve searched everywhere, but we didn’t find him. He has ye Cha. I’m afraid he had already escaped before the exit was sealed!”

After a thorough search, the Group of Seven tribulations returned empty-handed.

“This bastard!”

“F * ck!” The cursed young master cursed, and his expression turned even uglier.

“This guy is really lawless. He even dares to break into our God curse sky! You really don’t know what’s good for you!”

The Group of Seven tribulations elders cursed in anger.

“Young master, why don’t we gather all our disciples and go down to raze the creation sect to the ground!” Some elders even shouted angrily.

“This bastard, I will deal with him sooner or later. However, now is not the time!”

The cursed young master said.

“The gate of fortune isn’t that easy to destroy. The gate of fortune used to be on the same level as the cursed sky. They have a deep foundation. Otherwise, how could they have survived until now?”

“Moreover, this guy is as cunning as a Fox and has many tricks up his sleeve. How can he be so easy to deal with! If we want to deal with him, we need to plan carefully!”

As he spoke, he looked at the medicine master and said, “From now on, count the cursed sky in on any plans to deal with that guy.”

“Alright!”

The medicine master said happily.

Although he had lost a Scripture, he had gained something from the divine incantation heaven’s participation.

Now, not only did they have the support of the great void heaven, but they also had the heaven of incantations. Among the 33 heavens, two orthodoxies were already on their side. With the addition of the untainted tribe, he did not believe that they would not be able to deal with that kid with their powerful strength!

“With the full support of the divine curse realm, we can definitely kill that kid!”

Li Changhe laughed.

“Don’t be happy too early. You’ve seen how difficult it is to deal with that guy!” The cursed young master snorted angrily.

Li Changhe and the others immediately laughed and no longer spoke.

“Bring me to the night Lord, we’ll have a good plan!”

The cursed young master said.

“Yes, master!” The medicine master responded and hurriedly left the divine curse heaven with the divine curse young master to see the night Lord.
