

## The Mightiest Little Peasant Chapter 2526

During this period of time, the Holy Temple was quite lively.

Everyone was still heatedly discussing that elder Tang.

His extraordinary artifact refining skills were talked about with great relish by everyone.

“I’ve seen that blueprint, it’s too awesome! I can’t understand a single formation!”

“The entire set of formations has hundreds of millions of talismans, more than ten times more than the original. I really don’t know how he designed it.”

Many people went to the tool Pavilion to study the drawing designed by elder Tang.

After reading it, everyone was shocked!

They really could not imagine how such a complex formation could exist in this world. What was even more unbelievable was that elder Tang had designed this drawing in just a few days.

“He’s definitely the number one blacksmith!”

This statement was also acknowledged by everyone in the divine temple.

To be able to design such a complex formation and raise an 8th tribulation weapon to the 9th tribulation level, this person’s craftsmanship was definitely the best in the Holy region.

No one doubted this.

Even the senior elders of the tool Pavilion were convinced after seeing the blueprint.

However, it was precisely because this person’s craftsmanship skills were so impressive that everyone was even more skeptical that his alchemy skills were also so impressive.

Elder Tang’s bet with the Supreme martial artist had already spread throughout the divine temple.

No one doubted the result.

The aperture opening pill was a huge mountain even among the divine level pills. It was extremely difficult to refine, and even an Alchemist who had just entered the divine realm might not be able to refine it.

Elder Tang was so young. It was impossible for him to have reached the immortal level in alchemy, and it was even more impossible for him to refine it.

“Even if you lose, elder Tang won’t lose anything. At most, you’ll spend four months to refine another ten thousand sets of armor!”

“Yup!”

Speaking of this bet, everyone just laughed and didn't really care.

If it was in the past, they would have laughed at him for overestimating his abilities. However, he had displayed such amazing craftsmanship that they were impressed.

The atmosphere only gradually calmed down after more than ten days of excitement.

Everyone was waiting, waiting for the end of the bet.

“Eh? Who is that?”

One day, a cultivator passed by Haotian's cave. Suddenly, he saw the space in front of the cave change, and a figure stepped out.

He was stunned.

Isn't that ... Elder Tang?!

Why did he come out?!

It had clearly not even been a month!

That's right, he must have failed, so he came out early.

He pondered for a moment and came to a realization.

“This is going to be interesting!”

He looked excited. Then, he took out a jade talisman and quickly spread the news.

“Elder Tang has come out of seclusion!”

“Quickly come out and watch the show!”

The news spread, and the four sides of the Holy Temple were in an uproar.

Those planting herbs put down their hoes, and those refining pills threw down their pill cauldrons. They rushed out excitedly in the direction of the alchemy Pavilion.

“This kid has finally come out!”

Supreme Xuan Hong was the first to receive the news. He stroked his long beard and smiled smugly.

“Let's see if this kid can still be arrogant later!”

He stood up, and with a flash of his figure, he left the main hall and headed towards the pill Pavilion.

The alchemy Pavilion was getting more and more lively. Countless divine lights flew in from all directions and gathered here.

“They’re here! They’re here!”

When they saw Tang Hao approaching, they all cried out. The atmosphere instantly boiled.

“Do you guys think elder Tang has refined it?”

“Hey! Was there a need to guess? Definitely not! It’s not like you don’t know how difficult it is to refine the aperture opening pill!”

The crowd was in a heated discussion.

“Elder Tang, how is it? now you should know how difficult it is to refine the aperture opening pill!” Supreme Xuan Hong smiled and went up to welcome him with a proud expression.

“However, it doesn’t matter. You’re still young. After a few years of research, your alchemy Dao will become as powerful as your craftsmanship Dao. There are countless alchemy Dao books in the sacred Hall’s Scripture library. You can read them as you wish!”

Then, he pretended to comfort her.

“Yup! It’s quite difficult to refine!”

Tang Hao approached him and smiled.

“Exactly! After all, it’s a divine pill!” Supreme Xuan Hong nodded as his smile became even more brilliant.

“Yup! It took me a lot of effort to finally refine it!”

Tang Hao heaved a long sigh of relief. He looked like he was having a hard time.

The smile on Supreme Xuan Hong’s face froze.

“What? You’ve refined it?”

He was a little suspicious that he had heard wrong.

“Yup! “I’ve worked so hard to make this. Look ...” Tang Hao opened his palm and revealed a huge golden pill.

Supreme Xuan Hong focused his eyes and was stunned.

His eyes widened in disbelief.

The discussions from the four directions also disappeared instantly, and it became deathly silent all of a sudden.

Everyone's eyes fell on the Golden core, and they were a little stunned.

That's right, that's the aperture opening pill!

But how was that possible?

"This ... This ..."

Supreme Xuan Hong was stunned for a moment before he regained his senses and exclaimed, "did you really refine it?"

He couldn't believe that this kid could really refine the aperture opening pill.

"Heavens!"

The four sides were also in an uproar.

Everyone cried out in shock.

He could actually refine the aperture opening pill. Was his alchemy Dao also God-level?

This was too unbelievable!

"Did he take out the pills he received earlier to trick us?" Some xiuzhe said suspiciously.

"I don't think so. Look at that pill carefully. It's completely different from the ones exchanged by the alchemy Pavilion. There's no pill pattern on it, and it doesn't even have a pill fragrance. It can't be from the alchemy Pavilion. It must have been refined by elder Tang."

Some xiuzhe immediately retorted.

"Whoosh!"

The atmosphere became even more lively.

"He's unparalleled in the path of crafts, and he's also so powerful in the path of alchemy. This is too awesome!"

"Is he still human?!"

All the cultivators exclaimed.

Just by being able to refine the aperture opening pill, this person's alchemy Dao level could be ranked in the top six in the Holy Temple, and he was at the level of an alchemy God.

He was the first person in the sacred Hall to reach the divine rank in both alchemy and weapon techniques!

“Of course it was me, who else could it be!”

Tang Hao held the pill in his hand as he looked at Supreme Xuan Hong in front of him and grinned.

“You ... How did you manage to refine it?” Supreme Xuan Hong still didn’t believe it. He took the pill and looked at it carefully.

“This ... How is this possible?”

Then, his entire body trembled as if he had been struck by lightning.

His eyes were wide open as he looked at the pill in his hand in disbelief, his expression incomparably shocked.

The pill looked ordinary, but he could feel the surging and shocking medicinal power from the surface. It was far beyond ordinary aperture opening pills!

This was too unbelievable!

Those aperture opening pills were all refined by the great alchemy Masters in the sacred Hall. Whether it was the technique or the medicinal power, they were the most perfect. But how could this aperture opening pill be more powerful than the ones they refined?
