

## The Mightiest Little Peasant Chapter 2362

“Senior! Goodbye!”

Cultivators stood up and bid farewell to Taiyuan Taoist before flying into the sky.

“Senior, we’ll be leaving too!”

The people of the great void, the divine curse, and the three heavens of the South Pole stood up together and said their goodbyes to Taiyuan Taoist.

There were eleven people from the three orthodoxies.

In addition, there were also a few people who were not from the three great orthodoxies. There were seven of them, making a total of 18 people.

“Senior, it’s not that we don’t want to stay, but there’s something we really need to do. We need to go back to Pangu and take care of that little devil surnamed Tang! As long as this devil is not killed, Pan Gu will never be at peace. ”

Daoist nanshou’s face was filled with hatred.

“Go! I wish you all the best!”

Tai Yuan Taoist smiled and nodded at him.

“Go! I’ll go back and deal with that kid. Right, I’ll also take back my star!”

Daoist nanshou turned around, transformed into a divine light, and left in a hurry.

To him, dealing with that kid was actually secondary. The most important thing was to take back constellation.

“It seems that I have to go too!”

Tang Hao stood up.

That star was already his, and he couldn’t let this guy take it back. Moreover, his origin core avatar was still sleeping in the star. Once the star was discovered, with the strength of this group of old monsters, his avatar might not be able to escape.

Therefore, he had to go back and stop this group of old monsters.

Daoist Wutian, aren’t you going to stay for a few more days?”

Seeing him stand up, Tai Yuan Taoist was stunned.

Daoist Wu Tian, don't you know that he's likely to be targeted because of what he did? It was very dangerous to go out now, so it was best to stay here for a few more days to be safer.

Many people in the crowd turned to look at Tang Hao.

"No need! I have something to do and I need to go back!"

Tang Hao said.

"Since that's the case, I won't try to persuade you any further. Fellow Daoist, you have to be careful!"  
Said Taiyuan Taoist.

"Senior, don't worry!"

Tang Hao smiled and cupped his hands at Taiyuan Taoist. Then, he turned into a beam of divine light and shot into the sky.

At this moment, there were many gazes on the square that followed him.

A few people stood up when they saw the divine light disappear into the horizon.

"Senior, farewell!"

They all leaped up and turned into divine light, leaving.

"Senior, I'll be leaving too!" After these people left, old devil mu, who was in the crowd, slowly stood up and turned into a divine light to leave.

"Al!"

Tai Yuan Taoist sighed as he watched them leave.

How could he not see these people's intentions? however, he could not interfere. Once they were out of the Longyuan planet, he could not do anything.

"This newbie ... He's too impulsive!"

He said helplessly.

He had asked her to stay because he wanted to help, but he didn't expect that the newcomer would not listen to him and insist on leaving.

"Forget it! What does it have to do with me?"

After a moment, he shook his head and looked away.

After Tang Hao came out of the Longyuan planet, he turned into a divine light and rushed away.

Far behind him, several figures followed from a distance. They didn't dare to follow too close for fear of being discovered and startling the newcomer. They were also on guard against each other.

They all had their eyes on the treasure on the newcomer. If possible, they all wanted to take it for themselves.

"That's great! The newbie didn't notice me!"

"It's best if we follow him and find his star. Then, when he's not paying attention, we can attack the star. Only then will we have a chance to kill him!"

These few people calculated.

Although this guy was a newcomer and his cultivation was a few thousand blood lower than theirs, he was still a star transformation Saint. He definitely had some tricks up his sleeve. It wouldn't be easy to kill him. If they startled him and made him use a secret technique to escape, all their efforts would be in vain.

As they followed, they tried their best to hide their auras and used all kinds of concealment techniques to prevent themselves from being discovered.

But what they didn't know was that Tang Hao had discovered them long ago. He knew their location like the back of his hand, and those concealment techniques couldn't hide from his senses.

"Only four small fish, what about the big fish? Why haven't they caught up?"

"They're here!"

Tang Hao sensed for a while and finally found old devil mu following behind the four people.

"Why aren't these guys making a move yet? You're too dawdling!"

Tang Hao deliberately slowed down a little to create an opportunity for the people behind him. However, whether it was the four of them or old devil mu, they did not move and just followed from a distance.

"F \* ck! He's too cowardly!"

Tang Hao was speechless.

He had tried so hard to create the conditions for them, but why were they not moving!

"Don't tell me you're going to follow me to constellation?"

Tang Hao was troubled.

He wanted to go to his own planet, but there was still a group of people there. There were a total of eighteen Hua Xing old monsters. If he brought these five people over, wouldn't he run into them? what if they joined forces? how troublesome would that be?

Even if the two groups didn't join forces, he wouldn't be able to eat old monster mu.

"This won't do! Old monster mu has so many treasures, we can't let them go!"

Tang Hao's heart itched when he thought about the treasures that old devil mu had.

That old monster must have had a copy of the Thunder immortal's inheritance, and that piece of Starcore true gold was a Supreme-grade divine material. There was no reason for him to let it go.

Tang Hao tried a few more times, but the group's patience exceeded his expectations. They did not move. He slowed down, and the group slowed down as well. They slowly followed him.

"There's no time. Let's get rid of these guys!"

Tang Hao did some calculations. If this continued, he wouldn't be able to stop the old monsters from the three great orthodoxies in time.

He slowed down again, and then, as if he had suddenly discovered something, he turned around abruptly and shouted in shock,""My fellow Daoists, what are you doing?"

The four of them were stunned. They did not expect to be discovered so suddenly.

They stopped, and their expressions turned ugly.

Things weren't good. He had been discovered!

It would not be easy to keep this guy in this place!

The four of them looked at each other and nodded in tacit understanding.

Since they had been discovered, there was no other way. They could only settle it here. If one of them was to deal with this guy, the chances of keeping him alive were not high. However, if the four of them worked together, the chances of that were much higher.

"Hey! Daoist Wu Tian, we didn't do anything!"

"Yeah! It's just along the way, our star is also in this direction!"

They smiled and pretended to have met by chance.

In secret, they were discussing how to join forces and take down this newcomer.

"I see!"

“I thought you were trying to harm me!” Tang Hao was surprised.

Hearing this, the four people who were conversing were shocked.

“Hahaha! How could that be!”

“Daoist Wu Tian, you’re thinking too much!”

The four of them laughed, but secretly, they activated their immortal blood and were ready to attack.

This guy must have discovered their intentions and was preparing to run.
