

The Mightiest Little Peasant Chapter 2354

These old guys were really bad!

Tang Hao rolled his eyes at the four of them.

“I’ll deal with them properly in the future!”

He didn’t want to make a move now. He still wanted to participate in the trade fair later!

After a while, the four of them brought a group of old monsters to the side to discuss.

Tang Hao sat where he was and continued to wait.

As the divine light continued to fall, the number of Hua Xing old monsters on the square quickly reached more than 200.

After waiting for another half a day, dozens more people landed. At this time, the master of this star, Taiyuan Taoist, finally appeared.

Tai Yuan Taoist was an old man with white hair and a white beard. When he appeared, everyone in the square stood up and greeted him respectfully, “Greetings, senior Taiyuan!”

Even old devil mu was reverent and respectful.

“My fellow Daoists, there’s no need to be so polite!”

Tai Yuan Taoist waved his hand and smiled kindly.

Tang Hao studied him with furrowed brows. This was not his real body. It was just a clone, but even so, it had a cultivation base of five thousand health points. It was quite shocking!

The strongest clone he had seen so far was the five-element clone of the devil Dao ancient Emperor, followed by this one.

“As expected of a super old antique. You have some skills!”

Tang Hao said to himself.

“Everyone, almost everyone is here. Let’s start!” Tai Yuan Taoist walked to the center of the square and said.

“If senior says to start, then let’s start!”

Everyone nodded in agreement.

“Alright!” Taiyuan Taoist nodded and waved his sleeve. Spiritual light flew out. They were futon after futon. They landed in the square in a row.

“Everyone, please take your seats!”

Tai Yuan Taoist pointed at the futon and said.

Everyone stepped forward, found a seat, and sat down with their legs crossed. They were respectful and orderly throughout the whole process.

Tang Hao picked a corner seat and sat down.

“There are new people this year, so I’ll briefly explain the rules. It’s very simple. Starting from this side, you’ll have to go through it in rows. The fellow Daoists who are on their turn will step forward and take out their treasures to display.”

“If any of you are interested, you can bid. Once the deal is settled, I will exchange the treasures on your behalf. If you can’t, you can step down and let the next fellow Daoist go.”

“During the trade fair, you are not allowed to make a move or play any tricks. If you are discovered, don’t blame me for being impolite!”

Taiyuan Taoist’s gaze swept through the crowd and landed on Tang Hao. He smiled at him.

Many people followed Tai Yuan Taoist’s gaze and looked at Tang Hao with surprise.

“There’s a newcomer?”

“He only has 1500 hp. That’s not much. I don’t think he has anything good!”

The cultivators whispered to each other.

In this place, 1500 hp was the weakest, so naturally, no one would look up to it.

Daoist xuqi and the others glanced over, but they didn’t discover anything, so they quickly turned back.

They did not expect Tang Hao to be here.

That old devil mu also looked over, his gaze somewhat sinister.

He heard the discussions around him and found out that this newcomer was a rogue cultivator. Since he was a rogue cultivator, he had no background. Even if he killed him, there would not be any big trouble!

He only stared at it for a while before looking away, but Tang Hao still sensed it.

He snorted coldly in his heart. This old demon MU’s cultivation level was similar to his, so there was nothing to be afraid of. If this old demon dared to attack him, he didn’t mind teaching him a harsh lesson.

“Next, let’s welcome the first fellow Daoist onto the stage!”

Tai Yuan Taoist stood aside and shouted.

In front of him, a white-robed Daoist stood up and walked forward.

Hearing the discussions around him, Tang Hao learned that this person was Yu Qing Tian's Hua Xing xiuzhe. His name was Yu Jiang, and he was quite experienced. His cultivation was now over seven thousand blood.

"Fellow Daoists, please take a look at this!"

Daoist Yujiang stood on the stage and raised his hand. A huge golden egg appeared in his palm. On the shell of the egg, there was a brilliant divine glow. At the same time, there were purple lines that spread across the entire shell.

"What kind of egg is this?"

Someone in the crowd asked doubtfully.

"It should be the purple lightning Thunder Lion!" A xiuzhe said in a confident tone after examining it for a moment.

"That's right! As expected of a fellow Daoist from Miao fa heaven, you're really knowledgeable to even recognize this rare variant!" Daoist Yujiang said with a smile.

"I just happened to see it in an ancient book!" The star realm cultivator from Miao fa heaven said, "it is said that this species is extremely rare. Only a few dozen of them appeared in the ancient Lion Clan. Fellow Daoist, you are really lucky to have obtained an egg. I wonder why you want to exchange it?"

Daoist Yujiang laughed. "I obtained this egg a long time ago. At that time, I wanted to hatch it and raise it. However, you know how difficult it is to raise a spirit beast, especially a species with such a powerful bloodline. The resources needed are extremely terrifying ..."

"That's true!"

Heavenly Daoist Miao fa nodded and said.

The surrounding cultivators also nodded in agreement.

The stronger the bloodline, the harder it was to cultivate. This was a common understanding.

That was why many people picked up true dragon eggs and hatched them, but instead of nurturing them, they chose to devour them.

"My own cultivation is also not compatible with the purple lightning Thunder Lion Clan, so I can't use it to devour. After thinking about it, I decided to use it to exchange. If any of you have experience in devouring bloodlines, you can give it a try."

Daoist Yujiang raised the egg and shouted in all directions.

Many people were tempted.

“Bloodline devouring? This is interesting!”

Tang Hao mumbled.

The so-called bloodline devouring was a secret technique to devour ferocious beasts and obtain their superpowers.

Tang Hao had heard of this secret technique and knew a little about it.

This was similar to when his physical body had fused with the Dragon Bone. After he had dragonformed, he had obtained a pair of divine Eyes of the Dragon, which could summon the wind and summon the rain. It was almost the same logic, but the methods were different. He had fused with the divine bone, while this secret technique had devoured the entire ferocious beast, which was more bloody.

However, he didn't bid. After all, this thing wasn't very useful. His gate of Fortune's treasure vault had a huge pile of various divine bones, so he didn't lack this purple lightning Thunder Lion.

Moreover, this was the first round, and it was not good for a newcomer like him to be in the limelight.

“I'm interested. May I know what fellow Daoist Yujiang wants?”

A star transformation realm xiuzhe raised his hand and shouted.

“It'd be best if it's an egg with ice attributes. Its bloodline should be stronger!” Daoist Yujiang said after a moment of silence.

“Ice attribute?” The man was startled and no longer spoke.

He did have some rare fierce beast eggs on him, but none of them were of the ice attribute.

Seeing this, Daoist Yujiang was slightly disappointed.

“Do you really have to be of the ice attribute? I have a fire element pill here, and its bloodline is not inferior to your purple lightning Thunder Lion!” In the other corner of the crowd, a xiuzhe shouted.

“This ... It's best if it's still an ice attribute!” Daoist Yujiang said hesitantly.

“Then there's no other way!” The man shook his head and did not say anything else.
