

The Mightiest Little Peasant Chapter 2408

The eighth floor of the xuanhuang tower was dead silent.

Everyone was looking at the exit in a daze.

Everything had happened too quickly.

In a short moment, the boy had cut off one of the Golden Buddha's arms, seized the black Yellow ancient Qi, and escaped from the eighth level. He had done it in one go so fast that they could not react.

Ah!

A moment later, there was an earth-shaking roar.

"You little brat, you're looking for death!"

The Mahesvara Buddha roared towards the sky as if he had gone mad.

He was a nine tribulations existence, but now he was defeated by a seven tribulations kid. This was a great humiliation!

"Let's go!"

He grabbed at the void above him and pulled out a giant boat. He held the giant boat and flew toward the exit, quickly entering it.

"That kid ... He's too bold. He even dares to provoke this Buddha!"

A Dao master heaved a sigh of relief and said with a look of lingering fear.

In the face of the Golden Buddha, they didn't even dare to breathe loudly. After all, it was an existence with three or even four apertures. Moreover, this Golden Buddha was once a nine tribulations sovereign, so it must be stronger than the ordinary three or four acupores venerable sovereign.

However, that brat dared to take the initiative to attack.

"This kid is really as cunning as the rumors say. He deliberately kept his golden core in preparation to trick people!"

The great void sect master snorted, but he was rejoicing in his heart.

Then, he sneered and gloated.

The dipamkara temple had a grudge with the thirty-three heavens. After ten thousand years, they would definitely seek revenge and target some of them. But now, it was all good. That kid had successfully pulled The Grudge over, so they did not have to worry anymore.

“This brat is tough and won’t die so easily ... The best result is that both sides are heavily injured. At that time, I can easily kill this brat.”

The great void sect master muttered to himself.

“Also, I need a wisp of Black Yellow ancient Qi. Only then can I completely suppress that old demon blood and have a chance to kill him.”

He raised his eyes and looked around.

At this moment, there were only four wisps of ownerless xuanhuang ancient Qi left. Each wisp was surrounded by four to five venerable sovereigns.

He gave the path master of the divine incantation path a look before they shot toward one of the paths and joined the battle.

“This brat ... He’s too bold!”

The numinous treasure path master, Vermillion Bird path master, and the others also sighed and smiled bitterly.

That kid’s actions just now had indeed given them a huge shock.

“Two wisps of ancient Qi! Tsk tsk! This kid is amazing!”

Then, they sighed with admiration.

It was difficult for them to even snatch a wisp of ancient Qi, but that brat had taken two wisps by himself. How could they not be jealous?

“There are still four more, we have to hurry!”

They also joined in the final fight.

At that moment, a few levels below the black and yellow tower, Tang Hao was riding the creation divine boat. He knew how amazing the treasures he had were. Two wisps of black and yellow ancient Qi were enough to make all the venerable sovereigns chase after him.

Not to mention, there was also the exasperated Guardian Buddha of the dipamkara temple.

He rushed out of the black and yellow tower as fast as he could and headed straight for the gate of fortune.

Only with the protection array of the gate of fortune could he stop the Furious Mahesvara Buddha.

“Hurry up! Activate the defensive formation!”

As soon as they landed on the creation peak, Tang Hao asked Zao Huazi to activate the formation. He took out a dozen eighth tribulation beasts' flesh and blood that he had obtained from the black and yellow tower and distributed them to Ling Zhanxu and the others.

They immediately sat down cross-legged and began to devour the flesh and blood.

When the formation was activated, Zao Fuzi and Daoist three clouds each received a large amount of flesh and blood. They began to devour and absorb it.

The flesh and blood of an eight-tribulation ferocious beast was a great tonic for a seven-tribulation Saint. Their auras were all rising crazily.

The rest of the disciples also sat on the divine boat. They took out their gains from this trip and began to absorb them. Their cultivation levels also rose continuously, and many of them reached the complete realm very quickly.

"I should be able to block it!"

Tang Hao looked around and sighed in relief.

With the divine boat's power and the defensive formation, he was confident that he could stop the Furious great freedom Buddha.
