

The Mightiest Little Peasant Chapter 2466

“You’re so enthusiastic, I’m a little embarrassed!”

Tang Hao scratched his head and smiled innocently.

Is this guy an idiot?!

Blood crocodile cursed in his heart.

To be able to come here, it proved that this fellow’s strength was not bad. He must be at the 7th tribulation, and he must be able to see through his strength. Logically speaking, this fellow should have run away long ago. Why would he still dare to come down?

He even dared to say that he would eat him!

What kind of arrogance was this!

“Don’t be embarrassed! Come! You can try!”

Blood crocodile laughed.

He extended his paw in front of Tang Hao’s eyes.

“Then I’ll try!”

Tang Hao smiled and pulled out a knife.

When blood crocodile saw this, he was stunned, and his eyes widened.

“Hahaha!”

The next moment, he held his stomach and laughed wildly.

What kind of broken blade is this! Why did he look so bad!

Moreover, there’s no immortal Qi on it at all. It’s complete trash.

You want to cut open his scales with this kind of broken knife? What a big joke!

“What are you laughing at?”

Tang Hao said.

“I’m laughing at you for being an idiot! You have the nerve to take out this broken knife? which garbage dump did you find it from?” The blood crocodile rolled around and laughed.

“What kind of trash is this? it’s a celestial artifact!”

Tang Hao said seriously.

“A celestial artifact? Hahaha!”

Blood crocodile was stunned and laughed even more crazily.

His huge body kept rolling as if he was twitching.

“Aiyo! I’m really going crazy from laughing! I’ve never seen such a funny guy like you!” The blood crocodile finally stopped laughing after a long time. It reached out its claws at Tang Hao again.”Come on, slash with all your might. I want to see how powerful your divine tool is!”

He even emphasized the word “celestial artifact” with an expression of unspeakable mockery.

“Then I won’t stand on ceremony!”

Tang Hao raised the knife and slashed.

Pfft!

A soft sound.

The huge crocodile claw was cut open like tofu.

The blood crocodile opened its mouth and was about to sneer, but the next moment, it was stunned.

He stood there in a daze, his eyes wide open as he stared at his broken claw.

‘What the hell ... Is going on?

Was he seeing things with his old eyes?

He was a half-step venerable sovereign, and his scales were so thick that even an eight-tribulation venerable sovereign would find it difficult to break them. But now, his claws had been cut off by a broken knife!

Ah!

After a while, he finally felt the pain and screamed.

“What kind of blade is this?”

He roared at Tang Hao with bloodshot eyes.

“I told you, this is a celestial artifact, but you didn’t believe me!” Tang Hao grinned.”This claw is pretty good. I’m going to roast it!”

As he spoke, he reached out and kept the large crocodile claw.

“You ... You’re looking for death!”

The blood crocodile was enraged. It opened its mouth and pounced toward Tang Hao.

He was going to swallow this damn little worm in one bite!

“I think you’re the one who’s looking for death!”

Tang Hao’s face darkened as he shouted.

The next moment, his body shook, and with a bang, the immortal radiance around him spread out madly. The mighty Emperor pressure swept out in all directions with the momentum of a landslide and tsunami.

The entire ocean region was stirred up.

“This ... This is ...”

The blood crocodile’s body paused, and its eyes were so wide that they were about to pop out. It was filled with shock.

This was Emperor pressure!

This guy was an eight-tribulation venerable Emperor!

But how was that possible?

He knew all the venerable sovereigns in the human race, but there was no such person. Where did this person come from?

His body shrank back, and his expression became a little flustered.

He was only a half-step eight tribulation, he was definitely not a match for a true venerable sovereign!

However, he was not too afraid. Since he did not know him, this person should be a new eighth tribulation expert who had advanced in recent years and could not kill him.

His body shrank from tens of thousands of feet to hundreds of feet in size. Then, he turned around and turned into a blood-red light, fleeing.

“As expected, it’s on him!”

Tang Hao lowered his head to look. The immortal Pearl’s radiance was starting to fade. This proved that the immortal Pearl was definitely on the blood crocodile’s body and not in its nest.

He didn't panic. With the connection between the immortal beads, he could easily find this guy even if he fled to the ends of the earth.

"We're finished! It's finished! How did I encounter an eighth tribulation venerable sovereign?"

The blood crocodile cursed as it fled in the sea.

As an old monster who had lived for more than 10000 years, he had always been very shrewd and proficient in the way of living. All these years, he had been very careful, afraid that he would be discovered by an 8th tribulation existence like this.

In the nest, he had set up a restriction that ordinary 8th tribulation tribulation experts would not be able to discover.

Therefore, he was very curious. How did this venerable sovereign find him?

"Maybe it's a coincidence. It should be!"

He thought about it and concluded that it was a coincidence.

"Motherf * cker! How can I be so unlucky? I'll be able to break through in a few decades. At that time, I won't be afraid of anyone!" He cursed again.

He didn't dare to stop either. He was very clear about the 8th tribulation sacred art. It wasn't that easy to shake it off.

"No, I'm afraid I can't get rid of that guy like this. I have to find a helper. No, this won't do. Even if there are a few more half-step venerable sovereigns, they won't be his match. I have to find a scapegoat!"

Blood crocodile pondered along the way.

"Right! He's a scapegoat!"

His eyes lit up at the thought.

Why did that guy want to capture him? it couldn't be because he wanted to capture him as a beast pet or to refine pills. If that was the case, he could have found a scapegoat to divert that guy's attention.

"Who should I find? Was it the old flood Dragon in the North or the old shark in the South? Hmm ... Old Jiao will do! Human xiuzhe like flood Dragons. With that old flood Dragon dying in my place, I can escape!"

The more the blood crocodile thought about it, the more excited it became. It quickly changed its direction and fled towards the North.

The eastern sea was vast and boundless, and there were countless sea beasts living there. The sea beasts devoured each other and absorbed the immortal Qi in the heaven and earth, and many powerful sea beasts had been born over the past 10000 years.

A half-step venerable sovereign like him could be considered the Overlord of this Sea area.

There were many overlords like this in this Sea area. They would meet from time to time, and conflicts would break out in some places.

The old flood Dragon in the North had also lived for a long time like him, but he was more cowardly than him. He just hid in a place and didn't take a step out. His courage was smaller than a mouse. However, it was also because of this that the old flood Dragon could survive and reach the half-step venerable sovereign realm.

"Old Jiao, get out here!"

As soon as they reached the other party's territory, the blood crocodile roared loudly.

The old flood Dragon was too cowardly. He didn't know where the guy's nest was, so he could only provoke him to come out.

However, after he shouted for a long time, there was no movement.

"Damn it, this old Gou!"

Blood crocodile was speechless.

The old flood Dragon was so cowardly that he was somewhat impressed.

"I'll eat your rations first, let's see if you can still hold on!"

The blood crocodile snorted angrily. It opened its bloody mouth and began to devour the fierce beasts in this Sea area. One beast in one mouth, dozens of them were swallowed in the blink of an eye.

At this time, the flood Dragon finally couldn't help but appear.
