

The Mightiest Little Peasant Chapter 2324

In the sky above the mountain range, a giant ship was floating, emitting a dazzling divine light.

The devil Dao ancient Emperor and the four star transformation realm cultivators were all stunned by the sight of this ship.

There was no trace of damage on the giant ship in front of him. It was clearly intact!

This ancient path of creation's ultimate weapon, a treasure that was comparable to a celestial artifact, had reappeared!

At this moment, other than shock, they also felt a trace of fear.

After all, in the legends, the power of this killing weapon was described to be too terrifying. It was said that with one strike, it could destroy an ancient middle-level force and turn the sect and the cultivators inside into dust.

In the ancient times, even the 33 heavens were very afraid, not to mention the other forces, who would turn pale at the mention of it.

"Gulp!"

The devil Dao ancient Emperor's Adam's apple bobbed as he forcefully swallowed.

The divine boat in front of him made him, an 8th tribulation expert, feel some pressure.

"How could it be so fast!"

He gritted his teeth and cursed in a low voice. His expression was a little ugly.

He had never expected that the creation gate would be able to repair this divine boat in such a short period of time.

Originally, he could have easily destroyed the gate of fortune. But with this killing weapon, he was no longer 100% confident. After all, the reputation of this divine boat was too great. He did not know how strong this divine boat was.

If it was really like the legends said, that he could destroy a mid-tier force with a single blow, then even he would not be able to withstand it.

The mid-tier factions of the ancient era were different from the present!

"Senior ancient Emperor, don't panic. Although they have successfully repaired the divine boat, they can't use much of its power. They are still not your opponent."

At this moment, that senior brother from the great void heaven shouted.

“If this divine boat wants to unleash its power, it needs to accumulate energy and extract immortal Qi from the void. They’ve just repaired it, so there won’t be much energy left in the divine boat.” He explained when he saw ancient Emperor looking over.

“I didn’t expect this fellow Daoist to know so much about the treasures of my creation sect.”

Tang Hao said as he looked at him.

“That’s right! Back then, my great void heaven had specially researched this divine boat of your path of creation. We even wanted to snatch it back. It’s a pity that before we could do anything, this divine boat disappeared along with the creation master of that generation. ”

That great void heaven senior brother said.

“Then, do you know that this divine boat has another wonderful use?” Tang Hao said with a smile.

“What magical effect?”

That person was startled and asked in surprise.

“The divine boat of the gate of destinies is very magical. It can gather the power of all the cultivators on the boat and gather their power in one place. In other words, there is no need to store energy. As long as there are people on the boat, it can unleash its power.”

“Furthermore, the more people there are, the stronger the power!”

Tang Hao said.

Hearing this, the man’s expression changed slightly, but then he seemed to have thought of something and sneered.

“Hahaha! The more people there were, the more powerful it was? If it was in the ancient times, then it would have been fine. Your creation sect had many experts and a few 8th tribulation experts could easily suppress everyone. But now, your creation sect is a joke. Even if your entire sect were to attack, you would not be able to defeat senior ancient Emperor. ”

“It is! Including that three sky old fogey who doesn’t know what’s good for you, your creation gate only has five 7th tribulation cultivators. Other than you, the other Four’s cultivation is pitifully low!”

The other three also sneered.

The current gate of fortune could not be compared to the ancient times. Although it was the strongest in the eight desolates, its overall strength was still pitifully weak.

In their eyes, they had never taken the gate of fortune seriously. The only person they feared was this kid surnamed Tang.

Other than this brat, the entire creation sect was trash!

Hearing these words, the devil Dao ancient Emperor let out a sigh of relief and revealed a look of contempt.

“Is that so?” Tang Hao smirked.

He leaped up and stepped on the bow of the ship.

“All disciples and elders, follow me onto the ship!”

With a long roar, beams of divine light leaped out from the four corners of the mountain range of fortune and gathered towards the large ship in the sky.

These were the disciples, elders, and many guest elders of the gate of fortune. They were from the Dao of alchemy, the Dao of crafts, and the Dao of arrays. There were so many of them that they were like the stars in the sky.

They landed on the ship and stood proudly, their bodies emitting a dazzling immortal radiance.

The immortal light flowed to the ship under his feet and was absorbed by it. In an instant, the divine boat’s momentum increased by a few times.

“How ... How can there be so many?”

“That’s the sixth tribulation. They’re all sixth tribulations. Where did the gate of fortune get so many sixth tribulations?”

“That group of guys ... Where did they come from? why are there more than a dozen seventh tribulation?”

The four star transformation realm old monsters and the devil Dao ancient Emperor were once again shocked.

The number of disciples and elders, their cultivation, their equipment, and their auras all shocked them.

They were all doubting their eyes.

This ... Was this really the foundation of the gate of fortune?
