

The Mightiest Little Peasant Chapter 2438

“What’s going on?”

Feeling the movement behind them, the venerable sovereigns all turned around in surprise.

The brilliance in front of them was too bright, almost dazzling their eyes.

“That’s ...”

A venerable sovereign’s eyes shone with divine light as he looked at the center of the Buddhist light. He immediately cried out and revealed a look of horror.

A figure was sitting cross-legged in the Buddha’s light. His skin was golden, and there was a divine light flowing around him. The bright Buddha’s light that illuminated the world was shining from his body.

Behind him, a 1000-foot-tall Vairocana Buddha appeared. It was different from the apparitions of most venerable sovereigns. This one was lifelike and exuded Supreme Buddha’s might, as if a true Holy Buddha had descended.

Behind the Buddha’s head, there were halos with all kinds of Buddhas and Bodhisattva shadows on them.

“This ... This is the Golden body? This ... This is impossible!”

The great void sect master took a closer look and was instantly stunned.

This aura and this phenomenon ... It was like the real Buddha’s golden body, but how was this possible!

How could this kid deduce the true golden body cultivation method?

“This phenomenon is the return of all Buddhas! This is the true golden body of Buddha!”

The Yin Yang path master’s body trembled, and his face was filled with disbelief.

Although he admired his son’s courage, he had never thought that his son would be able to successfully deduce it. Furthermore, it was done in such a short period of time. This ... Was simply unbelievable!

“It’s only been two and a half days right?”

He counted and gasped.

Two and a half days!

This speed was too fast! It was so fast that he couldn’t believe it!

He had never doubted this child's comprehension ability. It was definitely top-notch. However, if he wanted to deduce the Tathagata dharmas, just comprehension ability alone was useless. He had to read all the Buddhist sutras in the world and have a deep enough study of them.

To be able to deduce it successfully in such a short period of time, it showed how profound his attainments in Buddhism were!

"This is too shocking!"

He couldn't help but exclaim in admiration.

This man was so young, but why was he more like an old monster and a living fossil than him, an old venerable sovereign?

"This aura is ...?"

In the pagoda in the sky, the Mahesvara Buddha, who was deducing the technique, suddenly opened his eyes and looked down. His expression changed.

This was indeed the aura of the Buddha golden body!

However, how could a mere child from the immortal sect be faster than him, an ancient Almighty of Buddhism?

This was too ridiculous!

"This kid deserves to die!"

Then, he was furious, and killing intent surged around him.

Since this brat had already formed the Golden body, he would be able to enter the temple first and seize the Supreme treasure. He had to stop him.

At once, the pagoda shook and shone brightly. The huge body of the Mahesvara Buddha rushed out and slapped at the Golden figure.

However, he was too late. The Golden figure disappeared in a flash. When it reappeared, it was already 50 feet away from the temple.

In an instant, all the venerable sovereigns looked at him. Some were angry, some were annoyed, and many were impressed and excited.

Many venerable sovereigns held their breath, waiting to see if this golden body could deceive the divine thoughts of the ancient Buddhas in the temple.

Under everyone's watchful eyes, the figure lifted his foot and took a step forward.

His foot landed, but there was no movement in the temple.

“It’s done!”

Numinous treasure Dao master exclaimed in a low voice, somewhat delighted.

“That might not be the case!”

The great void sect master snorted angrily with a sullen expression. “This is only his own deduction. Although it’s a divine resemblance, it’s not the real Buddha golden body after all. Watch closely, he’ll definitely be struck out ...”

However, before he could finish his words, the Golden figure took a few more steps forward and stepped into the temple’s Gate.

The great void sect master was stunned and his mouth fell open.

Under the undying immortal radiance, his old face instantly turned red like a monkey’s butt.

This face-smacking came too quickly. He hadn’t even finished speaking!

When he felt the mocking gazes from all directions, he was even more ashamed.

“My fellow Daoists, if you are any slower, all the treasures inside will be taken by this kid!” The path master of the divine incantation path shouted anxiously.

The group of venerable sovereigns came to their senses and were a little anxious.

They had been bombarding the place for more than two days, hoping to get a share of the loot. Now that fellow Daoist Tang had cultivated his golden body, he was the first to enter. If they were any slower, they would be left with nothing by the time they entered.

At that moment, they no longer held back and attacked with all their strength.

“Get out here! That’s the most precious treasure of our Buddhist sect. Don’t even think about touching it!”

The Mahesvara Buddha was even crazier. His eyes glowed with a blood-red light.

He was determined to get the Buddha’s shrine. How could he allow the treasure to fall into the hands of the celestial gate? moreover, this kid from the celestial gate had a deep grudge with him and had ruined his plans time and time again. It was extremely abominable.

“Get out here!”

He rushed to the front of the temple and waved his giant palm, madly slapping at the damn kid.

However, all the attacks were blocked. The divine senses of the ancient Buddhas appeared one after another and blocked the attacks for Tang Hao.

“Speaking of which, I really have to thank your dipamkara temple. If it weren’t for your techniques, I wouldn’t have been able to deduce it so smoothly. You dipamkara temple are really good people!”

Tang Hao turned around with his hands behind his back. He grinned at the Mahesvara Buddha.

He had been to dipamkara temple’s Sutras Depository before and had seen almost all the cultivation techniques inside.

“You ...”

The Mahesvara Buddha was so angry that he was almost smoking. His eyes were wide open and his expression was ferocious.

This brat was simply too detestable!

Not only did he steal the treasures of the dipamkara temple and the cultivation technique, he even dared to mock him in front of him!

He had lived for so long, and no one had ever dared to mock him like this!

“Come out if you have the guts!”

He screamed and the aura around him rose crazily. He was about to go berserk.

Not far away, the venerable sovereigns were all stunned.

The strength of the Mahesvara Buddha was so strong that they didn’t dare to provoke him. However, this kid mocked him in front of them. His words just now were as powerful as stomping on their faces and spitting on them.

Such an insult, if it were them, they would also go crazy.

“You continue, I’ll go in first!”

Tang Hao smiled again, then turned around and walked into the house.

After a few steps, they arrived at the main hall of the temple.

He gave a light push, and the door opened.

He focused his eyes and was immediately dumbfounded.

In the temple, there was a mustard space surrounded by Buddha statues. Each of them was golden in color and emitted a Bright Buddha light.

In the middle was a pond with golden divine flowers.
