

The Mightiest Little Peasant Chapter 2454

“Get out here!”

The devil Dao ancient Emperor roared with a crazed expression.

The aura on his body also seemed to be going berserk. The immortal radiance became more and more resplendent, like a blazing sun that kept expanding.

He was really going crazy!

In all his years of cultivation, he had never suffered such a great loss!

If his head was blown up, he would at most lose some face. But if he lost the treasures he had collected in his life, it would be fatal.

“My ring ...”

Suddenly, his expression froze and he wailed again.

Pfft!

He was so angry that he spat out a mouthful of blood.

Just now, he had lost the connection with his ring. This also meant that his opponent had already erased the mark he had left behind and had complete control of the ring. His treasure was really gone!

“Who is it?”

The rest of the people were a little flustered and hurriedly covered their hands.

They were like normal xiuzhe and put their treasures in their dimensional rings. Once the Rings were thrown away, there was nothing left.

“That black light ... Why do I feel that it’s a little familiar?”

The path master of the divine incantation path frowned and muttered.

“That’s right, it’s that little black Tiger!”

Then, he suddenly exclaimed.

“What? Is it that little thief?”

“What is he doing here? He has also advanced to the eighth tribulation?”

The rest of the people were in an uproar.

They had never thought that this person would be the black Tiger thief!

“It should be him!”

The great void sect master gritted his teeth with a face full of hatred. “Have you forgotten that he used the same black light to force us back? This might be an immortal weapon, which is why it’s so powerful.”

“This damned little thief!”

The devil Dao ancient Emperor roared again.

“In theory, even an 8th tribulation expert can’t easily activate a fairy weapon. It might not be a real fairy weapon, or he has a special method. If it’s the latter, he might not be able to activate that fairy weapon anymore. We don’t have to worry about him anymore!”

The great void sect master said.

With that, he turned around and once again headed towards the Spirit Tree.

The most important thing now was to not let the five divine fruits be taken away by that little thief.

The other five people rushed forward and released their divine senses to scan the void in all directions.

Just as the great void sect master raised his hand and was about to pick the five divine fruits, the void rippled again, and a figure emerged.

“Little thief, you still dare to appear!”

“Die!” The devil Dao ancient Emperor roared as he circulated his immortal essence and punched out.

His face was extremely ferocious, and he wished he could skin this damned thief alive and scatter his ashes.

“Slightly, slightly, slightly! Old man, come on, come on!”

Liu heihu stuck out his tongue and made a funny face. He even took out the ring and showed it off in a mocking way.

“Wayaya!”

When the devil Dao ancient Emperor saw this, he was so angry that smoke almost came out of his orifices.

This little thief was really too despicable!

“As expected, this little thief can’t activate that treasure anymore!”

Upon seeing this, the great void sect master was relieved.

Without that mysterious treasure, the little thief was no longer a threat. He could pick the divine fruit without worry.

As for the little thief, he would leave him to the others.

He retracted his gaze and continued to pick the five divine fruits on the tree.

The black Tiger wanted to rush over and stop him, but he was stopped by the others, which made him completely relieved.

The divine fruit was already in the bag!

At this moment, the void beside him silently split open again, and a figure came out. He held a strange-looking saber in his hand and slashed over.

The blade was not aimed at his head, but his hand.

The great void sect master could not react in time. He had never expected that there would be someone else lurking by the side.

By the time he realized it, the blade had already arrived. It cut through his protective immortal radiance and cut off his four fingers as if it was cutting vegetables.

He was completely dumbfounded!

He couldn't react at all.

He could only open his eyes wide and watch as the person cut off his finger and put it into his bag. Then, he cut off the five divine fruits and kept them.

"It's you!"

Looking at the person's face, he couldn't help but be shocked. He couldn't believe his eyes.

This face ... How could it be?

What was he doing here?

Shouldn't he still be at the mountain of fortune?

"Old man, I'll give you a word of advice. You'll have to pay back sooner or later!" Tang Hao grinned at him. A moment later, he waved his hand and chopped off the head in front of him.

Then, he tunneled into the void and escaped.

"Ah, Yingluo!"

A moment later, an earth-shaking roar reverberated through the void.

The great void sect master couldn't help but roar, and his expression was extremely crazed.

No more! There was nothing left!

Not only was the divine fruit gone, but his treasure was also gone!

Those were the treasures that he had painstakingly collected for thousands of years. Now, they were all taken away by that damned brat.

"I ... I hate it!"

He raised his head and howled again. With a pfft, he spat out a mouthful of blood.

Everything had been going well. As long as he got the divine fruit, he would be able to make a breakthrough. At that time, six eight tribulations with two apertures opened would be able to suppress this kid. But now, this kid had appeared halfway and snatched the divine fruit.

At the same time, it also completely destroyed his hope of making a comeback.

How did this happen?

He couldn't understand why this kid was here, and why he didn't seem to have been injured.

How was this possible?

How could that kid still be alive and kicking after taking a blow from his great void heaven fairy weapon?

The path master of the divine incantation path, Liu heihu, and the others were also stunned.

"It's that kid? How is that possible?"

The divine incantation path master and the others exclaimed in disbelief.

"I've seen a ghost!"

Liu heihu also screamed.

Didn't they say that the guy had been punished by the celestial artifact and was hiding to recuperate? why was he still here?

"Not good!"

Then, he shuddered and revealed a look of fear.

Liu heihu wasn't afraid of anything, but he was afraid of this Tang guy. He had lost count of how many times he had been killed by that guy, which had left him with a shadow in his heart.

"Hurry up and run!"

He immediately tore open the void and entered.

He wanted to get as far away from that bastard as possible.

A moment later, ripples appeared in the air far away from the wizard corpse. A figure emerged from the void. It was Tang Hao.

He raised his hand and a silver ring appeared in his palm.

This was the dimensional ring of the great void sect master. The moment he had obtained it, he had already erased all the imprints on it and kept it for his own use.

"Waa!"

He looked at it with his mind and couldn't help but exclaim, his eyes shining.

The space in this ring was not inferior to his immortal execution king ring at all. It was filled with all kinds of treasures, dazzling his eyes.

"I'm rich now!"

Tang Hao was overjoyed.

Previously, after being hit by the celestial artifact, he had lost many treasures and was almost broke. Now, he had suddenly become rich again.

"I am truly fated with the great void heaven!"

Tang Hao looked at the immortal execution king ring on his finger, then at the ring on his finger. He smiled.

He had snatched the immortal execution king ring from young master Taixu, while this ring belonged to the great void sect master. Both of them had fallen into his hands. It was truly fate!
