

The Mightiest Little Peasant Chapter 2495

“Cough, cough! Fellow Daoist SkyWater!”

The emissaries looked at each other for a while. The leader looked at the Taoist of Tianshui and smiled kindly.

The celestial water Daoist shuddered and shook his head faster than a rattle-drum.

Was he sending him to his death?

Bah!

He wasn't that stupid!

“Aiya! Fellow Daoist, you're not being kind. Among all of us, you're the only one who's met him. If we're friends, of course you should go!” The leader said with a smile.

“Friendship?”

The Daoist Tianshui was stunned.

Then, his face twitched and he almost cursed.

Was that friendship?

He was an enemy. He believed that if he dared to go in, he would be immediately cut down by that kid with a celestial artifact, leaving nothing behind!

He had no doubt about this!

That kid was definitely a ruthless person, the kind that killed without blinking.

He was extremely regretful now. Why did he covet the treasure in the first place and provoke such a ruthless person? it was simply eight lifetimes of bloody bad luck!

Although he was roaring madly in his heart, he didn't say a word. He only shook his head even faster, as if he would die if he dared to let him in.

The leader was helpless and looked at the other person.

The man shook his head even faster, leaving afterimages.

Motherf * cker! A bunch of cunning people!

The leader cursed in his heart.

“Forget it, I’ll go!”

He took a deep breath, mustered his courage, and entered the immortal abode.

He’s just a kid with three apertures opened. What’s there to be afraid of?

With this thought in mind, he became much calmer.

“Fellow Daoist, you’re in big trouble!”

However, the moment he entered, he was stunned by a sentence from the opposite side.

???

What are you talking about? I’m fine, what trouble did I get into?

He looked at the other party, his face full of question marks.

“Al! My fellow Daoist, don’t you know that you’ve caused a huge disaster?” Tang Hao looked at him and sighed deeply. He seemed to be in pain.

The Messenger’s eyes widened and he became even more confused.

‘This kid is f * cking crazy!’

He cursed in his heart.

“Al! Fellow Daoist, you’re from the divine temple, right? You’re here to host the trial, right?”

“Yeah!”

“That guy is from the chaos dojo, not the divine temple. Logically speaking, a Holy region venerable sovereign like him should not be able to enter this trial ground!”

The messenger fell silent, the corner of his eyes twitching.

That’s right!

According to the rules, this was a trial ground for Pangu’s venerable sovereigns, and the venerable sovereigns of the Holy realm should not be allowed in. However, they had allowed them in.

“This isn’t a big mistake!”

He said weakly.

“It’s not a big mistake, but what happened after that was a Supreme Decree! Logically speaking, you can’t use it recklessly, especially not on people of the same race!” Tang Hao said with a smile.

“Yes ... That’s right!”

The emissary’s heart trembled and he panicked.

“However, that guy used it, and you, as the temple emissary, didn’t stop him. If this news were to spread, wouldn’t this matter become a big deal?” Tang Hao’s smile became even brighter.

The messenger fell silent again, his face flushed red.

“You ... You can’t blame me for this! It’s that Xu mie, he’s a bastard, he’s not a human, it’s all his fault!”

After pondering for a while, he came up with a set of excuses.

“Although that guy isn’t good, you’re also responsible! Also, Speaking of which, you are also responsible for that guy’s death. In the future, if the wilderness sect blames you, they will also find you to settle the score!” Tang Hao said.

???

The envoy was stunned again.

He touched his head, and his face was full of question marks.

Xu mie’s death has nothing to do with me. Didn’t you kill him yourself? Are you trying to distort the truth and push the blame onto me? Are you even human?

“He wanted to kill me, but you didn’t stop him. I wanted to kill him, but you didn’t stop me. This is your territory, so don’t you think you’re responsible? also, the only reason I could kill him was because you guys helped me before.”

Tang Hao said.

The messenger was stunned. When he heard the last part, he couldn’t help but get anxious.”What do you mean we helped you? Don’t you slander me!”

“Didn’t you guys give me those lightning? If it weren’t for the Thunder water, I wouldn’t have been able to activate my celestial artifact and kill him. So, you guys should take some responsibility. ”

Tang Hao continued to Bluff.

The Messenger’s mouth was wide open, and he was speechless for a long time.

This guy’s words sounded reasonable, but why did it feel wrong?

In the distance, the venerable sovereigns were dumbfounded again.

When they saw that kid’s pure and kind expression, they didn’t know why, but they just shivered and felt a chill all over their bodies.

Although this kid was a ruthless person, he wasn't the kind of person who didn't speak much. On the contrary, he was very talkative and especially good at bluffing. He was the kind who could make people lame.

This kind of person was too F * cking terrifying!

"Did you guys see that? The temple Messenger was almost fooled!"

"We can't afford to offend this kind of person!"

They whispered to each other.

"So, that's how it is. You compensate me with some treasures, then activate the Thunder formation and let me replenish some Thunder water. I'll take the responsibility alone. What do you think?"

Tang Hao said straightforwardly.

That's right! This guy was an emissary from the divine temple. He must have brought a bunch of treasures down to the lower realm. It would be a waste not to extort him.

"The latter one is negotiable, but the one in front ... We have to discuss it. What kind of treasure do you want? Or medicinal pills? How many do you want?" The emissary hesitated for a moment before speaking.

"Tribulation artifacts, give me a hundred or so! It's best if they're all 8th tribulation or 9th tribulation pills. As for pills, I want 200 to 300 Emperor Yuan pills!"

Tang Hao said.

"What? Two to three hundred? You're crazy!"

The messenger couldn't help but scream.

Two to three hundred Emperor essence pills?

Do you think I'm a distributor of Emperor essence pills?

He had only brought 500 Emperor essence pills with him from the lower realm this time, and half of them had been used in this trial ground.

"Not even two or three hundred? Is the Holy Cathedral that poor? Alright, alright, alright! Then I'll give you less, a hundred!" Tang Hao said, waving his hand.

The envoy's face twitched and he almost spat out a mouthful of blood.

This little brat was too F * cking infuriating!

“Eighty! As for tribulation weapons, how about nine tribulation ones, five, eight tribulation ones, a hundred?”

“Deal!”

Tang Hao grabbed his hand and shook it passionately without a word.

The messenger was stunned.

Did I get F * cking tricked?

Looking at his opponent’s smiling face, he suddenly had a feeling that he had been conned.

“Let’s go, fellow Daoist!”

Tang Hao pulled him out of the room.

Soon, the bewildered leader, Daoist sky water, and the others started to activate the Thunder immortal formation again to draw down the nine Heavens divine Thunder.

Looking at the fellow lying in the sea of lightning, comfortably absorbing the Thunder water, they all felt like they had been sold.

This feeling was extremely F * cked up!
