

The Mightiest Little Peasant Chapter 2392

“What are you looking at? if you keep looking, I’ll teach you a lesson!”

Liu heihu roared in all directions. He was proud of himself.

He was now an expert with close to ten thousand blood. None of these old monsters who had cultivated for thousands of years were his match.

The divine Lords ‘expressions changed when they heard this.

This Black Tiger was not a good person. He liked to sneak attack people and steal their treasures. If he targeted them, it would be terrible!

They hurriedly turned around and looked away, not daring to provoke this thorn in their side.

Seeing this, Liu heihu was even more proud. His nostrils were almost raised to the sky.

“Brother Liu, long time no see!”

However, at this moment, a clear voice came from the side.

He was too familiar with this voice. As soon as he heard it, he instinctively reacted and his body trembled.

He turned around and saw Tang Xiu flying over. He stood not far away and looked at him with a smile.

He was all too familiar with that look. Every time he saw a treasure, he would reveal the same look.

“Tang kid, what are you trying to do?”

Liu heihu panicked instinctively and his voice trembled.

“Nothing much! I’m just here to give my regards. After all, we haven’t seen each other for a long time!” Tang Hao was all smiles, as if he had just met an old friend.

“What’s there to ask about? I’m not even close to you!”

Liu heihu said through gritted teeth.

“Al! Brother Liu, that’s not right. What’s our relationship? we’ve known each other for so many years and you still say we’re not close!” Tang Hao said with a smile.

As he spoke, he sized up the other party, his eyes getting brighter and brighter.

He was sure that Liu heihu must have some powerful treasure on him. It might even be a celestial artifact.

“Pei Pei Pei! Who has any friendship with you!” Liu heihu said angrily, the veins on his forehead bulging.

This bastard was too shameless!

He had tricked him so badly, and he still had the face to talk about friendship?

He, Liu heihu, had never seen such a shameless person in his life.

“Don’t get too cocky, Tang kid. I, Liu heihu, will take my revenge one day!” He spat ruthlessly and turned to leave.

The divine Lords of the four directions were confused. They had heard that the two of them had a good relationship and that the Liu Clan was a firm ally of the gate of fortune. But now, it seemed that something was not right.

“This Liu heihu has a grudge against that Tang guy?”

Over at the great void heaven, some of the star transformation realm old monsters were thinking of roping in this genius of the Liu tribe to deal with that Tang guy.

“Seniors, you must not!”

“Don’t worry!” The cursed young master urged.

“Oh? Why can’t I?” The group of star realm old monsters were a little puzzled.

“You don’t know this, but this Black Tiger and that Tang guy are in the same group. They secretly colluded with each other and tricked me so badly before. Now they must be trying to play the same trick again.”

The cursed young master said.

Then, he simply told the Hua Xing old monsters about what had happened in the hundred clan Alliance. He gritted his teeth in anger.

What happened back then was a humiliation to the great void heaven and the God curse heaven. They were ridiculed by the world for a long time.

“I see!”

When the group of star realm old monsters heard this, they came to a realization.

Then, their expressions turned even uglier. That genius surnamed Tang was already difficult enough to deal with, and now there was another genius of the Liu family with close to ten thousand blood. If these two geniuses joined forces, it would be even more difficult to deal with.

“No harm! No matter how powerful this genius of the Liu Clan was, could he be more powerful than that Tang guy? As long as he hasn’t reached the 8th tribulation, it won’t be a problem!”

“That’s right! I don’t think this Liu clan’s freak knows his place. He’ll definitely go to the eighth floor. When the time comes, we’ll go as well and inform the Dao Masters of the various heavens to take care of this freak of the Liu Clan as well. ”

An old monster Hua Xing said.

“That’s a good thing. Think about it. That genius of the Liu family must have had some amazing opportunities to reach ten thousand blood in such a short time. After killing him, we can take his opportunities for ourselves. ”

“Hahaha! That’s very true!”

The group of old monsters discussed as their brows relaxed and they were in a good mood.

In their eyes, the genius of the Liu Clan was no longer a threat. Instead, he was a great opportunity.

Meanwhile, Liu heihu, who was standing in the distance, had no idea that he had been targeted by the orthodoxy of the three heavens because of his relationship with Tang Hao. If he had known, he would have vomited blood and cried out that he had been wronged.

After experiencing the disturbance caused by the Nirvana elixir, the seventh level had calmed down again.

Occasionally, there would be many treasures that would attract a group of seven tribulation Sir gods to fight for them. However, it was not very intense. After all, they were all seven tribulations and would not fight to the death.

Tang Hao was too lazy to explore the trial grounds. To him, the treasures on this level were not even enough. He stayed on the divine boat and continued to refine pills. He produced batches of nourishing pills and stored them in bottles.

His movements were very fast, and he made one batch after another without stopping for a moment.

As for Zao Huazi, the three sky elders, and the others, they had all gone to various trial grounds and gained a lot.

To be able to become a seven-tribulation Sir God, one’s talent was not bad. They were also monstrous when they were young. It was naturally not a problem to pass these trials.

Lord Qin, Lord han, the heads of the major clans, as well as young master Li and the others, were all at the trial grounds.

Just like that, after three days, some of them finally returned to the divine boat.

Two days later, the familiar seventh tribulation cultivators had finally gathered. Tang Hao went to the sixth and fifth levels to bring back the disciples of the gate of destinies. Then, he carried the one million cultivators on the warship and flew straight to the eighth layer of heaven.
