

The Mightiest Little Peasant Chapter 2548

“He’s still continuing!”

“Not a single one is missing!”

When it came to 7000 lanterns, the group of Supreme martial artists fell silent again.

They could not guess what kind of talent or treasure in this world could move all the Golden Immortals!

Just like that, the number of lights rose to more than 8000, almost reaching the top of the divine mountain.

More than eight thousand Daoist lamps. The glow they emitted almost illuminated the entire sacred zone.

Even a Supreme martial artist would find it difficult to look directly at the radiance of the divine mountain.

“We’ve arrived at the Daluo golden immortal area!”

“It lit up! It’s lit up again!”

There was another round of exclamations.

However, it soon calmed down.

All the cultivators seemed to be used to it. It was normal for not a single one to leak. It would be abnormal if a single one leaked.

“There must be a huge secret on that kid!”

A Supreme martial artist said, his eyes burning.

This was a great principal golden immortal!

Which one of them wasn’t from the primeval era, a figure with monstrous magical power and unrivaled divine abilities? their vision was so high that ordinary genuine Immortals simply couldn’t compare to them!

They would not even spare a glance for Ordinary Geniuses if they entered.

Even a progressor-level monster like Tang Bukong had only been acknowledged by three perfected golden Immortals at most. This was the best result he had achieved in the past ten thousand years.

But now, this kid called Tang Hao had easily broken the record!

Even in the Daluo golden immortal area, that kid still didn't miss a single one!

This performance was unprecedented, and probably unparalleled in the future!

"Could this kid be the reincarnation of an immortal Emperor?"

A Supreme martial artist said in distress.

"How is that possible? It would be great if the ancient celestial emperors could reincarnate!"
Immediately, a Supreme martial artist retorted.

The ancient immortal emperors had all fallen in the battle against the Dragon count divine race. They had been completely devoured, so how could they still be reincarnated?

If there was really a reincarnation, it would have appeared long ago after so many years. It would not have waited until now.

"Then what do you guys think is going on?"

The Autarch said helplessly.

The group of Supreme martial artists immediately fell silent.

They really could not answer this question.

"Nine thousand nine hundred and eighty!"

"He's finished! That's the end. If we go any further, we'll reach the Dao lamps of the ancient gods and immortal emperors. We can't go any further!"

At this point, the surroundings of fallen Dao mountain were in an uproar.

This height was the end.

It had already ended!

In front of him was an impassable barrier!

"More than nine thousand nine hundred, close to ten thousand! This number is simply shocking!"

"This record will never be surpassed!"

The cultivators all around shouted excitedly.

The previous record was a thousand lanterns, but now, it had risen to almost ten thousand, ten times the number. Furthermore, not a single one was missing. This was the limit, and no one could surpass it.

"How could this be ..."

On the true dragon warship, Tang Bukong's body swayed, and his face was as pale as a sheet.

His eyes had become empty.

He couldn't believe what he was seeing.

His record had been surpassed, and it had been surpassed so ruthlessly!

It was more than nine thousand nine hundred!

How did that guy do it?

How could he make all the powerful beings acknowledge him?

What's so good about that guy with a lowly bloodline?

He clenched his fists tightly, and his eyes were filled with jealousy.

"Phew! It was finally over! This kid is too terrifying!"

Some Supreme martial artists heaved a sigh of relief.

"Yup! More than 9900 of them, not a single one was missing! This result is too terrifying!"

The rest of the Supreme martial artists agreed.

"No! It's not over yet!"

At this time, a loud shout exploded.

"You guys, look!"

A Supreme martial artist raised his hand and pointed at the peak of the divine mountain, his expression aghast.

When the group of Supreme martial artists looked up, their bodies trembled as if they had been struck by lightning.

At the peak of the divine mountain, that figure raised his foot and crossed the impassable barrier. Following that, another lamp was lit up. In a split second, that dazzling light rushed up to the sky and illuminated the vast surroundings.

An extremely powerful aura that was as brilliant as the might of the heavens came from the divine mountain, causing everyone's hearts to sink.

"That's an immortal Emperor?"

“No! He’s not a Celestial Emperor, but a Celestial King. A true Celestial Emperor is even more terrifying!”

The group of Supreme martial artists exclaimed in shock.

“Heavens!”

“How is this possible?”

At this moment, all the cultivators in the four directions looked at the scene on the mountain peak and their minds fell into a complete daze.

The impassable barrier was broken?

What kind of monster is that kid?

Under everyone’s extremely shocked gazes, another Immortal King lamp was lit up.

Another bright light shot up into the sky.

At this moment, almost every corner of the sanctuary could see this dazzling glow.

Not long after, another one!

One after another.

There were a total of 18 Immortal King lamps!

“It should be ending soon!”

The cultivators thought to themselves when they saw the figure stop for a while and not continue to move forward.

However, the figure did not do as they wished and took a few more steps forward.

Soon, he reached the peak of the mountain.

BOOM!

The next moment, the entire divine mountain shook violently.

Then, a bright light turned into a pillar of light that shot into the sky. At the same time, an extremely terrifying aura that made people’s hearts tremble spread out.

Someone couldn’t stand still. His body sank, and he knelt down.

“My ... My God! This ... This is the might of a Celestial Emperor!”

The bodies of the Supreme-beings sank as well, and they almost fell.

After they had steadied themselves, they looked at the peak of the divine mountain. Their expressions were twisted from extreme shock.

Immortal Emperor!

It was the immortal Emperor!

How could this be possible!

Why would such a person like him take a fancy to that kid?

“This kid has a talent or treasure that even the immortal Emperor would like!”

The eyes of many Supreme-beings were burning with desire.

“Hahaha! This was the immortal Emperor! The heavens have blessed our Saint domain!” Supreme Xuan Hong stroked his long beard and laughed out loud.

He never would have thought that the boy’s natural talent was actually so strong. It was simply heaven-shaking and earth-shattering! He had even conquered the immortal Emperor!

“He’s so talented, he’s good at alchemy, and he’s good at forging artifacts. This kid is a real talent!”

He mumbled, unable to contain his joy.

At this moment, there was another boom and the divine mountain shook again. Then, another bright light shot up into the sky.

Supreme Xuan Hong raised his head, and his expression instantly turned dull.

His eyes suddenly widened like bronze bells, filled with extreme shock.

This was another Celestial Emperor-level aura!

The second immortal Emperor lamp was lit up!

It wasn’t just one immortal Emperor, but two! They lit up the lights one after another as if they couldn’t wait to see it!

This was too terrifying!

Supreme Xuan Hong’s mouth was wide open, and his state of mind had already been shocked to an extreme degree.
