

The Mightiest Little Peasant Chapter 2403

“What?”

The great void sect master and the divine incantation sect master were slightly taken aback when they noticed the divine craft creation boat.

Then, they laughed.

This kid wants to snatch the xuanhuang Qi?

Without those old monsters, this kid’s strength was only equivalent to that of an eight tribulation venerable sovereign. Moreover, he had the help of a divine boat. If he was not a real eight tribulation venerable sovereign, how could he defeat them?

The other two venerable sovereigns were also surprised, and then they shook their heads.

The divine boat of fortune was powerful, able to injure the Dao and devil ancient monarch with a single shot and force monarch Ling yang to retreat. However, it was too big and not agile enough. How could it compete with True Monarch level experts like them?

“Fellow Daoists, why don’t we work together to get rid of this brat first, then we can discuss the ownership of this profound yellow ancient Qi. What do you think?”

The great void sect master looked at the two people opposite him and laughed.

“Daoist great void, you’re trying to harm me!”

The two venerable sovereigns burst into laughter.

Who didn’t know that this brat was extremely monstrous and was a huge problem? why did they have to provoke him? if they couldn’t kill him and let him escape, they would have made a great enemy for themselves. In the future, their two orthodoxies would probably never have a peaceful day.

“Then there’s no room for discussion!”

The great void sect master snorted and attacked.

He raised his hand and unleashed a divine Wheel of Time toward the two of them. At the same time, the path master of the divine incantation path beside him shot forward with a golden spear in his hand, hurling it toward the two of them.

The two of them didn’t back down. They both took out their treasures and threw them forward.

They were also the Dao Lords of the heavens, and their divine powers and treasures were not weak.

After exchanging blows for a moment, the two sides were in a stalemate. Under the situation where the difference in strength between the two sides was not too great, it was very difficult for them to determine the victor and the owner of this wisp of Black Yellow ancient Qi in a short period of time.

The great void sect and the divine incantation sect's path master started to panic as they saw the divine craft creation boat getting closer.

No matter how useless that brat was, he was still equivalent to an 8th tribulation. With him stirring things up, it would be very difficult for them to snatch this wisp of profound yellow ancient Qi.

The great void sect master turned around and gritted his teeth. He seemed to have made up his mind. With a flip of his palm, two streaks of black light appeared. They were two pitch-black needles, and they were surging with demonic Qi.

"This ... This is ...?"

"Why do you have such an evil thing?"

The two Dao Masters looked at him, and their expressions changed drastically, revealing their shock.

Even if they were eight-tribulation venerable sovereigns, they would still be terrified by this soaring evil Qi. In this world, there was probably only the legendary darkfiend demonic needle that could have such a powerful needle-type tribulation weapon, a treasure refined by one of the 100 ancient Immortals, the darkfiend immortal venerable.

This needle was extremely evil and specialized in breaking all kinds of immortal Gu and shields. Once one was hit by this needle, not even the Daluo immortal could save him.

"That's right! It's the darkfiend demonic needle!"

The great void sect master snorted and threw the two demonic needles in his hand.

"What a pity!" Then, he muttered.

He felt a little heartache. Although the needle was not a one-time use treasure, its power would be greatly reduced every time it was used. He had been reluctant to use it when he was chasing after old demon blood. Now, he was only willing to use it for the black Yellow ancient Qi.

However, as long as he could obtain the black Yellow ancient Qi, it would be worth it no matter how great the price was.

Hiss!

Facing the two demonic needles, the two Dao Masters sucked in a breath of cold air and looked slightly panicked.

They didn't dare to take it and left.

The great void sect master took this opportunity to move forward and grab the xuanhuang ancient Qi.

Looking at the treasure that was about to fall into his hands, he revealed a look of ecstasy.

This xuanhuang Qi had many uses. It could be refined into all kinds of things. If it was refined into a tribulation weapon, it would increase the power of the Tribulation weapon and become indestructible. If it was refined into the physical body, it could transform the physical body into the legendary xuanhuang immortal body.

“As long as I have this xuanhuang ancient Qi, I can easily suppress that old demon Xue. After I kill him and deal with that kid, I will be able to gather all nine imprints and open the treasure of the great God Taixu.”

The great void sect master was getting more and more excited.

However, just as he was about to grab the xuanhuang ancient Qi, the void beside him twisted. In the next moment, a figure came out and rushed toward him.

“Brat, you’re looking for death!”

The great void sect master laughed hideously and retracted his hand that was reaching for Gu Qi. He clenched his fist and punched at the figure that was charging over.

This brat actually dared to step out of the divine boat and compete with him for the treasure. Wasn’t he courting death?

With his cultivation, he could kill this kid with one punch and destroy his body and soul!

“Is that so?”

Tang Hao smiled coldly. The Golden core in his palm suddenly split open, turning into fine golden sand that covered his palm.

He carried the poisonous golden sand with him as he attacked the great void sect master.

“What ... What is this?”

The great void sect master’s eyes narrowed as he revealed a look of intense shock and horror.

“Myriad golden pill!”

Tang Hao said coldly, enunciating each word.

After he finished speaking, his palm had already arrived and collided with the great void sect master’s fist.

Ah!

A shrill scream was heard.

The great void sect master retreated frantically. His face was filled with panic and fear. His hand was already half-corroded and covered in blood and flesh.

This scene stunned the divine incantation path master.

He had been prepared to watch a good show and wait for this kid to be killed with a single punch. However, he had not expected that the great void sect master would be the one forced to retreat and even be injured.

“That’s the Golden myriad disaster pill?”

Looking at the Golden poisonous sand, he couldn’t help but take a deep breath and retreat.

This was something that even a nine tribulations Supreme would be afraid of, and it had the power to kill a venerable sovereign!

“I’ll be taking the treasure!”

Tang Hao seized the opportunity to retrieve the wisp of xuanhuang ancient Qi. Then, he dashed toward the great void sect master. With a wave of his hand, the Golden poisonous sand turned into a mist and shrouded the great void sect master.

The great void sect master trembled in fear and his soul almost left his body.

He cried out in alarm, turned around, and fled in panic.

“You’re running pretty fast!”

Tang Hao grinned. Then, he turned around and looked at the path master of the divine incantation.

“You ... What do you want to do?”

The divine incantation path master’s body trembled, and he looked a little dazed.

“What do you think I can do? this is a one-time use treasure. I’ve already used it, so I can’t waste it!”

Tang Hao smiled at him, then shot forward.

The path master of the divine incantation path twitched and wanted to curse.

He had never thought that this little rascal would have such a powerful treasure on him. At this moment, he had no choice but to run.

After weighing his reputation and his life for a moment, he still chose to save his life. Since the great void sect fellow had already escaped, he was not the only one who would be embarrassed. It was better to save his life first.

“Little bastard, just you wait!”

“Run!” He spat out fiercely and ran away, leaving the two venerable sovereigns dumbfounded.
