

The Mightiest Little Peasant Chapter 2395

In the sky, the divine creation boat was slowly moving.

Tang Hao stood at the bow of the ship. He activated his heaven's eye and scanned the realm.

This Jie was more dangerous than he had expected.

On the first seven floors, there were many trial grounds. As long as one passed the trial, they could get some treasures. However, on this floor, there was no trial ground, only fierce beasts, all of which were at the eighth tribulation and had the bloodline of the untainted.

The treasures of this world were either on the bodies of these ferocious beasts or were guarded by them. If he wanted to get his hands on them, he had to face these ferocious beasts.

"These animals ... Are not easy to deal with. Look, that's a blue Luan, much more powerful than the blue Luan outside!"

Numinous treasure's master stood beside Tang Hao and pointed into the distance.

There was a red flame mountain that was more than a million feet tall. On the mountain was a nest where a blue Luan lived. Its size was far larger than the blue Luan that Tang Hao had seen in the outside world.

"These are all raised by true immortals from ancient times. The collar on their necks is a high-grade beast taming ring that can suppress their spiritual intelligence. Therefore, the spiritual intelligence of these primitive bloodlines is not high."

Numinous treasure Dao Lord explained after pointing at a few ferocious beasts.

"However, although they are not very intelligent, they still have their fighting instincts. They are not to be trifled with. Some of the ferocious beasts will even become more aggressive and brutal. Once provoked, it will probably be a situation where one will not rest until one is dead."

Numinous treasure Dao Lord said with a hint of fear.

"Since these beasts are so powerful, let's choose a weaker one. We have nine venerable sovereigns here, and with this divine boat, can't we deal with them?" Tang Hao said.

"Little friend Tang is right. We have so many people. It's more than enough to deal with one!"

"I remember that there's a flood Dragon over there. It's a Blackwater mystical flood Dragon. Its cultivation isn't high, only at the realm of one aperture. We can definitely deal with it together!"

The other venerable sovereigns nodded and agreed.

Tang Hao steered the divine boat in the direction they pointed out.

At this time, at the entrance, a wave of ripples appeared. Someone had come in from the seventh level.

“Hahaha! The eighth level, here I come!”

Wild laughter could be heard even before he came out.

“All the animals here, listen up. Your Black Tiger is here. Wash your necks and wait!”

A figure emerged from the ripples. It was Liu heihu.

Liu heihu stood there, looked around, and roared with pride.

An eighth tribulation beast was indeed powerful, but it was nothing to Liu heihu. He was ready to go all out here and show that Tang fellow his power.

However, before he could do anything, six figures tore open the void and landed in front of him. Each of them was shrouded in the dazzling undying immortal radiance and monstrous anger.

Liu heihu was stunned!

His brain was stuck for a moment, and he didn't quite understand what was going on.

“Seniors, wait, what are you all doing?”

Liu heihu said guiltily.

He didn't understand how he had provoked so many old monsters. Was it because of the robbery in the past?

“What are you doing? You don't understand?”

Some old monsters sneered.

“Don't talk nonsense with him. We can't kill that kid, but we can deal with this one!” The great void sect master said angrily.

At this moment, he was full of anger. It was a great humiliation that so many venerable sovereigns couldn't even kill a young boy!

Since I can't kill that kid, I'll kill his accomplices!

He gritted his teeth and made a move in anger. The other five venerable sovereigns followed suit. They had been holding back their anger for a long time, so they attacked with all their strength. Liu heihu's face turned pale with fear.

What kind of enmity was this? what kind of grudge was this? why did these people's posture make it feel as if he had a grudge against them for killing his father?

“Is there a need to!”

Liu heihu almost cried.

Didn't he just Rob the disciples and Grand-disciples of these old monsters? did they have to treat him like this?

“Hmph! You still feel wronged? It's your fault for being that kid's accomplice!” The path master of the South Pole path sneered.

“Accomplices?”

Liu heihu was stunned. Then, his face twitched, and his expression became very interesting.

F * ck! It turned out that this group of old monsters thought that he was an accomplice of that surnamed Tang, so they came to kill him!

At this moment, Liu heihu really wanted to shout at the sky and cry out that he was wronged!

However, he didn't have time to explain as the six great emperors had already attacked.

“Tang kid, it's because of you again. Just you wait!”

“F * ck!” He cursed and waved his sleeve. A black divine light flew out and circled in the air. The Supreme weapons of the six Supreme emperors all stopped, and the momentum on them disappeared.

Then, the divine light flew back into his sleeve.

Pfft!

Liu heihu's body trembled and he spat out blood. He was injured.

He didn't have time to wipe the blood. He turned around and ran away before the six venerable sovereigns could react.
