

The Mightiest Little Peasant Chapter 231

“Chase him down! Don’t let him get away!”

Zhao Wuyang roared as he struggled to get back on his feet. His face was red with anger.

He was a police captain of the Criminal Division, yet he was defeated by a kid. He now firmly believed that Gao Wenqiang’s disappearance was related to the kid.

The police officers also got off the ground and started giving chase while yelling.

Tang Hao was nowhere to be seen.

“He’s in the basement parking lot!” Zhao Wuyang roared, then led the charge there.

Tang Hao was already seated in the car by then. He switched on the ignition and drove straight toward the exit.

“Stop now! If you don’t stop, I will shoot!” Zhao Wuyang yelled as he pointed his gun at the incoming car

Tang Hao remained composed. He floored the accelerator and rammed straight at Zhao Wuyang.

Zhao Wuyang chickened out. He cursed under his breath, then jumped aside.

The Audi drove out of the parking lot and headed toward the exit of the residential area.

“Go after him!”

Zhao Wuyang roared again. He dove into his police car, turned on the siren, and drove after Tang Hao as fast as he could.

“Dammit! This kid is vicious!” Zhao Wuyang cursed while driving. He was burning with rage.

“Who’s that kid, Captain Zhao? Why is he such a good fighter?” A police officer in the back seat grumbled.

His left cheek was swollen from Tang Hao’s elbow.

“How would I know? His dossier says that he’s just a normal kid. There’s nothing special about him, other than the fact that he started a company at a young age,” Zhao Wuyang said.

“That kid must be harboring some secret. He might be the murderer, too! When we arrest him later, we’ll teach him a lesson he won’t forget!”

While he spoke, the black Audi came into view.

“Hah! Do you plan to outrun my car with just an Audi? Just you wait!” Zhao Wuyang laughed viciously and floored the accelerator.

The cars drew nearer to each other.

The Audi and the police car drove out of the residential area onto the wide trunk road, heading west.

The intense car chase had attracted the attention of the pedestrians and the other cars on the road.

The smile on Zhao Wuyang's faded bit by bit as the car chase went on.

He began to wonder if there was something unusual about the Audi in front of him. It was only a business sedan, but it drove at a crazy speed, even faster than his police car. He could never catch up to it no matter how hard he tried.

"F*ck me, is that even an Audi?" Zhao Wuyang was becoming incredulous.

Then, he picked up his walkie-talkie and called for support to intercept the car from the front.

He looked in front of him while holding the walkie-talkie, but realized that he could not discern the car's registration plate number.

The registration plate seemed to be covered in fog. He could not discern any characters on it at all.

Zhao Wuyang was shocked. He thought his eyes were playing tricks on him.

"Sigh! I must have overworked myself and I can't see clearly! I need some rest! This is perfectly normal!" Zhao Wuyang tried to reason with himself.

He rubbed his eyes then looked again.

He became even more surprised.

The registration plate was still as blurry as ever.

'What the hell is going on?' He was thoroughly confused.

In a lapse of concentration, he nearly rammed into a car at a crossroads.

"Captain Zhao!" The other police officers in the car turned pale.

Zhao Wuyang came to his senses and broke out in cold sweat.

He thought that either there was something wrong with his eyes, or he had seen a ghost.

"Hey, all of you, can you see the registration plate of the car in front?" He asked the other police officers in the car.

The police officers laughed. "Your eyes have gone bad, Captain Zhao! Can't you see something so close to you?"

Then, they looked toward the car in front of them.

They were immediately dumbstruck. The smiles froze on their faces.

"What... What is going on?"

"F*ck, have my eyes gone bad too?"

They exclaimed in surprise.

Zhao Wuyang breathed a sigh of relief when he heard that. At least he was not the only one with the problem.

“This kid is a crafty one!” Zhao Wuyang said angrily. Then, he used his walkie-talkie to set up multiple blocks on the roads ahead.

Soon, the roads around them were filled with police sirens. The police cars in the area converged toward Tang Hao’s car.

Not far away, several police cars were parked across the road, blocking all traffic.

In front of those cars, a row of police officers stood on alert with their guns prepared.

“Attention please, the car in front! Stop resisting immediately and yield! Otherwise, there will be consequences!” A police officer spoke through a megaphone.

Pedestrians crowded on both sides of the street and watched the ensuing drama in shock and incredulity.

The scene in front of them was like a movie.

Many people were recording the scene with their phones.

Zhao Wuyang grinned viciously. “This kid is too naive. Does he think that he can fight against so many police officers with just him alone? He ought to check himself!”

The police officers in the backseat were laughing too.

The kid's car was surrounded from all sides. He would not be able to escape.

They were already thinking of how to torment the boy when they eventually arrest him.

As the Audi drove nearer to the blockade ahead, it started slowing down and seemed to stop.

Zhao Wuyang laughed.

Then, the car suddenly sped up again, this time faster than before.

"F*ck! Has he gone mad?" Zhao Wuyang was stunned.

The police officers in front would be shooting at him!

Bang! Bang!

Several gunshots were heard.

The car did not stop or even slow down.

The row of police officers panicked and dove away from the incoming car.

Suddenly, the front of the Audi lifted off the ground. It rose into the air in a graceful arc.

Everyone on and along the road was stunned speechless.

Their heads followed the trajectory of the car higher and higher into the sky.

The black Audi was like a galloping stallion or a condor spreading its wings.

The car reflected the brilliant afternoon sun.

It was incredibly dazzling.

'Oh my god!' Everyone thought of the same thing at the same time.

All the drivers and passengers in the cars on the road and all the pedestrians along the road were watching the Audi fly in the sky with their mouths wide open.

Time seemed to have slowed down at that instant. Everything was in slow motion.

The Audi flew over the blockade along a perfect arc and landed on the road with a thud.

Then, it continued its mad dash forward with incredible speed.
