

## The Mightiest Little Peasant Chapter 2352

Two months later, Tang Hao set off.

He had moved before the four old monsters and was ahead of them.

Following the coordinates that elder lie had given him, he flew all the way. After about seven days, he finally neared his destination.

In the void in front of him, an Azure star appeared.

That was the Longyuan star!

As they approached the Longyuan planet, they saw several beams of divine light coming from all directions. They were heading to the Longyuan planet. They were clearly the Hua Xing old monsters who had come to participate in the exchange.

Tang Hao stopped when they were almost there. He observed for a while and noticed that there were quite a lot of people. In just a few hours, there were already seven or eight people.

“I can’t use my real face, I have to change my face!”

Tang Hao said to himself.

He wiped his face with his hand and immediately changed his appearance. From a handsome young man, he became a middle-aged man with an ordinary appearance.

“I have to change my aura as well. Also, I’ll keep my cultivation at 1500 hp!”

Tang Hao changed the aura around his body and suppressed his cultivation base.

This time, he had come to witness this exchange and wanted to gain something. At the same time, he wanted to monitor the movements of the four old monsters. Therefore, he had to hide his identity and not expose himself.

Before he came, he had fabricated an identity for himself. He was a rogue cultivator who had just turned into a planet. Hence, 1500 blood was the most suitable.

He changed into a green eight tribulations treasured clothing and flew forward, landing in the sky above the stars.

At a close distance, he discovered that this star was quite large. It was more than ten times larger than the star he had snatched from the South Pole old monster. Moreover, the immortal Qi on it was also denser.

He looked around and saw that there were a large number of mortals and cultivators on this planet.

“It seems that this senior has created a cultivation world!”

He exclaimed in surprise.

The cultivators' cultivations weren't low. Some of them were high-level Saints.

However, these cultivators should not be able to get out, because Tang Hao discovered that there was a formation in the sky above the planet, sealing the entire planet.

When Tang Hao landed, the formation opened on its own. At the same time, an old voice rang in Tang Hao's ears.

"Fellow Daoist, welcome!"

"Greetings, senior Taiyuan!"

Tang Hao said as he bowed.

The voice came from the center of the planet.

"You're welcome. We're all on the same path, so there's no need to distinguish between seniors and juniors!" Tai Yuan Taoist laughed. "Fellow Daoist, this is your first time here, right? You look a little unfamiliar!"

"That's right! Senior, please take care of me!"

Tang Hao said respectfully.

"How rare!" "Yes," Taiyuan priest said. "It's been years since a new member joined us. I'm quite gratified to see your new face, fellow cultivator! May I know which day you're from?"

"Oh! Senior, I'm not a cultivator of the heavens, but a wandering cultivator. I was lucky enough to obtain a piece of growing soil and was able to turn into a star."

Tang Hao said.

"I see!"

Tai Yuan Taoist was a little surprised.

Among the Hua Xing old monsters, rogue cultivators were rare.

He paused for a moment and said, "there are no rules in this exchange. As long as you don't fight with others or hurt the living beings on this planet, it's fine. Now, you can go down. Many fellow cultivators have come. You can interact with them."

"When almost everyone is here, I will host a trade fair. At that time, you can take out any treasures you don't need and Exchange them with the other fellow Daoists."

“Please rest assured, senior, this junior will definitely not cause any trouble!”

Tang Hao said.

This person had eight or nine thousand blood many years ago. Now, he probably had close to ten thousand blood. Who would dare to cause trouble in the lair of such an old monster?

Tang Hao had nine thousand health points, but he did not dare to take the risk. Who knew how many formations were hidden on this planet?

“That’s good!”

Tai Yuan Taoist smiled and said no more.

Tang Hao looked around and found the place where the Hua Xing old monsters were gathered. He hurried over.

A moment later, he landed on a floating island at the top of the clouds.

There were palaces and buildings all over the island, and there was a square in the middle. Many people had already gathered there in groups of twos and threes, talking in low voices.

With a glance, one could see the clothes of many mantras of the heavens.

These people’s cultivation levels were also uneven. Some had 2000 to 5000 HP, and many had less than 1000 hp. It was obvious that they were just clones.

Tang Hao also saw a few people from the great void heaven and the God of curse heaven. He paid extra attention to them.

When the four old monsters arrived, they would definitely find these people.

“Who is this? I’ve never seen him before! A newbie?”

“No way! There’s a newcomer? It only has a little over a thousand HP. Could it be a clone of some old senior?”

When they saw Tang Hao land, all the cultivators raised their heads and looked at him in surprise.

“Junior’s Daoist name is Wutian. I’m an itinerant cultivator. Greetings, seniors!”

Tang Hao landed and cupped his hands in greeting.

“He’s really a newcomer!”

“Hey! He’s also a wandering cultivator!”

All of the Hua Xing old monsters were surprised.

A new wandering cultivator was really rare!

They looked at Tang Hao from head to toe, clearly very curious about him.

Tang Hao was not flustered. He was confident that no one here could see through his shapeshifting technique.

These Hua Xing old monsters sized him up and discussed for a moment before turning around, no longer looking at him.

A new wandering cultivator could only be a novelty to them at most. There was no value in befriending him and he was not worth their time.

Tang Hao was happy that no one was paying attention to him, so he would not be exposed.

He found a corner and sat down, closing his eyes and meditating.

As time passed, divine light continued to fall, turning into star realm old monsters. There were more and more cultivators here, close to a hundred.

Moreover, the number of people was still increasing.

After about a day, the four Hua Xing old monsters finally arrived.

When the four of them landed, they caused a commotion in the square.

“Daoist xuqi! You’re here!”

“Fellow Daoist nanshou, I haven’t seen you in five hundred years. How have you been?”

Many xiuzhe in the four directions stood up and greeted the four people.

The disciples of the South Pole, the divine curse realm, and the three heavens of the great void welcomed him warmly and called him Junior Brother and senior brother.

“Hey! What’s so good about that!”

The old monster from the South Pole was also Daoist nanshou. He had a bitter expression on his face as he kept shaking his head.

“Brother nanshou, what’s wrong with you?”

“Senior brother, you ...”

The xiuzhe of the four sides looked at him and asked in confusion.

“Al! You guys don’t know how unlucky I am!” Daoist nanshou said with a bitter smile.

The cultivators from the four sides were even more confused. They, the Hua Xing old monsters, were mostly unconcerned with the world and slept all day long. What bad luck could they have encountered?

“My star ... Is lost!”

Daoist nanshou sighed.

“What?”

Hearing this, all the xiuzhe were shocked. The xiuzhe that had not been paying attention to this side all turned around and looked in shock.

It was obviously impossible for the stars to be lost by themselves. They must have been taken away by someone else.

Such a thing had not happened for thousands of years.
