

The Mightiest Little Peasant Chapter 2360

“Taishang Wangqing? It can’t be, right?”

The xiuzhe in the four directions were all dazed.

Everyone in the square was looking at the spiritual herb.

There were suspicions and shock in their eyes.

They couldn’t believe that this newbie could actually take out such a legendary spiritual herb!

“It’s true! This is real!”

Daoist Qing Yi stared at the spiritual herb, as if he was drunk with it!

What he liked the most in his life was to collect plants. The rarer the plant, the more fanatical he liked it, to the point of obsession.

Now that he had seen this legendary Supreme emotion-forgetting grass, he could not take his eyes off it.

“Is this true?”

The cultivators were still in disbelief.

“This guy ... How could he have such a divine item?” Then, they looked at Tang Hao and sized him up.

First, it was the extinct mysterious heavenly vine. Now, it was the legendary Supreme heartless grass. They felt that this newcomer was not simple!

“This guy ... Is quite fat!”

In the crowd, old devil mu narrowed his eyes, his gaze sinister.

He sized up the newcomer and laughed.

The fatter this guy was, the better it was! The more refreshing it was to slaughter!

“Senior! How is it?”

Tang Hao flicked his sleeve and retrieved the Supreme senseless herb back into the herb garden. He let Xianyun plant it.

He had obtained this spiritual herb a long time ago. However, it was useless to him. He did not cultivate the mantra of the great oblivion. This great Dao was not something that ordinary people could cultivate.

Therefore, he threw this spiritual herb into a corner and planted it casually. He didn’t expect to use it today.

Qing Yi Daoist's face turned ashen.

"I've lost!"

He gritted his teeth and said unwillingly.

Upon hearing this, the crowd burst into an uproar.

No one had expected that the result would be like this. Senior had even lost the second round.

"Then, does senior still wish to continue?" "If you're willing, senior," Tang Hao said, "I'll be happy to accompany you. I don't care what kind of plant it is, whether it's bamboo, flowers, or Lotus, I'll do it!"

Daoist Qing Yi was shocked. He looked deeply at Tang Hao.

If this fellow had said that from the start, he would have definitely laughed at him for being arrogant. However, he could not laugh now.

This guy really had the confidence!

From the mysterious heavenly vine and the Supreme emotionless grass, he could tell how profound this fellow's collection of plants was!

Although this guy was young and his cultivation level was low, his collection of plants and vegetation was even more than his 9000 plus blood senior. This was simply unbelievable!

He was a little suspicious. Was this guy really a wandering cultivator?

"No more competition!"

He waved his hand and sighed.

If he stopped now, he could still save some face. If he continued to compete, he would lose all his face!

He was an old senior with more than 9000 HP. He couldn't afford to lose face like this.

Therefore, it was best to stop here.

"This bottle of blood essence, you can have it!" He added, "also, if you have any conditions, you can state them as long as they're not too much."

"Not competing anymore?"

Tang Hao was a little disappointed.

He still wanted to compete and show off his collection. It would be best if he took out the green Lotus as well to blind the eyes of these old monsters and seduce more people. One old devil mu was not enough for him to eat.

He didn't expect the Qing Yi Daoist to be so easily defeated after two rounds.

The Qing Yi Daoist's face twitched when he saw Tang Hao's reaction.

F * ck! Does this junior really want to see me lose face? What grudge do you have against me?

He cursed in his heart.

However, no matter how angry he was, he didn't show it on his face. As an old senior, he still had to be gentlemanly!

"No more competition! I'm not competing anymore!"

He forced a smile on his face and said.

"Al! It's a pity, I still have many plants that are even more precious than the Supreme senseless grass! I didn't have a chance to show it off!" Tang Hao sighed with regret.

The Qing Yi Daoist's face twitched again.

F * ck! This junior was simply asking for a beating! Aren't you deliberately provoking me!

At this moment, he really wanted to slap this Junior's face.

"I'll endure!"

He took a deep breath and resisted the urge.

"This guy...Is stupid!"

The expressions of the xiuzhe in the surroundings were strange. They looked at this new person as if they were looking at an idiot.

Although this was Longyuan star and it was safe with senior Taiyuan's protection, if he left this place, there would be no one to protect him. A newcomer with such a weak cultivation could easily become a target.

Under such circumstances, he didn't know how to hide his strength and even took the initiative to expose his treasure. If this wasn't stupidity, what was it?!

"I think this guy is in trouble!"

Some xiuzhe shook their heads.

Originally, no one had any ideas about this newcomer, but now that he had revealed so many rare plants, many people probably couldn't hold back, especially that old demon mu. How could he let go of such a good target?

"Cough cough!"

Tai Yuan Taoist coughed heavily and said, "fellow Taoist Wu Tian, be careful!"

Tang Hao pretended to wake up and said, "Hahaha! Everyone, please don't mind me, I was just talking nonsense, you can't take it seriously!"

The cultivators laughed, but their eyes were filled with profound meaning.

What nonsense are you talking about? you're the one talking nonsense now!

"Senior, my request isn't too much. A branch of the elemental spirit wood and a piece of the root of your star nether grass."

Tang Hao said to Qing Yi Daoist.

"Rhizome? Wooden branch? Are you going to plant it yourself?"

Qing Yi was slightly surprised.

The primordial spirit wood and the star nether grass were not ordinary plants. Their grades were very high. Even if they had matured, it would be very difficult to grow them alive, let alone grow an entire plant from a branch.

"This guy has so many plants and vegetation in his collection. He's probably an expert in this area. Maybe he really has a way. I'll give it to him!"

Daoist Qing Yi pondered for a moment, then nodded in agreement.

He cut off a branch from the primordial spirit wood, then took a portion of the stolon from the star nether grass and gave it to Tang Hao.

"Many thanks, senior!"

Tang Hao took it and thanked him.

Then, he looked at Daoist Zhu on the stage.

"Daoist Zhu, I'll give you the mysterious heavenly vine! How many do you want?"

"A hundred Zhang!"

The Daoist surnamed Zhu said after a slight hesitation.

“Alright!”

Tang Hao immediately took out the three-hundred-meter-long dark sky Vine and handed it to Tai Yuan so that he could pass it to him.

Then, he took the Jade bottle from Taiyuan senior.

He opened it and looked inside. He couldn't help but nod, revealing a satisfied expression.

There was quite a lot of eight tribulation Emperor's blood inside. There should be more than 300 drops, which could help his creation sect create more than 300 seven tribulations in the future. In addition, there were also five drops of sovereign's blood, which he could give to some of the geniuses in the sect.

That's right, I have to save two drops for little Xianyun and Little Phoenix for them to use to congeal blood.
