

## The Mightiest Little Peasant Chapter 2482

“Hahaha! Beg you? Who Do You Think You Are!”

The Tang Clan emissary laughed out of anger and said with a face full of mockery, “you have some talent, but it’s nothing in the eyes of our Tang Clan in the Holy region. I’m afraid you don’t know how powerful our Tang Clan is.”

“A nine-tribulation Supreme and more than 20 eight-tribulation venerable sovereigns. Even among the eight major families, such strength is top notch. You’re just a little new venerable sovereign. My Tang family really doesn’t take you seriously.”

Hearing this, all the cultivators in the surroundings revealed shocked expressions.

They all knew how powerful the Tang Clan in the Holy region was, but they didn’t know it was this powerful.

There were more than twenty venerable sovereigns!

This number was truly terrifying.

There were only about 50 of the eight tribulations in Pangu, and the venerable sovereigns of the Tang family alone were equivalent to half of the number.

“What does it have to do with me whether your Tang Clan is strong or not?”

“Hmph!” Tang Hao grunted in disdain.

He didn’t like to rely on others, and he didn’t like to be bound. Even if the Tang Clan invited him, he wouldn’t go.

“You can only be stubborn now. Don’t regret it when you’re in the upper province.”

The Tang clan’s envoy said angrily.

He really didn’t know what was good for him!

He was cursing in his heart.

He had to admit that Tang Hao was indeed a rare genius. In terms of talent, he was even more monstrous than the geniuses cultivated by his Tang Clan in the Holy region.

However, this person was too arrogant and unruly. Once such a person was recruited into the clan, he would definitely be a problem.

Such a person must not be allowed to enter the clan.

Just let him live and die on his own!

The upper province was not as peaceful as Pangu. Even an eighth tribulation venerable sovereign could die, especially a newly ascended venerable sovereign. The risk of death was high. Without the protection of the Tang Clan, this fellow could not grow at all.

Seeing this scene, the Tang Lord and the others were even more pleased with themselves.

“This is Tang Hao, the number one genius of Pangu? The title is clear sky?”

At this moment, several figures were hiding in the void above the sea of lightning.

Their faces were shrouded in the undying immortal radiance and their faces could not be seen clearly. However, they were all wearing the same dark yellow Daoist robe.

The person in the lead looked at Tang Hao and asked with great interest.

He had heard of this person on his first day in the lower realm.

He was less than a hundred years old and had already advanced to the Emperor realm. He was able to fight against the great void heaven and the other forces on his own and was not at a disadvantage. He even managed to survive a blow from a celestial artifact ...

He was tongue-tied after hearing all these things.

Even though he was from the upper province, he was still shocked by the shocking news.

“Yes, that’s the guy!”

Behind him, a person gritted his teeth and said.

He was none other than Daoist Tianshui.

“Although this fellow has some talent, he’s too arrogant. Previously, when I went to the gate of fortune, he even humiliated me. If it wasn’t for my magnanimity and the fact that I don’t want to bully the weak, I would have ruthlessly taught him a lesson long ago.”

Daoist SkyWater said viciously.

He glared at Tang Hao from a distance, his eyes malicious.

“He is indeed a little arrogant!”

The leader said with a frown.

In the Holy region, the Tang clan’s power was like the sun in the sky. No one dared to provoke the five great sites and the other seven clans. Even the divine temple was extremely polite to the Tang Clan and took good care of them.

Yet, this kid dared to look down on the Tang family. It was ridiculous!

“This kid is just a frog at the bottom of a well. He doesn’t know how powerful the Tang Clan is. I’m afraid he’ll regret everything he’s done today when he reaches the Saint realm.”

“That’s right!”

The rest of the emissaries chimed in.

They looked at the figure below with a hint of mockery in their eyes.

“It’s normal for young people to be a little arrogant. However, since he has offended the Tang family, it’s not good for us to recruit him!”

The leading emissary muttered.

He was in a difficult position. This kid was extremely talented. If he was recruited into the hall and trained well, he would be a great combat force. Unfortunately, he was too arrogant and had offended the Tang Clan before he even went to the upper realm.

Furthermore, according to Daoist SkyWater, this person looked down on the divine temple and humiliated them. This matter was not easy to handle.

“Why should we recruit him? this brat is a disaster. I’ve asked around. All these years, this brat has made countless enemies. It’s not just the great void heaven and the others. There are also many ancient race beings who have enmity with him. When he ascends to the upper realm, there will definitely be many people who will seek Him out to settle their scores.”

Daoist SkyWater said with a cold smile.

The moment the great void heaven was mentioned, the expressions of the rest of the emissaries turned serious.

The five great dojos of the Holy region all had the backing of the 33 heavens. This young man had a grudge against the great void, the divine curse, and the three heavens of the South Pole, which was equivalent to provoking two of the great dojos.

Two great sites and the Tang Clan ...

No matter how he thought about it, this kid had no way of living.

“This kid ... Is really a disaster!”

The moment they thought about how they would have to go against the three major forces if they recruited this kid, their scalps went numb.

“Forget it!”

The leading envoy laughed bitterly and shook his head.

Although he loved talents, he didn't want to offend so many forces.

"It's fine if this kid doesn't go up to the upper realm. Once he does, he'll be dead!" Daoist SkyWater said with a cold smile.

"Let's not care about him for now. More and more people are coming. I need everyone's help to control the Grand formation. "

The leading emissary looked around.

More and more divine lights flew over from all four directions of the sea of lightning. The number of xiuzhe that had rushed over had multiplied.

Although this godly Thunder formation was set up by the ancient thunder immortal and was extremely exquisite, if there were too many people, they would not be able to cope with it, which would reduce the power of the Thunderbolts, and thus, it would not have the effect of the trial.

Therefore, they were still needed to preside over the array.

"Alright!"

"Yes!" Daoist Tianshui and the others responded in unison.

"This is an array disc!"

The leading envoy flicked his sleeve and took out a Jade plate.

He first sent a wisp of his divine sense into the Jade disc.

The rest of the people did the same.

"Hmph! You brat, watch how i hack you to death!"

The Taoist of Tianshui glanced down and gave a sinister smile.

He didn't expect this kid to come, but since he was here, it was just as well. He could take this opportunity to take revenge for what happened last time.

This was a formation set up by the ancient thunder immortal, which was extremely powerful. He had the authority to control it. As long as he paid more attention to it, he would be able to severely injure the kid and make him spit blood.

"I'll make you regret provoking me!"

He laughed nastily.

Then, his divine sense came out and entered the Jade plate.

In the next moment, his consciousness became one with the sea of lightning. As long as his spiritual will moved, there would be bolts of lightning striking down, bombarding the xiuzhe that entered the sea of lightning. The size and power of the lightning were all controlled by him.

“Stinky brat, hurry up and come in!”

He controlled it for a while and soon became familiar with it. He looked at the figure under the sea of lightning.

The figure was standing there, looking up at the sea of lightning, but he had no intention of coming in.

“Damn it, what is this guy doing?”

Soon, Daoist SkyWater grew impatient.

Everyone else, including the Tang family, was rushing toward the sea of lightning, but this kid just stood there stupidly without moving. It was really strange!
