

The Mightiest Little Peasant Chapter 2508

He had a celestial artifact!

With his three apertures cultivation, he was able to withstand a Supreme Decree!

After that, he killed a venerable Emperor Liu Qiao!

In the end, he even killed the Overlord of the trial ground, creating history!

The news made them dizzy!

They were all in a daze and felt like they were dreaming.

“Is he ... Still human?!”

A venerable sovereign said.

All the cultivators nodded their heads.

That’s right! This wasn’t a F * cking human being at all!

How did this lower realm produce such a monster!

Even the five prologue of the sanctuary were only so-so!

No, this guy had even surpassed the five prologue and killed the Overlord raindragon, which was something that even the prologue couldn’t do.

“This kid is indeed a little fierce. However, he killed Xu mie. I’m afraid there’s going to be some trouble!”

“Yup! How could the wilderness sect take this lying down!”

Then, all the cultivators lowered their voices and looked at the Supreme martial artist of the chaos dojo.

The performance of this person just now was already very clear of the problem.

That kid had not even ascended to the upper realm, and he had already offended one of the five great sites.

Moreover, the Jade talisman also said that although the boy was of the Tang family’s bloodline, he seemed to have fallen out with the Tang family’s emissaries and might not even be able to enter the Tang family.

“I think this kid is too arrogant! I’m used to being invincible in the lower realm, so I’m a little too proud!”

“It is! When he hits the wall, he’ll know how stupid his actions are!”

Many venerable sovereigns sneered.

From their point of view, this was obviously a guy with extraordinary talent but not very smart!

After a long time, the discussion finally died down.

All the cultivators looked down again and paid attention to the trial.

At this time, the two figures in front were only 30000 to 40000 feet away from the finish line. The two of them were still chasing each other and had not pulled apart.

Behind them, the figure was also gradually catching up. He was less than a thousand feet away from the two of them.

“Guys, look! That kid’s speed ... Is so fast!”

“He’s speeding up again, my God! Could it be that he still has energy to spare?”

All the cultivators exclaimed.

That was because the figure was constantly accelerating, getting faster and faster, and his aura was like a rainbow.

In contrast, the demon and the Buddha were much slower.

As one grew, the other grew, and the figure continued to catch up.

“It’s that kid ... How is that possible?”

On the path to heaven, the old demon of desolation finally sensed the figure chasing after him. Turning around, he revealed a look of extreme shock.

He was the strongest demon Thearch in all of history, and the guy beside him should be Mahesvara Buddha, whom he had met in the xuanhuang tower. They were both figures from the ancient times, which was why they could come here together.

However, this kid was just a junior!

“This kid ...”

Mahesvara Buddha’s mind was also in shock and he found it hard to believe.

The two of them gritted their teeth and used all their strength to accelerate forward.

However, at this height, it was basically impossible to accelerate. The pressure above their heads was getting stronger and stronger, like a mountain pressing down on them. Moreover, the flames around

their bodies were getting fiercer and fiercer. Their physical bodies were constantly being destroyed and reborn, and the frequency was getting higher and higher.

Along the way, they did not know how many times they had been reborn, and it was a little too much for them.

“We’ve surpassed it! We’re going to surpass it!”

On top, the group of xiuzhe held their breaths, their expressions slightly excited.

The third figure was getting closer and closer to the two people in front.

Then, they were tied, and then surpassed!

Whoosh!

The crowd instantly boiled over.

All the cultivators were overjoyed.

Although they might not like this kid very much, he represented the human race’s celestial cultivators after all. He could only bring glory to the human race’s celestial cultivators if he won first place.

“Not good!”

The hearts of the old demon desolate evil and the Mahesvara Buddha sank when they saw the figure passing by.

They really wanted to make a move and stop this kid.

However, they didn’t have the energy to spare.

They could only watch helplessly as the figure kept pulling away from them, walking further and further away.

“That demon and that Buddha probably both have some background. How can this kid surpass them?”

The few Supreme martial artists were a little puzzled.

That kid was a monster, but his opponents were not ordinary people, especially that incense Buddha. He might be the one from the ancient dipamkara temple. He was once a figure on the same level as them!

“There’s the aura of the black Yellow ancient Qi! In addition, there are also many other auras ...”

“That’s strange. I can’t see clearly what kind of body he has!”

They took a closer look at the figure and were extremely puzzled.

In this world, there was actually a physical body that they couldn't see clearly!

"Soon! It's almost there!"

Soon, all the cultivators held their breaths.

The figure was about to reach the end. As he passed by the sun, his body was turned into charcoal at an extremely fast speed, and the ashes flew away. However, in the next moment, he was reborn at an unbelievable speed.

He did not stop at all, his steps still steady.

Just like that, he walked forward step by step and finally, he stepped onto the finish line.

"Hu!"

Only then did the cultivators heave a sigh of relief.

They were all shocked.

Just now, that kid's performance was simply too shocking. If they were to go down and walk around by themselves, it would be impossible for them to be so fast.

"Someone's here!"

"Who is it?"

At this moment, the cultivators below the divine Tree looked up at the finish line and couldn't help but exclaim.

"It's Emperor Hao Tian!"

Very quickly, the news was passed down from above, and the crowd immediately boiled over.

"I knew it! It must be Celestial Emperor Hao Tian!"

All the cultivators exclaimed in joy.

"This kid ..."

The group of holy temple messengers looked up, and their expressions were a little stunned.

Although they had expected this outcome, they were still very unhappy when they actually saw it.

"This ... Is the Holy region?"

At the moment, standing at the end of the path to heaven, Tang Hao raised his head and saw the vast world on the other side of the void passage.

He was shocked by the ancient tree.

It was simply too big, just like a World Tree.

On the branches, there were pieces of land that were shrouded in immortal spiritual Qi. It was a terrifying sight.

As he looked up, he saw many floating islands and divine mountains all over the place.

Further up, he saw a light golden dome that was boundlessly large.

Tang Hao immediately understood. This dome was the formation that the ancient gods and true immortals had sacrificed themselves to form. It protected the entire Pangu continent and the endless starry sky of the lower realm, preventing the Dragon count celestial race from penetrating it.

“It’s so big!”

“Amazing!” Tang Hao praised.

The scene in front of him was too shocking.

After a long time, he retracted his gaze and looked at the platforms not far away.

“Paragon!”

Tang Hao raised an eyebrow when he saw the figures that were as bright as the sun.

He had seen the demeanor of the Supreme martial artists in Kunwu when he was dreaming of the ancient times. He knew that the sun-like radiance was the symbol of a Supreme martial artist.
