

The Mightiest Little Peasant Chapter 2257

“That’s a saber. Although it looks a little strange, it’s definitely not an ordinary item. It must have a great origin!”

The old demonic Dragon said.

“Saber? What does he look like?”

The voice asked.

“This ...”

The old demonic Dragon hesitated for a moment, not knowing how to answer.

In terms of appearance, the saber was really a little shabby and ugly beyond words.

“It’s a little short, about this!” The old demonic Dragon raised his hand and gestured, but he couldn’t bring himself to say the word ‘butcher knife’.

“Are you sure?”

The voice from below grew excited.

The old demonic Dragon was stunned. Judging from this senior’s reaction, why did he seem to recognize this treasure?

“I can’t be wrong! I remember it very clearly! I left such a deep impression!” The old demonic Dragon said.

“Hahaha! That’s great! That’s great! The heavens are really helping me!”

In the abyss, the demonic Qi surged violently, and laughter came out.

As the laughter rang out, the entire abyss and even the entire seabed trembled.

It seems that senior really recognizes it, but what kind of treasure is this? how can it make a figure like senior so excited?

The old demonic Dragon became more and more curious.

“Senior, what is that treasure? Could it be a Supreme artifact that can be compared to the great Dao Bell?”

The old Demon Dragon said in a low voice.

“A Supreme artifact?”

The laughter stopped abruptly, and then a disdainful sneer was heard. "In front of it, a supreme weapon is nothing. Even the bell of no beginning is just a piece of junk."

Si si si!

The old demonic Dragon couldn't help but gasp.

It was not a Supreme artifact, but it was even stronger than the great Dao Bell. Could it be ... A celestial artifact?

He was in disbelief. How could such an ugly and broken saber be a celestial artifact?

However, he had to believe it. After all, this was an ancient venerable sovereign, who was more knowledgeable than him.

"A celestial artifact! It's actually a celestial artifact!"

He mumbled to himself in a daze.

A celestial artifact! That was a celestial artifact! Only the most ancient orthodoxies like the thirty-three heavens had one of the most top-notch treasures in the world.

Every fairy weapon had great power and could destroy the world. No matter how powerful a supreme weapon was, it was nothing in front of a fairy weapon. They were not on the same level at all.

No matter how strong a supreme weapon was, it was made by a Saint and could not be compared with a true immortal.

When he thought about how he had brushed past such a treasure, he was so remorseful that his intestines were about to turn green.

"Why am I so blind that I can't recognize this celestial artifact?"

The old demonic Dragon wanted to slap himself.

Back then, that brat was only at the middle stage of the 6th tribulation, so he could have easily killed him and seized his treasures. But now, he had no chance at all.

"I've only heard of this treasure before, but I've never seen it with my own eyes. I didn't expect to be lucky enough to encounter it after sleeping for 10000 years. If I can get this treasured saber, even if my cultivation hasn't recovered, my strength will surpass my peak. I won't be afraid of the thirty-three heavens at all!"

The voice laughed.

"In terms of cultivation base and divine power, senior should be the strongest. Those 33 heavens 'Dao Lords are just touched by the grace of their ancestor and have a fairy weapon to use. If senior also gets a fairy weapon, they will all be defeated by senior."

The old demonic Dragon took the opportunity to flatter.

“Well said. In my eyes, those Dao Masters are all trash. If they didn’t have fairy weapons to protect themselves, I would have devoured them one by one. In that battle, they joined forces and even relied on the power of fairy weapons to severely injure me. Otherwise, I wouldn’t have fallen into such a state.”

“The heavens are helping me this time. Once I retrieve this treasured saber and recover my cultivation, I’ll definitely kill my way up to the 33 heavens and wash their mountain with blood.”

The voice said with hatred.

As he spoke, the demonic Qi surged and turned into a huge vortex.

In the middle of the whirlpool, a blurry figure appeared. It had the shape of a human, but it had horns. Its entire body exuded a demonic Qi.

The old demonic Dragon looked at it and felt his Soul Shake. He couldn’t help but tremble.

This was an eight tribulation demon Emperor! A legendary expert from ancient times!

Just by looking at it, he had a feeling that his divine soul was about to be torn apart.

He hurriedly lowered his head and bowed, not daring to look at her again.

“You, very well! If this Emperor obtains the celestial treasure, I will definitely not forget your contribution. You will follow this Emperor from now on!” The demon Emperor raised his eyes and looked over.

“Many thanks, senior!”

The old demonic Dragon was overjoyed and quickly thanked him.

With an eighth tribulation expert as his backing, he could do whatever he wanted in Pangu.

“Let’s go get the treasure first! After I get it, I’ll have to study it for a while before I can find a way to control it. It’ll take a lot of time. ” “Where is that kid called Tang Hao?” the demon Thearch asked.”I’ll go kill him now!”

As he spoke, he walked out of the vortex, and his blurry figure became more and more solid.

“He should be at the gate of fortune!” The old Demon Dragon replied.

“Gate of fortune?”

The demon Thearch was taken aback.”I have some impression of this orthodoxy!”

“In senior’s era, the gate of fortune still had some influence. But now, the gate of fortune has long since withered. It can’t even be considered a third-rate force. It was only after this kid joined that the gate of fortune started to revive.”

“However, even though the gate of destinies has declined, it still has some Foundation. There are many arrays protecting it, making it difficult to break through.”

The old demonic Dragon said.

The demon Thearch nodded.

The mountain gates of such ancient orthodoxies were mostly not easy to deal with.

“Senior, we’re not in a hurry. Since it’s not easy to break in, we’ll wait for that kid to come out. He can’t stay in the creation gate forever. He’ll come out one day. When he comes out, it’ll be his death!”

The old demonic Dragon said ferociously.

“Alright!” The demon Thearch said, “go near the creation gate and keep an eye on that kid. Once there is news, inform me immediately. I will go out and take a walk. After sleeping for so long, it is time to go out and take a look.”

With that, his figure swept up.

The old demonic Dragon responded and quickly followed.

Tang Hao had returned from the North Sea.

This trip with Master Li, his harvest was not small. Half a Phoenix perch wood, hundreds of high-grade tribulation artifacts, including 8th tribulation Emperor artifacts, and that ice sea divine iron ore. They were all good treasures.

“I’ll just take a section of this Phoenix perch wood and cultivate it. The rest will be used to refine artifacts. I don’t have much use for these tribulation weapons and this ice sea divine iron ore, so I’ll give them all to senior Yun Qing.”

Tang Hao only took a section of the Phoenix-dwelling tree and planted it in the cave abode, while he gave the rest to Yun qingzi.

Then, he took out the body of the sea Dragon.

“Red braised? Or is it better to steam? Why don’t we try every one of them?”

Tang Hao thought about it for a while, then decided to try every method.

He immediately divided the sea Dragon meat into several portions, cooked it in various ways, and then ate it up.

“This old man’s cultivation is not bad!”

Tang Hao rubbed his belly after he had eaten his fill. He looked satisfied.

With so much flesh in his stomach, he condensed another drop of immortal blood.

“Oh right, how could I have forgotten? there’s still an egg!”

Tang Hao finally remembered the true phoenix egg.

“This egg ... How should I hatch it?”

He took out the egg and placed it in front of him. He was in a difficult position. He had never hatched the egg of a true dragon or a true Phoenix. This was his first time.
