

The Mightiest Little Peasant Chapter 2413

In the lower realm, on the central sacred planet.

A stream of light swept over from the depths of the starry sky and landed in the sky above the stars.

“The change is not small!”

After the light faded, a white-robed figure appeared. His eyes shone with divine light as he swept his gaze around the star. In an instant, he had a clear understanding of the strength of all the living beings on this star.

Compared to the last time he had come, the strength of the cultivators on the sacred planet had increased by a lot. Not only had the number of Saints increased greatly, but he could even see a few third and fourth tribulation saints.

Of course, most of these 3rd and 4th tribulation saints were from the great Qin imperial family.

He had returned several times and had given Qin Huang many treasures. It was also because of these treasures that the central sacred planet’s power had increased so much. Otherwise, with the thin immortal Qi in the lower realm’s starry sky, it was impossible for many saints to be born.

“Let’s go find the Qin Emperor first!”

Tang Hao’s figure flickered and he suddenly disappeared. In the next moment, he had already torn open the void and descended above the Qin Dynasty’s Imperial Palace.

His arrival didn’t attract anyone’s attention. With his current cultivation level, as long as he didn’t want to be discovered, no one on this planet could discover his existence.

“Who are you?”

When he landed, he was finally seen by the guards, who immediately shouted.

Immediately after, several groups of soldiers in black armor came from all directions and surrounded him.

Tang Hao did not respond. He studied the soldiers.

“Your aptitude is not bad!”

He muttered.

As guards of the royal family, they were naturally the direct descendants of the great Qin divine dynasty’s major families. They had outstanding aptitudes and were considered geniuses on this planet.

However, Tang Hao had seen his fair share of geniuses. Putting aside young masters like young master Taixu and young master Vermilion Bird, the Holy Sons of the ancient clans were all earth-shattering geniuses.

Therefore, when he saw these descendants of the Qin Dynasty's aristocratic families, he felt that it was a little forced.

"Hmph! Your Excellency's tone is quite bold!"

An angry shout came from not far away. Then, several golden lights swept over and landed on the square in front of the palace. Several figures appeared. The first one was a handsome young man wearing a dragon robe and had an arrogant face.

"May I know who you are and why you barged into the great Qin Palace? why are you speaking so arrogantly and looking down on the descendants of the great Qin royal family?"

He glared at them and shouted.

Tang Hao studied him and furrowed his brows.

He had never seen this young man before. However, judging from his dragon robe, he should be one of the many princes of the Qin Emperor.

He knew that the Qin Emperor had many children, so it was not strange.

"You ... Don't recognize me?"

Tang Hao said, surprised.

This was what he found strange.

"What, from your tone, it seems that this Prince must know you?" The Prince sized Tang Hao up and sneered. "You must be a Sage too. Otherwise, you wouldn't have dared to break into the great Qin Palace."

"However, you've come to the wrong place. This is the Imperial Palace of the great Qin Empire. It's not a place where you can come and go as you please!"

"A Saint?"

Tang Hao was surprised when he heard that. He then laughed.

Not only did this guy not recognize him, but he also mistakenly thought that he was a Saint who had come to break into the palace. How interesting.

He was about to explain himself, but before he could, the Prince shouted, "men, take him down!"

The next moment, with two Swooshes, two divine lights swept out from not far away and headed straight for this side, both of them having the aura of a third tribulation.
