

The Mightiest Little Peasant Chapter 2292

“Every immortal ruin is extremely dangerous. Even someone like the devil Dao ancient Emperor has a 90% chance of survival. That’s why he can’t come out easily.”

“He might even be trapped and in trouble. Otherwise, he wouldn’t have said that.”

Tang Hao thought for a moment, then relaxed.

The devil Dao ancient Emperor was temporarily no threat!

“Even if he can come out now, I’m not afraid. With my 5000 HP cultivation and ye Cha, it’s more than enough to avoid his pursuit.”

He muttered to himself, his expression relaxed.

He was very confident in his current strength. Otherwise, he wouldn’t have dared to go up devil Dao mountain.

“This bone ... Is good stuff!”

Then, Tang Hao took out the bone that he had seized from Yuchi Xuan.

This bone was crystal clear, like a diamond, and it was emitting a brilliant light. This light was different from ordinary treasure light and divine light. It was eternal and indestructible, also known as the eternal divine light.

This piece of bone was one of the best God’s bones in the world. It could exist forever and wouldn’t be destroyed even after hundreds of millions of years.

“How many God’s bones did she swallow to refine this bone ...”

Tang Hao sighed.

This eternal bone had evolved after devouring countless divine bones, one of which was his divine bone of the winged Dragon.

Every piece of God’s bone represented the death of a genius.

“This bone has evolved quite a bit, and it’s even stronger than my God spirit bone. If we were at the same cultivation level, even if I activate the God spirit bone together with the moon treasure King body, I might not be able to suppress this bone.”

Tang Hao examined the bone closely. He could not help but rejoice.

With this eternal bone and the Dao devil ancient Emperor’s full support, Yuchi Xuan would definitely become his greatest enemy.

Now that he had taken the bone and crippled her, he could be considered to have eliminated a great enemy in advance.

“I already have the God spirit bone, so I don’t need this bone anymore. Who should I give it to?”

Tang Hao fell into deep thought as he held the bone.

He naturally couldn’t just give such an important thing to someone else. Even Yun Rong, Yin Feng, and the mud mountain four monsters were still outsiders. He could give them Emperor artifacts or even Supreme artifacts, but he couldn’t give this bone.

This was the bone of eternity, a divine item that was eternal and indestructible. With this bone, not only could one possess the strongest physical body in the world, but one could also cultivate an eternal divine body, which would make one’s physical body indestructible.

This was more precious than a Supreme artifact. After all, no matter how powerful a Supreme artifact was, it was just an external object. There were many Supreme artifacts in the world, but this eternal bone was the only one in the world.

Tang Hao believed that the reason the devil Dao ancient Emperor had his eyes on Yuchi Xuan was because of this bone.

“Sis Xiangyi and the others aren’t good at fighting, so they’re not suitable for this bone. As for Xintong, she already has the body of the mystical maiden, and I don’t know where she is now. As for Tamamo, her cultivation system is different, so it doesn’t seem suitable for her either.”

Tang Hao thought about it, but he did not know who to give it to.

“Forget it! Keep it first!”

Tang Hao had no choice but to put the God’s bone away.

“Let’s return to the sect and continue repairing the divine craft creation boat!”

Devil Dao mountain didn’t pose any threat for the time being. As long as ancient Emperor didn’t come out, that disciple Leng wouldn’t be able to do anything. As for the great void, the curse God, the night race, and the Yao race, they didn’t do anything. They obviously hadn’t found a way to deal with him, so there was no need to worry.

To him, the most important thing was to repair the divine boat of creation.

As long as he could repair the divine boat, he would be even more fearless with this ancient path of creation’s ultimate weapon.

“Oh right, Yuchi Xuan has come out of seclusion, what about Liu heihu? Why isn’t there any movement?”

Tang Hao was about to land on the ground when he suddenly stopped.

At this moment, he thought of Liu heihu.

Liu heihu and Yuchi Xuan were both his old acquaintances, especially Liu heihu, who had come from Qiyuan with him.

“This Liu heihu is also a monster. His luck is also quite good. He should have advanced to the seventh tribulation long ago. Why is there no news of him yet?”

Tang Hao was confused.

“There’s been no news from the Liu Clan, and I haven’t heard of any thieves in the eight desolates either! It seems like he’s still in seclusion!” “But, why is it taking so long?” Tang Hao pondered.

“Could it be ... Related to the mysterious ancient cultivator that landed in the treasure falling ceremony?”

Tang Hao remembered the mysterious ancient cultivator.

Back in the spirit treasure heaven, he had obtained the reincarnation immortal venerable’s relic during the treasure falling ceremony. Liu heihu had also been lucky enough to find an ancient cultivator frozen in a crystal.

Later on, a mysterious light shot into the sky from the Liu Clan, which caused a great sensation. Everyone guessed that it was the ancient cultivator.

There were many speculations about this ancient cultivator. Some even said that he might be an ancient venerable Emperor, an eighth tribulation Almighty.

However, the Liu Clan had never revealed any information about this ancient cultivator.

He had asked the elder of the Liu family before, but the other party kept it a secret.

“Even if he’s still in closed-door cultivation, it won’t take long for him to come out. Once he comes out, the eight desolates will be lively again!”

Tang Hao smiled, then lowered his body and descended toward the eight desolations.

When he returned to his cave, he went into seclusion and continued to repair the creation divine boat.

A few months later, somewhere in the eight desolates, there was a sudden explosion in a barren mountain. A mountain peak exploded, and a figure flew out from it.

“Hahaha!”

“I’ve finally refined it!”

He landed on the peak of a mountain, looked up at the sky, and laughed out loud. His face was filled with ecstasy.

He was Liu heihu.

At this moment, he was full of energy and high spirits.

“I managed to refine such a difficult blood. I’m indeed a genius!” He placed his hands on his hips and was very proud.

Then, he seemed to have thought of something and his face darkened.

“Hmph! Just you wait, Tang kid. Let’s see how I, the black Tiger Lord, will deal with you! I’ll let you know that I, your uncle Black Tiger, will always be your ancestor!”

He said viciously.

“Cool!”

He activated the immortal blood in his body and felt the surging power. He felt refreshed and comfortable.

This feeling was too good!

“I’ll cross the Tribulation first, then I’ll deal with him!”

He mumbled to himself and descended. The Tribulation had begun.
