

The Mightiest Little Peasant Chapter 2405

“You little brat! I ... I’m not done with you!”

The old demon of desolation howled into the distance with a look of exasperation.

When he looked down again, his face fell, and he wanted to cry but had no tears.

Originally, after obtaining a wisp of Black Yellow ancient Qi, he had hope of quickly recovering to his peak state, and even had hope of obtaining another wisp. Now, it was all good. His injuries had worsened, and he would need to spend more time to recover.

With his current appearance, he could no longer fight for the second wisp of xuanhuang ancient Qi. It was a complete loss.

“This little brat is too detestable! First, you destroyed my demon world, played me for a fool, and now you used the myriad golden pill to trick me. This enmity ... I will settle it with you sooner or later!”

He looked into the distance and gritted his teeth, his face full of hatred.

“The appearance of the ancient Qi means that the trial in the black and yellow tower is about to end. I should leave. One wisp of black and yellow ancient Qi is enough for me. When I recover my cultivation, it will be the time of that kid’s death!”

He mumbled to himself, then turned around and headed toward the entrance of the eighth floor.

“You’re running pretty fast!”

Tang Hao did not chase after them. He had already achieved his goal.

“The myriad golden pill! That’s the Golden pill of myriad problems!”

At this time, the venerable sovereigns were all shocked and looked at him with fear.

The Dao Masters of the great void sect and the divine curse sect were chased away, and the mysterious venerable Emperor was severely injured and was fleeing in a sorry state ...

In their eyes, Tang Hao, who had the power of a golden core cultivator, was undoubtedly the most terrifying existence on the eighth floor.

Fortunately, a treasure like the Golden elixir of myriad problems was a one-time use item with a time limit, so they were not too worried.

“Myriad golden pill? This is the most poisonous thing in the world, even I have to be wary of it. ”

At this moment, in a corner of the void, the people of Buddhism were hiding and spying.

They were shocked and fearful when they saw the myriad golden pill.

“Eh? This guy ... He looks so familiar!”

Suddenly, a soft sound of surprise was heard among the people of Buddhism.

“Bujie, you know him?”

A Saint Buddha said.

“It’s him! It can’t be wrong! I’ll recognize him even if he turns into ashes!” On the warship, bujie gritted his teeth as he spoke.

But then, he frowned and revealed a look of surprise. “But, that’s not right! This is impossible!”

“Bujie, what’s the matter?”

The group of Saint Buddhas asked in confusion.

“Senior brothers, this guy is the thief who sneaked into our dipamkara temple and stole the second Guardian Buddha!” Bujie replied.

“What? He’s that little thief from back then?”

“That’s not right! Wasn’t he only at the sixth tribulation back then? But now, how could he have ten thousand HP?”

Everyone on the ship was shocked.

They naturally remembered what had happened back then very clearly. This time, they had come out not only for the black and yellow tower, but also for this little thief. They wanted to take back the body of Joss flames and create a new guardian Buddha.

However, they had never expected that in just a few years, this little thief’s strength would have a tremendous change. From a mere sixth tribulation, he had become a ten thousand Blood Realm expert, a giant who could compete with a group of venerable sovereigns.

Such a huge change made them completely unable to believe it.

“What? He was the thief who stole the incense? He ... Is a young monster?”

A small Pagoda floated on the ship, and a powerful divine will was released from the pagoda.

There was a hint of intense shock in his tone.

“Lord Guardian Buddha, it’s this person!”

Bujie bowed towards the small Pagoda as he respectfully spoke.

“He’s really a monster. No wonder he could snatch the body of Joss flames!” Mahesvara Buddha muttered, “he’s just in time. We don’t have to look for him now. However, we’ll deal with him later. Now is not the time!”

“Let’s first seize a wisp of ancient Qi. Then, when the time limit is up and the myriad golden pill disappears, we’ll attack and kill him. Then we can take back the Joss Flame Body and also get an additional wisp of ancient Qi!”

“The Lord Guardian Buddha is wise!”

The monks on the ship immediately complimented him.

They were all overjoyed.

They did not doubt the strength of the Lord Guardian Buddha at all. As long as the Lord made a move, the little thief would have to be executed obediently. By then, not only would the body of incense return, but the countless treasures on the little thief would also belong to the dipamkara temple.

“This kid has countless treasures on him. The Kasaya of the heavenly Buddha courtyard and the cultivation method of the moonlight Treasure King body are all on him!”

“And the one he’s wearing is ye Xi! That Supreme battle armor of the night race!”

They peeked at the precious light on Tang Hao’s body, and their eyes gradually became fiery and crazy.

“Eh? Someone is spying on me!”

Tang Hao’s sharp senses detected the prying gazes.

It wasn’t the venerable sovereigns from the four directions, but from somewhere in the void.

“This aura is a little familiar ... It’s the Buddhist sect!” Tang Hao had cultivated Buddhist techniques before, so he was familiar with the Buddhist aura. He recognized it immediately.

“It seems that the group of remnants of Buddhism has come and are hiding in this world. However, as far as I know, the strongest among them is only at the seventh tribulation. How dare they come to the eighth level?”

Tang Hao was confused.

Back then, he was only at the 6th tribulation. To him, a group of 7th tribulation sacred Buddhas was already very powerful. But now, he no longer put these sacred Buddhas in his eyes. Back then, he had to rely on the devil soul from the devil burial abyss to escape from bujie’s pursuit. But now, if that monk were to appear again, he could crush him to death with a single hand.

For the venerable sovereigns here, a group of ordinary seventh tribulation cultivators were like ants that they could kill easily.

Where did this group of Buddhist remnants get the confidence to come here?

“Could it be the so-called Guardian Buddha?”

Tang Hao’s mind flickered as he recalled the sleeping Guardian Buddha in Dipamkara temple.

“It should be him!”

Tang Hao thought for a while, then he was certain.

This Guardian Buddha was a great figure in the ancient times, an existence on par with Supreme Buddhas like Moonlight Treasure Buddha and Mahasattva Thunderclap Buddha. He was also on the same level as the hundred Immortals. Now that he had awakened, he was probably going to stir up a storm in Pangu.

“I wonder how strong this Guardian Buddha is. He shouldn’t be too strong. Otherwise, he would have shown himself long ago. I’m afraid he’s not at his peak either, just like the old demon desolate evil.”

Tang Hao thought about it again. He had a rough idea of The Guardian Buddha’s strength.

“Since The Guardian Buddha is here, he must be here to snatch one of the Qi of heaven and earth. I’ll wait for him to make a move and then seize the opportunity to snatch it.”

Tang Hao said to himself.

The Buddha sect’s interference was exactly what he wanted. After all, the remaining few wisps of ancient Qi were being fought over by people he was familiar with, so it was not good for him to make a move. However, if this Guardian Buddha made a move, he would be able to snatch them with a justified reason.
