

The Mightiest Little Peasant Chapter 2326

“Ancient Emperor ... Ran away?”

The four star realm old monsters were dumbfounded.

They couldn't believe their eyes. An eight-tribulation venerable sovereign, an invincible existence, had been injured and fled in a hurry!

Then, they shuddered and revealed a look of fear.

The power of this cannon was too terrifying! If he couldn't even block an eighth tribulation, then killing them would be a piece of cake!

“The legends are all true! This is truly a terrifying killing weapon!”

“Let's go!”

They cried out in alarm, jumped up, and fled in panic. They were afraid that the kid would target them and fire a cannon at them. If that happened, they would be in trouble!

“This gate of fortune ... Is too terrifying!”

“As long as Dao master hasn't returned, you can't come to the gate of fortune!”

They were extremely frightened and had long thrown their purpose of coming to the back of their minds.

At this moment, in their eyes, with the divine fate boat and the gate of fortune, which had an astonishing Foundation, they were already a Dragon's pool and a Tiger's Den. They could not step into it.

Only when the Dao master returned would they have the confidence to go against the gate of fortune.

“Aiyo! My star!”

At this moment, the South Pole's old monster Hua Xing had unspeakable bitterness.

That brat had such a terrifying killing weapon in his hands. Would he still return the star to him? He felt like he was dreaming. It was impossible. If that kid didn't give him a shot, he would be thanking the heavens.

“If I had known earlier! Why would I want to get involved in this? isn't it better to cultivate in peace?”

He was so remorseful that his intestines turned green, and he wanted to slap himself a few times.

There were many Hua Xing elders in the South Pole. He was not the only one, but he was the only one who responded. Previously, he had felt that it was quite glorious to be able to eliminate a threat for the sect and do a good deed for the sect.

But now that he thought about it, he was a pure idiot.

“You’re running pretty fast!”

On the creation divine boat, Tang Hao watched the four divine lights leave.

He could roughly guess what these four people were here for. It was definitely related to the star he had snatched.

He didn’t chase after them. That cannon shot had drained all his energy. He couldn’t wait for the four old monsters to run as far away as possible.

“As expected of the divine boat of creation. It’s too magical!”

“Hahaha! Even the eighth tribulation has been beaten away by us. I can brag about this for five hundred years!”

Behind him, the cultivators recuperated for a moment and stood up one after another. Their expressions were somewhat excited, and many of the young disciples still had expressions of disbelief.

When they recovered, they revealed excited and proud expressions.

“He’s injured. The power of this cannon was stronger than I expected.” Said Zao huaizi as he walked up.

He looked at Tang Hao with a puzzled expression.

Here, only he and elder Tang knew about this divine boat. Based on his understanding of divine boats, he knew that it was impossible for it to be so powerful that it could injure an eight tribulation venerable sovereign with one shot.

“I made some small changes to make the divine boat stronger!” Tang Hao said with a smile.

When he was repairing the divine boat, he had already integrated all of his knowledge of artifact refining into it and made a lot of changes. It could be said that this divine boat was no longer the one from ancient times, but an evolved version that he had created.

“I see!”

Said Zao huaizi in realization.

Although he was a little shocked, he quickly accepted it. This was because this person was too monstrous. No matter what shocking things he did, it would not be strange at all.

“I took a look just now. The ancient devil Emperor’s injuries aren’t light. This is a good thing. He won’t appear again in a short period of time. Furthermore, this cannon has established a reputation for our creation sect. In the future, the great void, divine curses, and the three heavens of the South Pole won’t easily target us.”

Tang Hao said.

“Hahaha!” Zao Huazi laughed out loud, and he was in a great mood.

This shot would spread the name of the gate of fortune. In the future, not only the clans of the eight desolates, but even the 33 heavens would be wary of them.

“We still don’t have a complete formation for this shot. If we wait for those people from the ancestral land to come out of seclusion, heh! That’s incredible. With one shot, the entire Pangu continent would shake.” Said Zao huazi with a smile.

His words were filled with great pride.

Right now, the power that the gate of fortune had displayed on the surface was not complete. The thousand sixth tribulation experts were not the true pillars of the gate of fortune. The 500 divine bodies who were in seclusion and the hundreds of elders were the true pillars.

When they all came out of seclusion and advanced to the seventh calamity, the strength of the gate of fortune would once again experience a huge increase.

At that time, the gate of fortune could even do what the path of fortune could not do in the ancient times. It would surpass the thirty-three heavens and become the most powerful force in Pangu.

“Yup!”

Tang Hao nodded, then glanced in the direction of the ancestral land.

“I’ll take my disciple down first.”

After saying that, Zao Huazi turned around and left.

Tang Hao’s eyes swept forward and he reached out to collect the fire crows and ghosts left behind by the devil Dao ancient Emperor.

“The devil Dao ancient Emperor is no longer a threat for the time being. The great void sect master is still fighting The Blood King. The divine curse sect master and the South Pole sect master are nowhere to be seen. The old demon Emperor has also been lying dormant in the North Sea. There’s no sign of him.”

“As for those planet realm old monsters, they are no longer a threat. Now is the best time to improve my cultivation!”

Tang Hao pondered for a while, then took out the name list that Master Li had given him.

Previously, he was not strong enough and could not explore these places to search for opportunities. But now, with the creation divine boat, he had the power to match an 8th tribulation expert and could go to these places.

These were all immortal ruins or some powerful ancient ruins. If he could find some opportunities, he could help him reach the ten thousand Blood Realm and greatly enhance the strength of the sect.

“After a few days, I’ll go and explore!”

Tang Hao made his decision.

He discussed with Zao huaizi. Three days later, he would call young master Li, Ling Zhanxu, and the rest. They would also bring along half of the fifth tribulation and sixth tribulation elders. They would board the creation divine boat and head to the outer region void.
