

## The Mightiest Little Peasant Chapter 2273

A few days later, a grand celebration was held on the creation peak.

After another half a month, Zao huaizi successfully passed the Tribulation and advanced to the seventh tribulation.

This lightning tribulation was to be carried out at the North Sea and many people came to watch. Ling Zhanxu, Yu Shijie and the others were all here. There were also many monarch-gods from other races. There were more than a thousand people who came to watch the lightning tribulation.

“Sect master creation, congratulations!”

When creation master successfully transcended the Tribulation, these divine Lords came forward and congratulated him.

“Fellow Daoists, thank you!”

Zao huaizi thanked them one by one as a sign of respect.

He also knew that the reason why these people were so polite to him and gave him so much face was entirely because of elder Tang. Otherwise, with his identity and status, how could so many Sir gods come to congratulate him personally?

After sending off these divine Lords, Zao Huazi heaved a sigh of relief.

“Finally, the seventh tribulation! Next, I should return to the sect and meet the spirit of creation!”

Said Zao Huazi.

“Two Sir gods. One of them has 3000 drops of immortal blood. There are more than 700 sixth tribulations and 500 of them are creation divine bodies. Even the Dao of creation in the ancient times did not have so many divine bodies. Your wish will definitely come true.”

He returned to the gate of fortune with Tang Hao.

The two of them landed before the gate of destinies.

Zao Huazi took out the Ring of Fortune and opened the gate of destinies a little.

A moment later, the voice of the Spirit of creation came from the door.

“Elder Tang Hao has made great contributions to the sect’s development and revived it. His wish has been fulfilled. He is qualified to choose any treasure from the sect!”

“It’s done!”

Said Zao huaizi in delight.

“Tell me, what treasure do you want?”

The voice of the Spirit of creation came from the door again.

“The ten-sided compass!” Tang Hao said without thinking.

“Alright!”

The spirit of creation responded.

The next moment, a beam of golden light shot out from the door and landed in front of Tang Hao.

A palm-sized compass emerged from the golden light and floated in front of Tang Hao.

“This is the compass?”

Tang Hao looked at Zao Huazi.

“That’s right! This is it! The compass!” The beggar looked at it and nodded. “This compass and the creation divine boat were originally one. Later, it was damaged, so it was removed from the divine boat. After repairing it, I put it in this treasure house.”

“With this compass, we have hope of finding the divine creation boat!”

Tang Hao took the compass and mumbled, “I wonder if the divine boat is still in good condition? And where is it?”

The beggar frowned and said, “it’s hard to say. The disappearance of the 23rd generation of the beggar must have been a disaster. Moreover, this disaster is not ordinary. You must know that the current generation of the beggar has the cultivation of the eighth tribulation. He also has a precious treasure like the divine boat of fate.”

“However, the divine boat of creation is not an ordinary treasure. It is a peerless killing weapon created by gathering the wisdom of the entire path of creation. It is comparable to an immortal weapon. Even a ninth tribulation might not be able to damage this treasure.”

After a pause, he continued, “even if the divine boat is damaged, we can still find the wreckage. Following the divine boat, we can still find the lost sect leader’s token, the real creation ring. With the creation ring, we can control the gate of destinies and take out all the treasures inside.”

“This place contains tens of thousands of years of the path of creation’s accumulation. There are more than billions of treasures inside. Even the 33 heavens drool over them. With these treasures, our cultivation will improve further. The strength of the entire creation gate will also increase by another level.”

“That’s true!”

Tang Hao nodded when he heard that.

Even if the divine boat was destroyed, he would still have all the treasures in the door. He would not lose out.

“Let’s hurry and see where the divine creation boat is!”

Tang Hao handed the compass to him.

Zao huaizi took the compass and fiddled with it. The compass began to move, and the needle on it began to spin randomly.

After a while, the needle stopped, pointing in the sky.

“It seems like he’s in the outer region of the void!” Tang Hao said.

He wasn’t surprised at all. A place that the descendants of creation sect couldn’t find after searching for so long could only be in the endless void outside the region.

Zao huaizi nodded his head with a grave expression.

“Let’s call senior Ling and the others. The more people we have, the higher our chances!” Tang Hao said.

“Alright!” “Yes!” Zao huaizi replied.

The two of them made some preparations and set off to pick up Ling Zhanxu and the others. The group of more than ten people boarded a large ship and entered the outer region void.

Zao Huazi stood at the bow of the ship, holding the compass in his hand and pointing out the direction.

“Divine boat of creation! That’s a good thing, a super killing weapon from the ancient times. Half of your creation sect’s reputation in the past came from this treasure. I heard that in the ancient times, a single shot from this thing could destroy a medium-sized sect. Its power is terrifying.”

Ling Zhanxu and the rest stood at the back and discussed the divine boat of fortune.

They were all excited. They had all heard of the divine boat of creation and wanted to see it for themselves.

The warship galloped forward and gradually entered the void.

“He’s not here yet?”

Ten days later, the ship still hadn’t stopped.

“We’re still far away!”

Said Zao huaizi as he looked at the compass in his hand.

Tang Hao furrowed his brows when he heard that.

Another ten days passed, and the ship had already reached the depths of the void.

“What’s that?”

After flying for another half a day, a vortex appeared in the void in the distance.

The vortex was huge. From a distance, it looked like a giant black hole.

However, it was not like Tang Hao had never seen a black hole before. He had seen countless black holes in the lower realm, and even the biggest one was not even one-ten-thousandth of the one in front of him.

“It’s so big!”

When they got a little closer, everyone was a little shocked.

The maelstrom was simply too large. In front of it, their ship was as tiny as a grain of sand.

“It can’t be in here, right?”

Ling Zhanxu looked at the vortex and could not help but swallow a mouthful of saliva. He was a little dazed.

Master fortune picked up the compass and looked at it. He nodded solemnly and said, “According to the compass, the divine creation boat is in this Whirlpool!”

“Are you going or not?”

Then, he turned to look at Tang Hao with a questioning gaze.

He was also a little hesitant. This Whirlpool looked extremely dangerous at first glance. If he entered rashly, he was afraid that there was a risk of death.

“Let’s go closer and see!”

Tang Hao said after a moment of silence.

“Yes,” said Zao huaizi as he slowly approached the vortex.

When they were close enough, a suction force pulled the ship into the whirlpool. Zao Huazi quickly activated the ship to resist the suction force.

The closer he got to the vortex, the stronger the suction force became. Even Zao Huazi was having a hard time.

“No, I can’t go any further!”

After a while, Zao Huazi stopped.

At this point, the suction force was so strong that he could not resist it.

“What do we do?” He looked at Tang Hao again.

Tang Hao walked to the bow of the ship. He fell into deep thought as he looked at the vast vortex in front of him.

After a long time, he finally made a decision. He turned around and said to Zao Huazi, “Charge in! Let’s take a gamble!”

“Alright!”

Zao huazi gritted his teeth and urged the warship forward.

This time, he didn’t resist. He let the suction force pull the ship toward the center of the vortex.
