

The Mightiest Little Peasant Chapter 2285

"It's too complicated!"

Tang Hao studied the structure of the divine craft creation boat and frowned.

This divine boat was indeed a Supreme treasure created by gathering the wisdom of the entire path of creation. Its internal structure was extremely complicated and exquisite.

Tang Hao's Dao of crafts had reached a profound level. In terms of craftsmanship, few people in Pangu could compare to him. However, he was also having a hard time dealing with the divine boat.

There were more than billions of parts on the ship, and each part was carved with countless talismans. The number of talismans added up would probably exceed a trillion.

"I think it'll take a few months to completely study the structure!"

Tang Hao smiled wryly.

After the research, he would have to repair it, which would be a huge project.

In the gate of fortune, he could not find any helpers and could only complete it alone.

He gritted his teeth, calmed his mind, and began to focus on his research.

This study took more than two months.

He had finally studied the structure of the entire divine boat. He had touched every part and studied them thoroughly.

Tang Hao now had an idea of how to fix it after he figured out its structure.

"I'm not lacking in materials. I have quite a lot of divine materials on me. In the treasure vault of the gate of destinies, there are also divine materials left behind by the ancient path of creation. That nine-colored heavenly crystal is just right to repair the core of the divine boat ..."

Tang Hao pondered for a while and came up with a detailed repair plan.

This was a huge project that would take at least two to three years to complete, so he was not in a hurry at all.

He first went to the herb garden and the various Buddhist countries to take a look.

After coming out of the Buddhist Kingdom, he took a short rest in the cave.

The cave was empty, and he was the only one there. It was rather deserted.

Sis Xiangyi and the rest had long gone into seclusion. With the help of the Grand Yan golden pill, they had long reached the peak of the sixth tribulation and started condensing blood.

Tang Hao could not help them in this round. They could only rely on themselves.

Tang Hao had no idea how long they would be in seclusion.

“Let’s go out and take a look!”

Tang Hao sat quietly for a while, then got up and left the cave.

He went to the creation peak and met with creation master.

Tang Hao also learned about the changes in the sect during this period of time from Zao huaizi.

Thanks to the elixirs and godly medicines in the treasure vault, the strength of the disciples and elders of the sect improved very quickly. In just two months, countless people had broken through in all stages. It could be said that there were people breaking through at every moment in the sect.

When he mentioned this, Zao Huazi couldn’t stop smiling.

“By the way, we have to refine more of the great Yan golden pills. Many of our disciples are stuck at the peak of the fifth tribulation. We’re just short of your pill. As long as we have enough pills, our creation sect can produce a few hundred more sixth tribulation disciples.”

Said Zao Huazi excitedly.

The gate of fortune already had over 700 sixth tribulation experts. If they had a few hundred more, that would be over a thousand. This number was too shocking! It was even a little scary!

There were only a few tens of 6th tribulation ancient race tribulation transcendents, which was a difference of more than 10 times.

“The Ling clan sent over quite a number of materials. I also went to the treasure vault to find some materials and gathered quite a number of them!”

Zao huaizi took out the materials that he had arranged and handed them to Tang Hao.

“Alright!”

Tang Hao agreed.

To him, refining the Grand Yan golden pill was not something difficult either. He could refine it casually without spending much time.

“Where is senior Yun Qing?”

“Yun qingzi?” Tang Hao asked in surprise when he didn’t see him.

“He entered the ancestral land and went into seclusion!”

Said Zao Huazi.

“Oh,” Tang Hao said, then nodded. “He should go into closed-door cultivation!”

After chatting with him for a while longer, Tang Hao returned to the immortal’s cave.

After he sat down, he opened his heavenly eye and looked towards the Yuchi race.

Tang Hao was a little disappointed after a while.

Ever since he had returned to the ancient city, Lord Yuchi had sealed it off. The entire city had disappeared into the void and hidden itself. He had remained in the main hall the entire time, meeting with the elders of the Yuchi clan.

Among them, Tang Hao did not see Yuchi Xuan at all.

The Yuchi clansmen didn’t mention Yuchi Xuan in their conversation.

“I’m afraid he’s in closed-door cultivation!”

Tang Hao guessed.

After some calculations, Yuchi Xuan’s cultivation should have reached perfection long ago. The most reasonable guess was that she was currently in seclusion.

According to the people of the Liu Clan, Liu heihu was also in closed-door cultivation to break through to the blood solidification realm.

The two of them should be about the same in terms of cultivation.

After peeking for a while, he was even more certain of this guess.

A moment later, just as he was about to withdraw his heaven’s eye, a divine light suddenly shot in from outside the Yuchi clan’s main hall. It entered the hall and turned into the figure of an old man.

“Family head, news from devil Dao mountain, Huang ‘er is about to come out of seclusion!”

The old man kept shouting.

“Devil Dao mountain?”

Tang Hao was surprised when he heard that. The name was unfamiliar to him.

“Really?”

In the main hall, the Yuchi Clansman stood up with a whoosh, his face filled with wild joy.

“Hahaha!” He laughed excitedly. “Great! Luan ‘er was finally coming out of seclusion! As long as she exits seclusion, our Yuchi clan will be completely free of worry!”

“Yup!” The elder also laughed. “As soon as Luan ‘er comes out of seclusion, our Yuchi clan will be able to restore our connection with the devil Dao mountain. If that Tang guy really dares to attack our Yuchi clan, the devil Dao mountain won’t just sit by and watch.”

“Hahaha! That’s right!”

Lord Yuchi stroked his beard and laughed heartily, his face full of pride. “That little girl, Huang ‘er, is really capable. To be able to catch the eye of that person from devil Dao mountain and take her as a disciple, it’s not just her, even our Yuchi clan can benefit from this.”

After laughing for a while, he turned to the elder and said, “The news said it’ll be soon. How long will it be?”

“This ... I’m not sure!”

“Forget it! Prepare the treasures first. Once Huang ‘er comes out of seclusion, we’ll go up devil Dao mountain!”

Lord Yuchi said, “maybe we will have a chance to meet that person. If we can persuade him to help us eliminate our great enemy, that would be the best!”

As he spoke, his face darkened and his eyes were filled with killing intent.

Ever since he returned from the outer realm, he had been in constant fear, afraid that the Tang fellow would come looking for him.

If he didn’t eliminate this Tang brat, his Yuchi clan would never have a Day of Peace!

“Devil Dao mountain ... What kind of place is it?”

Tang Hao looked away after a while.

He was very curious about devil Dao mountain.
