

The Mightiest Little Peasant Chapter 2467

“Old ghost e, are you crazy?”

With an angry roar, a small sea snake slithered out of a crack in the ground.

It was only three feet long and was completely black. Its scales were dull, unlike the other fierce beasts that had cool patterns.

At first glance, it looked like a very ordinary, low-level sea snake.

When normal vicious beasts saw it, they wouldn't even bother to eat it, much less xiuzhe. No one would go and catch such a normal sea snake.

However, no one would have thought that such an ordinary sea snake was actually a ten-thousand-year-old flood Dragon with a cultivation base of half-step venerable sovereign.

“Eh? You're old Jiao?”

When blood crocodile saw this, he was stunned.

He remembered that old Jiao didn't look like this the last time they met!

“It's me! I'm just being cautious and changing my appearance!” The little sea snake said, “what the hell are you doing? why are you running to my territory and shouting?”

The blood crocodile's mouth twitched.

F * ck!

This guy was really a coward!

“Nothing much, I'm just bored. Come, come, come, let's have a fight!” Blood crocodile said.

“What? Fight? Are you crazy?”

The little sea snake shrieked, “don't you know that this is a critical period? in a few decades, we'll all be able to break through. Can't we fight then? What if we're discovered by some old monster?”

“How is that possible?” Blood crocodile said, “it's not like we haven't fought before!”

“The past is the past, but it's different now!”

Little sea snake said, “I'm not going to keep you company!”

He shook his head like a rattle-drum.

Fight?

What a joke!

He didn't even want to go out now. Fighting was too risky. He wouldn't do anything with the slightest risk. He had been hiding for ten thousand years and was about to win. He didn't want to fail at the last step.

"You have no choice but to accompany me!"

The blood crocodile laughed.

As the saying goes, "better die a fellow Daoist than me." You're definitely going to be the scapegoat. Aren't you very cautious? you must have a lot of life-saving means. With you drawing that guy's hatred, I can live!

He spread out his body and pounced toward the little sea snake.

"You're really crazy!"

The little sea snake was so scared that he shivered. He didn't dare to accept the challenge and turned to run.

At that moment, a ray of light shot toward them from afar. It was Tang Hao.

Tang Hao's expression was strange when he saw the blood crocodile not far away.

Why did old crocodile stop running?

Eh? What was that thing?

Tang Hao looked around and noticed the little sea snake.

At first glance, he didn't find anything wrong with it. It looked like a very ordinary sea snake.

However, after some thought, he realized that something was wrong. If it was really an ordinary sea snake, how could a half-step venerable sovereign like blood crocodile be interested in it?

"F * ck!"

Tang Hao activated his heavenly eye and was shocked when he took a closer look.

F * ck!

It was not a sea snake, but a giant flood Dragon with a cultivation base of half-step venerable sovereign!

The little sea snake was also stunned. It looked at Tang Hao with a nervous expression.

Although he couldn't see this person's cultivation, he knew that things were not good.

The Man and the Snake stared at each other for a long time.

It's finished! It's finished!

The little sea snake shivered and broke out in a cold sweat.

He finally understood why old crocodile wanted to find him. He wanted to harm him and make him a scapegoat!

"Old flood Dragon! If you can survive this, we'll meet again another day!"

The blood crocodile laughed, turned into a blood light, and quickly fled.

"Is this a buy one get one free? There's such a good thing?"

Tang Hao finally understood. He was a little confused.

He was here to find the immortal Pearl and found the old crocodile. He didn't expect to find a ten-thousand-year-old flood Dragon as he chased. This happiness came too suddenly!

'Old crocodile, you bastard!'

The little sea snake was about to go crazy!

He had been sleeping soundly at home just a moment ago, but who knew that the next moment, a disaster would befall him.

He looked at Tang Hao and felt like crying.

"You didn't see me! Didn't see me!"

He mumbled in a low voice as he slowly moved toward the crack in the ground.

As long as he returned to his own nest, he would not be afraid.

Tang Hao grinned. He raised his hand and tried to grab it.

How could he let this guy run away when he encountered him?

A ten-thousand-year-old flood Dragon was also full of treasures!

The flood Dragon's flesh and blood was enough for sis Xiangyi and the rest to increase their cultivation by a large amount, helping them reach the ten thousand Blood Realm sooner.

The little sea snake was caught by him and flew over.

“You really think I’m easy to bully!”

The little sea snake struggled to no avail and became angry. Its body suddenly swelled and stretched out, turning into an extremely huge flood Dragon. Its scales were golden and shining, and it was extremely powerful.

He swung his body and aimed a slap at Tang Hao.

“Hmph!”

“Hmph!” Tang Hao grunted. There was a flash of light above his head, and a golden figure flew out with a divine spear in its hand. The Golden figure thrust the spear forward.

“This is ...”

The giant “Dragon” was shocked.

This aura was also of the eighth tribulation!

How was this possible?

How could there be two venerable sovereigns?

In his shock, his body was pierced through by the spear of the origin core avatar. His scales shattered and blood splattered everywhere.

In the distance, the blood crocodile had not gone far. It was hiding there and looking from afar.

Seeing this scene, he could not help but be scared out of his wits.

Oh my God!

It was not one venerable sovereign, but two!

He only felt his scalp go numb and was about to go crazy.

What kind of bad luck did he have? two venerable sovereigns at the same time? did he poke the nest of venerable sovereigns?

“No! No! This definitely won’t do!”

He trembled and panicked.

How could the old flood Dragon satisfy the two venerable sovereigns? he had to find another scapegoat.

“Yes, yes! If we go to old shark’s place, the two venerable sovereigns will only be two scapegoats!”

He jumped up and hurried to the South.

At this time, the clone stabbed a few more times and pierced through the old Dragon's body, severely injuring him.

"Don't waste it!"

Tang Hao immediately lifted his hand and collected the blood, placing it into a Jade bottle.

This blood was also a treasure, a great spiritual essence.

A half-step venerable sovereign flood Dragon was no match for an eighth tribulation origin core of the universe. The divine spear of heaven reverse pierced through its head and killed it instantly.

"I didn't expect to have such a harvest!"

Tang Hao smiled as he put away the Dragon's body.

This time, he was only here for the immortal Pearl. Whether it was the old Jiao or the old crocodile, they were both a pleasant surprise to him.

"Go! Go after that old crocodile!"

Tang Hao called back his origin core clone and followed the immortal Pearl's instructions.

When he caught up to them, he was stunned by what he saw.

In front of him, there was not only the old crocodile, but there was another beast. It was a huge shark with a dark blue body and flashing lightning. The aura it emitted was also a half-step venerable sovereign!

The old shark was stunned when he saw Tang Hao.

Their eyes widened and they glared at each other.
