

The Mightiest Little Peasant Chapter 2446

"It's the Yao clan!"

Chi clan's airboat burst out in cheers.

The Chi family xiuzhe on the ship were all overjoyed.

In Pangu, the Yao clan was a super clan with a deep foundation and many seven-tribulation Sir gods.

The Yao clan's powerhouses must have come and scared these animals away!

"I am Chi Feng. Greetings, fellow Daoists of the Yao clan!"

An old man rose into the air, cupped his hands, and shouted at the Yao clan's ship with an extremely enthusiastic expression.

"I am Yao Zhendong!"

The Yao clan's warship landed on the same level as the Chi clan's warship. There were many figures standing at the bow of the ship. The one at the front was an old man with a white beard. He was wearing a resplendent robe and his body was shining with divine light.

"Greetings, divine Lord!"

Everyone from the Chi clan was shocked when they saw this. They hurriedly bowed and their expressions became extremely respectful.

This was a seventh tribulation Sir God!

As expected of the Yao clan, they could casually send a seven-tribulation Sir God.

"You don't have to be so polite!"

The Yao clan divine Lord smiled and waved his hand.

Only then did Chi Feng dare to raise his head and look over again. When he saw the figure standing beside the Sir God, he was shocked again. His eyes widened and he revealed an expression of extreme shock.

This was another 7th tribulation!

Oh my God!

This time, the Yao clan actually sent out two Sir gods! What kind of amazing work was this!

Furthermore, this Sir God looked so young and he looked familiar.

“Could this person be ...”

Suddenly, he seemed to have thought of something and exclaimed.

He remembered now. This was the Yao clan’s all-powerful and famous genius a few years ago. He was on par with ye jiuxuan of the ye clan, Jiang jingchen of the Jiang clan, and Yuchi Xuan of the Yuchi clan.

However, since the birth of that monster surnamed Tang, these monsters had all been overshadowed. Ye jiuxuan had died, Yuchi Xuan had been crippled, and this person had also suffered setbacks in succession at the hands of that monster surnamed Tang. It was said that even his immortal mansion had been shattered twice.

Since then, there had been no news of this person in the eight desolates.

He didn’t expect that this person had already advanced to the seventh tribulation.

“It’s the pride of our race, Yao Zhan!”

Yao Zhendong stroked his beard and said proudly. He could not hide the pride on his face.

“Congratulations, divine Lord yaozhan!”

Everyone from the Chi clan bowed again.

The young saints on the ship were especially excited.

Back then, he had been an all-powerful figure and the idol of many young people from all the clans in the eight desolates. Although he had been defeated by that monster surnamed Tang several times, his reputation had not been affected at all.

That was because the demon surnamed Tang was an anomaly. Now that he had become a venerable sovereign, he was an existence that the world looked up to.

To be able to exchange blows with such a character and still be able to preserve his life, and even to complete the seventh tribulation, this was already very impressive.

“It’s this guy!”

Tang Hao glanced at the Yao clan’s warship and remembered the genius of the clan.

Although they had fought a few times, he actually didn’t know this person’s name at all because there were too many monstrous talents at that time. Geniuses from all races swarmed over, and he didn’t even bother to remember his name.

He remembered that the last time they fought, he had destroyed this guy’s immortal mansion and true dragon Palace.

For most cultivators, once the immortal mansion was broken, it was almost useless. However, the Yao clan had a deep foundation and must have many secret methods to repair the immortal mansion.

“Senior Yao, you’ve also received an invitation to go to the Zhurong tribe, right? it’s fate that we’re able to meet here. Why don’t we go together?”

Chi Feng said after a few warm words of praise.

“Alright!”

Yao Zhendong pondered for a while and nodded.

Then, he turned to look at Tang Hao. “This is ...?”

“Oh! I don’t know him either, he’s just a fellow Daoist I met by chance. ”

Chi Feng said, sizing up Tang Hao.

“Oh,” Yao Zhendong said. He looked at Tang Hao and said sarcastically, “I think you’ve heard about the Zhu Rong clan and want to join in the fun. You should give up.”

“The Zhurong family only invited some ancient families and sects that they are friends with. Itinerant cultivators like you will only be rejected!”

This time, the Zhurong family had invited all the powerful families and sects that they had a good relationship with. For example, the Yao family had a good relationship with the Zhurong family ten thousand years ago, so they had been invited.

Every force had also sent a number of people. If this person was not a rogue cultivator, what else could he be?

“That might not be the case!”

Tang Hao chuckled.

“Swish!”

Yao Zhendong laughed and thought that this person was just being stubborn, so he didn’t bother to pay attention to him.

Yao Zhan glanced over, but he didn’t see anything unusual.

“I also have a deep connection with the Zhurong clan, so I would like to pay a visit to them. Since you’re all going there, why don’t we go together?” Tang Hao said with a smile as he looked at Chi Feng.

Chi Feng hesitated.

“This person is quite thick-skinned!”

“I’ve taken a fancy to the Yao clan’s strength and want to give them a ride!”

The Chi clan cultivators discussed softly.

“Alright! Let’s go together!”

Chi Feng thought for a moment and nodded.

Just now, this person was also prepared to help, but the Yao clan happened to come and he didn’t help much.

“Many thanks!”

Tang Hao cupped his hands and boarded the ship.

He didn’t know where the Zhu Rong family was, so he decided to take this boat.

A moment later, the two warships set off at the same time and headed toward the depths of the primeval land.

On the way, the xiuzhe of the two races talked about the recent happenings in the eight desolates.

“I heard that a strange phenomenon appeared in the great void heaven a while ago. It’s said that the celestial artifact was activated. Did senior Yao hear about it?”

As they chatted, Chi Feng suddenly said.

“I do know some things!” Upon hearing this, Yao Zhendong nodded and said, “it’s indeed that celestial artifact that activated!”

“Oh? Then, does senior Yao know why the great void heaven is using a fairy weapon?”

Chi Feng said in shock.

“What else do you think? Naturally, it’s to kill that monster!” The corner of Yao Zhendong’s mouth twitched and he sneered.

“A monster? Could it be that person?”

Chi Feng gasped in shock.

“That’s right! Other than that guy, who else can make the great void heaven activate their celestial artifact at all costs?” Yao Zhendong said, “I heard that the guy was hit by a celestial artifact and was seriously injured. I’m afraid he’s hiding in the mountain of fortune now and doesn’t dare to come out!”

“There’s also this matter ...”

The Chi clan cultivators were all shocked.

“It’s a pity that I didn’t kill him in one strike. That demon is really tough!”

Yao Zhendong said with some regret.

“Even a celestial artifact can’t kill him. He’s too powerful!”

Chi Feng said.

“Hmph! That kid is indeed powerful and tough, but he won’t be able to jump around for long. After a while, he will die.”

Yao Zhendong sneered.

“Senior, what do you mean?”

Chi Feng asked, puzzled.

The great void sect master and the others could not kill him even with their Immortal Weapons, so who else in this world could?

Yao Zhendong was silent for a moment. “There’s no harm in telling you. It’s going to happen soon anyway ... Do you really think that the most powerful in this world are the 33 heavens and that the strongest is only an eight-tribulation venerable sovereign?”

“Don’t you find it strange that those venerable sovereigns went to the era of the competition between the ten thousand emperors?”

“This world ... Is going to change very soon. The early appearance of the black and yellow tower was a sign. The Yao clan has already received some definite news.”

The world ... Changed?

Tang Hao’s expression changed when he heard that.
