

The Mightiest Little Peasant Chapter 2322

The moment the vortex appeared, Tang Hao opened his eyes on creation peak.

“It’s finally here!”

Tang Hao looked up. His gaze penetrated the cave abode and saw the huge vortex above the mountain range. Tang Hao was familiar with the aura inside. It was The Fiend immortal Qi.

The devil Dao ancient Emperor had arrived!

“Get out here!”

Another furious roar came from the whirlpool. It was like thunder, causing the void to tremble. Even under the protection of the creation formation, the disciples of the creation sect on the mountain were shocked.

“It’s the eighth tribulation!”

Many elders exclaimed in shock.

The next moment, rolling black mist gushed out of the vortex and condensed into a giant palm that covered the sky. It slapped toward the mountain of fortune with a terrifying pressure.

Bang!

A deafening explosion.

The huge palm hit a layer of light barrier and exploded with a shocking brilliance.

“Still not coming out? Then I’ll bombard you until you come out!” “Die!” The devil Dao ancient Emperor roared as he sent out another palm.

“It’s the one from devil Dao mountain!”

At this moment, the four star realm old monsters recognized the identity of the person who had just arrived.

Even though they had not seen his figure, they could tell from his unique aura that he was very special among the many venerable sovereigns. He cultivated a unique Dao devil immortal blood.

“That’s weird. How did this kid offend the devil Dao ancient Emperor?”

“It might have something to do with the Yuchi family. I heard Xu Heng mention before that there was a genius from the Yuchi family who was lucky enough to be chosen by the devil Dao ancient Emperor and entered the devil Dao mountain. This genius also has a deep grudge with this kid.”

The four of them discussed and soon guessed the reason why this ancient Emperor came for revenge.

Bang! Bang!

While they were discussing, the devil Dao ancient Emperor sent out a few more palm strikes that landed on the light barrier.

“Senior, long time no see!”

“Let’s go!” Tang Hao shouted. He leaped from the peak and walked up step by step.

“Hmph!”

An angry groan came from the vortex. Then, demonic Qi gushed out and turned into a figure, standing in front of the light screen.

“Kid, do you know your crime?”

Ancient Emperor roared in anger.

“Oh? May I ask senior, what crime have I committed?”

Tang Hao stopped in front of the light screen and looked at the devil Dao ancient Emperor from a distance of six meters.

Even in the face of an eight tribulation venerable Emperor, his face was extremely calm and composed, as if the person standing in front of him was not a Supreme venerable Emperor, but a seven tribulation fellow cultivator.

“You came to my devil Dao mountain, crippled my disciple, and even took her divine bone. Have you forgotten all this?” Ancient Emperor snorted coldly, “you were lucky that time. I just happened to have something to do and only sent a wisp of my essence spirit. Otherwise, how could you have escaped?”

“Hiss! Hiss! Hiss!”

As soon as ancient Emperor finished speaking, the four Hua Xing old monsters couldn’t help but gasp.

They widened their eyes in disbelief.

Attacking devil Dao mountain, crippling the beloved disciple of an eight tribulation venerable sovereign, and snatching the treasures in his body, this ... This was simply crazy! Even if he was looking for death, he shouldn’t do this!

“This ... This kid is too arrogant!”

That senior brother from the great void heaven was shocked. He swallowed his saliva and spoke incoherently.

Previously, he thought that these fellow Daoists were exaggerating, but he didn't expect that this kid was even more awesome than they described.

"Senior, if you didn't mention it, I would have almost forgotten!" Tang Hao smiled, his expression calm.

"You ... How dare you!"

Ancient Emperor was furious as demonic Qi poured out from his body.

"Senior, you may not know this, but I've always been very bold!" Tang Hao was still smiling. "It doesn't matter if you don't know now. You'll know in the future, and you'll get used to it!"

"In the future? Do you think you can still live after offending me?"

Ancient Emperor's face was twisted.

He was thoroughly enraged. This brat was not afraid of him. Instead, he dared to provoke him. If he did not kill this brat and destroy the gate of fortune, where would he put his face?

"Then I'd like to see what kind of means senior has!"

Tang Hao shouted coldly. He did not back down.

"Good! You're good! Do you really think that I can't break your turtle shell? If it was before, I wouldn't have been able to do it, but after the last battle, the power of your formation has been greatly reduced. Can you still stop me?"

Ancient Emperor laughed coldly. He waved his hand and a small cauldron flew out. It instantly expanded and turned into a huge five-colored glass cauldron. It smashed towards the light screen.

Bang!

A loud sound rang out, and the light screen actually trembled slightly.

Tang Hao's eyes narrowed as he looked at the cauldron.

The power of this cauldron was extraordinary. It was not an ordinary Supreme artifact. It seemed to be an ancient artifact like the mirror of the Lord of numinous treasure path.

Such treasures were extremely rare even in Pangu, and most of them were on the hands of these Dao Masters and venerable sovereigns.

Although those Dao Masters had fairy weapons, they all used such ancient weapons. After all, fairy weapons were too powerful and important. They couldn't be used easily and generally wouldn't carry them on them.

"If you don't come out, I'll keep smashing until you come out. If you don't come out, I'll smash until this turtle shell breaks. When that time comes, I'll exterminate your creation sect!"

Ancient Emperor laughed coldly as he continued to use the divine cauldron to smash against the light barrier.

He was very confident that as long as he continued to bombard it for a few months, this layer of light would be broken. Although this would cost him a lot of energy, it would be worth it for his revenge.

Once the formation was broken, even if his strength was not at its peak, killing a 7th tribulation kid would be as easy as pinching an ant to death!

As for the creation sect disciples, they were even easier to deal with. He could kill them all with a single breath.

“Woof! What a big tone!”

Tang Hao did not panic. Instead, he smirked.

Annihilate the entire creation sect? This old fellow ... Was truly a fool!

“You ... What did you just say? You’re saying that I’m arrogant?”

Ancient Emperor was stunned for a moment.

He didn’t expect that this kid would still be so stubborn and arrogant at this point!

“Hahaha! This brat even dares to laugh at senior ancient Emperor!”

“Yeah! He was clearly the one with the biggest tone! The power of this formation is no longer as strong as before. In less than two months, it will be destroyed by senior ancient Emperor! At that time, the gate of fortune will be destroyed!”

At the side, the four star realm cultivators laughed out loud. They were gloating and had mocking expressions on their faces.
