

The Mightiest Little Peasant Chapter 2475

Somewhere in the wilderness, ripples appeared in the void.

A huge ancient city came out of it.

Then, beams of divine light flew up into the sky.

This was the Yao clan!

The person in the lead was Lord Yao, followed by all the elders of the clan. They looked at the stream of light flying over in the sky with extremely excited expressions.

That was the venerable sovereign of the Yao clan!

The Yao clan was finally going to have a venerable sovereign!

“Greetings, ancestor!”

When the stream of light neared, Lord Yao took the lead and bowed, calling out in unison.

The stream of light stopped, and a figure appeared. It was a square-faced, dignified-looking middle-aged man in Black armor. His eyes were sharp, and he was shrouded in a strong killing intent.

“Old ancestor?”

He swept a glance at Lord Yao and the others and smiled.

The people of the Yao clan looked up and were confused.

The man didn’t seem to be one of the three venerable sovereigns of the Yao clan ten thousand years ago.

“I’m Yao Hong!” The middle-aged man said, “he also has the bloodline of the Yao clan, but he’s not much older than you!”

“Not the ancestor?”

Lord Yao and the others were in an uproar. They were even more puzzled.

“Of the three ancestors of our Yao clan, only one is left now!” Yao Hong said.

“What?”

Lord Yao and the others couldn’t help but turn pale with fright.

“That’s normal. The Holy region isn’t an immortal realm. It’s the barrier of the great thousand world and a place of slaughter. More than half of the old venerable sovereigns who went there have died.” Yao Hong said, “however, over the past 10000 years, the Yao clan has given birth to many new venerable sovereigns. I am one of them.”

“The Yao clan over there has a total of five venerable sovereigns. That old ancestor is now a half-step Supreme Being and is considered a top force in the Holy region. That’s why he was able to draw a lot this time and send someone down in advance.”

“I see!”

After hearing this, Lord Yao and the others came to a realization.

Then, he became even more excited.

As expected, his Yao clan bloodline was one of the strongest bloodlines. Even in the Holy region, it had developed into a top-notch force.

“I’ve followed the ancestor’s instructions and brought many treasures with me to increase your cultivation. In a few months, when the Holy region opens, you’ll have the upper hand.”

As he spoke, he flipped his palm and took out a dimensional ring.

“Your cultivation is not bad, you can all get some treasures!” He swept his gaze over the elders, and his brows could not help but furrow slightly. He was slightly disappointed.

With the current environment of Pangu world, it was already not bad that so many seven tribulations could be cultivated. However, among these seven tribulations, none of them surprised him. They were all too ordinary.

There were too many of these seven tribulations in the Yao clan of the Holy region.

“It’s been so many years, haven’t you cultivated a few monsters?” He asked.

“This ...”

Lord Yao’s expression turned slightly awkward.

“He did before, but unfortunately, he suffered a blow recently, and his Dao heart is a little unstable. He’s still in seclusion, so I didn’t ask him to come out to welcome us!” Lord Yao smiled bitterly. Then, he gave a simple explanation of Yao Zhan’s situation.

“He’s not even 100 years old and has already advanced to the 7th tribulation. He’s a pretty good seedling!”

Yao Hong nodded and said.

With the conditions here, anyone who could advance to the seventh tribulation before 100 years old was considered a top genius. If they were placed in the Holy region, with a little training, they would have the chance to break through to the Emperor realm.

“What blow?”

Then, he asked in confusion.

He found it a little strange. A genius like this was considered one of the top geniuses in Pangu. Even Lord Yao had said that he was once one of Pangu’s top five monstrous geniuses. Such a genius ‘Dao heart must be extremely strong. What kind of blow could shake his Dao heart?

“This ...”

Lord Yao’s expression became even more awkward.

After all, this was not something to be proud of.

“It’s another monster!” He said after hesitating for a moment.

“Oh?” Yao Hong was stunned. Then, he laughed. “What kind of monster is able to make a monster like him suffer such a blow?”

“This monster ... He’s a rare one in ten thousand years!” Lord Yao said.

Yao Hong was stunned. He then grinned and sneered. “Lord Yao, you’re exaggerating!”

His expression was full of disdain.

It’s hard to come by even in ten thousand years!

Did this guy know the weight of this word? even in the ancient times, there were only a few people like him. How could such a monster appear in the current Pangu?!

This was simply impossible!

Even in the Holy region, there had been many outstanding figures in the past few years, but none of them were worthy of such a title!

“You don’t know how powerful that freak is. He’s not even from Pangu. He came from the broken starry sky in the lower realm. When he first arrived, he was only at the second or third tribulation. In just a few decades, he broke through to the great emperor realm.”

Lord Yao laughed bitterly.

“What? Lower realm? Emperor realm?”

Yao Hong was stunned when he heard that.

His eyes were wide open and filled with disbelief.

Emperor realm?

How was that possible?

With Pangu's current condition, how could a young genius reach great emperor?

"This ... This demon, how ... How old is he?"

He stuttered.

"I'm not sure about the details, but I'm sure that he's much younger than Zhan 'er. He's probably not even 80 yet!" Lord Yao said.

Yao Hong's mouth was agape and could not close.

He was completely stunned.

He's ascended to great emperor before eighty?

He was not from Pan Gu's world, but from the lower realm. He had heard of Pan Gu's lower realm, which was a hundred times worse than Pan Gu's.

How could such a world-shocking figure appear in such a dilapidated place?

"Senior, this monster is the enemy of our Yao clan. Please help us get rid of this enemy!" Lord Yao bowed.

"This ..."

Yao Hong hesitated for a moment before he revealed a bitter smile.

If this monster hadn't reached great emperor, he would've been able to kill him easily, but now that he was, it was difficult to do so.

"Senior, this person has many enemies. The great void heaven, the divine curse heaven, and many other ancient race beings have grudges against him. As long as we work together with them, we will have a chance to kill him!" Lord Yao said.

"This is feasible!"

Yao Hong pondered for a long time and nodded.

If he gathered many venerable sovereigns and planned it well, there was indeed a chance.

An 8th tribulation expert who had just advanced was not that difficult to deal with.

“Go and contact them and make preparations. Remember, we don’t have much time. In a few months, the Holy region will open. At that time, once he is noticed by the people above, he will no longer have a chance.”

Yao Hong said.

“Yes!”

Lord Yao responded with an excited expression.

In order to kill that demon and avenge his humiliation, he had already started planning. During this period of time, he even went to the great void sect and discussed with the great void sect master and the others for a long time. They had already come up with many plans.

“Hmph! You’re dead this time, Tang kid! Only when you die will the demon in Zhan ‘er’s heart be eliminated.”

He looked in the direction of the beihuang region and murmured. His eyes were filled with hatred.
