

The Mightiest Little Peasant Chapter 2435

“Hmph! Kid, you want to get the treasure by yourself? You’re dreaming!”

The great void sect master and the others approached Tang Hao and mocked him.

Then, they took out all kinds of treasures and armed themselves. As eight tribulation venerable sovereigns, they all had a few nine tribulation Supreme weapons, especially the Dao Masters of the great void sect and the divine curse sect. They were even richer and had Supreme weapons on them.

“Kid, this treasure is ours. Just sit there and watch!”

The devil Dao ancient Emperor sneered at Tang Hao.

“Let’s go!”

The great void sect master led the way and the six of them charged towards the temple together.

They were all very confident. After all, there was only one kid while there were six of them. All of them were old venerable sovereigns. No matter if it was their means or divine powers, they were not something that the kid could compare with.

Tang Hao rolled his eyes at her.

Even if there were six of them, they would not be able to break this turtle shell. Even Mahesvara would not be able to do anything.

“Aaah!”

The next moment, a few muffled groans were heard.

Sure enough, the six people were all defeated and blocked outside the temple. A few of them were even blasted out by the Buddha formed by divine thoughts, looking a little embarrassed.

“Mother! What kind of ghost formation is this?”

“It shouldn’t be! It’s been more than ten thousand years, how can this formation still be so powerful?”

After trying a few times and still returning in defeat, the great void sect master and the others were a little depressed. They felt even more embarrassed and could no longer maintain their dignity.

“This isn’t a magical formation. It’s the divine sense left behind by the ancient Rulai divine sect!” The great void sect master shook his head in distress.

“My fellow Daoists, weren’t you very confident just now?”

Tang Hao said.

“You little brat!”

The six of them were immediately annoyed. Under the immortal radiance, their old faces turned red.

They were happy to see this kid suffer a loss just now, but they didn't expect it to be their turn now.

“I'm fine! Since we can't get it, this kid can't get it either!”

After trying a few more times and knowing that they couldn't break through this layer of defense, they gave up and found a mountain top to sit down.

Tang Hao glanced at them, then ignored them. He continued to think about how he could break through the defense and enter the temple.

In the blink of an eye, more than an hour had passed. Another person found this place and came over excitedly. However, he sat down gloomily and stared at the temple.

As time passed, there were more and more people here, filling up the mountain.

“This group of old bald donkeys ... Are really not human!”

“This is too hateful! Tens of thousands of years have passed, and they're still haunting us!”

The group of venerable sovereigns looked at the temple and complained.

“Al! Look, that guy is here!”

Suddenly, a venerable sovereign pointed into the distance and shouted. Everyone looked over and saw a Golden Pagoda flying towards them. It was none other than the Mahesvara Buddha.

“He's from Buddhism, and he's even the ancient guardian Buddha of Buddhism. He can't possibly go in, right?”

A venerable sovereign said.

At that moment, everyone became nervous. If Mahesvara Buddha could enter the temple and get the Baldacchino, there was nothing they could do. They were even more worried that he would become stronger after getting the Baldacchino. This was not good news for all of them.

Tang Hao was worried, but he was relieved when he saw that the Golden Pagoda was also blocked. If Mahesvara Buddha could not enter, then it was the same for everyone.

“Eh? No, just now when I and those venerable sovereigns went over, those divine thoughts would have manifested into Buddhas to attack us, but this time they didn't. They only blocked him!”

Tang Hao's heart skipped a beat.

He immediately activated the moonlight Treasure King body and activated the Buddhist Heart Sutra before heading towards the temple.

This time, the senior monks didn't attack him with their spiritual will, but they didn't let him in either.

"It seems like it has something to do with the aura of Buddhism. If it's Buddhism, these divine thoughts won't attack us. But since I'm using the Dharma of the heavenly Buddha courtyard and the Mahesvara Buddha is using the Dharma of dipamkara temple, they won't let us in."

"If I were to cultivate the Dharma of the Rulai divine sect, would I be able to enter?"

Tang Hao pondered.

He felt that he had found the key. The Dharma of the Rulai divine sect might be the key to entering the temple.

However, the teachings of the Rulai divine sect had long been lost. He couldn't find the Scripture on the Rulai divine mountain either, so where was he going to learn it?

"The Tathagata mantra! Who has the Tathagata dharmas?"

At this moment, other people also noticed.

"Right! This is a mighty figure of the Rulai God sect. If you're his descendant, you'll definitely be able to enter, but where can you find the Tathagata mantra?"

"There wasn't a single decent heart technique on that divine mountain just now!"

The cultivators were happy at first, but they were quickly discouraged.

The crucial Tathagata dharmas, none of them had.

Just as everyone was feeling vexed, someone stood up. It was the Lord of xihuang heaven.

"Everyone, don't be anxious!" He waved his hand in all directions and shouted.

"Oh? Brother Emperor Xi, could it be that you have Emperor Xi's heavenly Buddha Scripture?" All the cultivators were surprised.

Emperor Xi sect master smiled."We do, but it's not complete. It's incomplete. Back then, our Emperor Xi heaven had some ties with the Rulai divine sect. By chance, we obtained a part of the mantra of the Rulai Sutra."

When the cultivators heard this, they all nodded in understanding.

What coincidence? he just stole it. However, to be able to steal a cultivation technique of this level, one could see how powerful Xi sovereign heaven was.

“We of sovereign Xi heaven cultivate the Fuxi Eight Trigrams, not the Buddhist Dharma. After we got this Buddhist Dharma, we only read it and borrowed from it. No one has ever cultivated it.” Dao Lord Emperor Xi laughed.

“Ai! Brother Emperor Xi, hurry up and tell me, do you remember this technique or do you have it with you?”

The great void sect master said impatiently.

“There are!”

Dao master Emperor Xi stroked his beard and smiled.

All the cultivators were excited when they heard this and rushed toward Dao master Emperor Xi.

“Brother Emperor Xi, can I take a look at the Tathagata mantra? if you have any requests, please let me know!”

“Don’t worry, everyone. I’m willing to take out the Tathagata dharmas for you to read!” Emperor Xi Dao master smiled. As he spoke, he flipped his palm and a Golden Jade slip appeared in his palm.

“This old man is getting more and more shrewd!”

Numinous treasure Dao master sighed beside Tang Hao.

Tang Hao nodded. He did not have much contact with the Emperor Xi sect master, so he did not know much about him. However, he could tell that the Emperor Xi sect master was extremely shrewd and experienced.

Cultivating the Tathagata mantra allowed one to enter the temple. This was just a guess of the crowd, and no one could be sure. If this person chose to cultivate the Tathagata mantra alone, he might not be able to obtain any benefits.

But now that he had taken it out, regardless of whether the Tathagata dharmas was the key, he would be able to earn a favor from everyone. This was a sure win.

“Everyone, watch carefully!”

Dao master Emperor Xi shouted and waved his hand. The Golden Jade slip shot into the sky and floated in mid-air. Golden light burst out from it and turned into golden ancient banners that were densely arranged.
