

## The Mightiest Little Peasant Chapter 2559

“You dug up something again?”

Everyone was in a daze.

Two treasures had already appeared, could there be a third one?

“Guys, look! It’s really out!”

When they looked down, they exclaimed in surprise.

The guy below had indeed dug up another treasure. In the blood-colored crystal Soil, there was a dazzling golden light blooming.

“Why is there still immortal light?”

Staring at the golden light, they were even more shocked.

It was impossible for an ordinary useless artifact to have such a glow, not even a trace. If it could have such a glow, it meant that it was either a broken celestial artifact or an undamaged one.

No matter which one it was, they were all rare treasures!

There had only been five intact celestial artifacts in history!

There were only a dozen broken celestial artifacts!

Now, there was one more!

Everyone’s breathing became a little hurried, their eyes burning.

At that moment, Xu Yuan and Thearch golden scales held their breaths and looked excited.

Naturally, they could tell that the one before them was different from the previous three.

“I’m rich now!”

Tang Hao looked at the golden light in front of him. He was dumbfounded.

He couldn’t believe that he had dug up a usable immortal weapon.

Then, he became excited and continued to dig with the bloody Butcher knife.

After digging away the soil that was covered with golden light, a halberd was revealed. It was entirely golden, and there were no patterns or decorations on it. It was just a bare halberd that looked very simple.

Moreover, there were a few broken parts on the halberd, and even the tip of the halberd was broken.

“It’s a broken celestial artifact!”

The cultivators exclaimed after seeing it clearly.

Their gazes were filled with jealousy and envy.

This was a weapon-type celestial artifact. It didn’t matter if it was a little broken, as it was a top-grade divine weapon!

Tang Hao dug out the entire immortal tool, then picked up the halberd and waved it around. He could not help but grin.

“Good treasure!”

He couldn’t help but exclaim in admiration, his face filled with joy.

He was in need of such a weapon. The bloody Butcher knife was a type of magic weapon, not a weapon.

“Let the clone use it first!”

It just so happened that he could use the bloody Butcher knife and his clone could use the immortal halberd to replace the fighting against the heavens divine spear.

Although this immortal halberd was broken, it was still far more powerful than any tribulation weapon.

“What a great treasure!”

“Congratulations, fellow Daoist Tang, for obtaining an immortal treasure!”

Xu Yuan and Jin Lin also praised Tang Hao when they came up to take a look and congratulated him.

They had dug up three crippled celestial artifacts and one broken celestial artifact in a row. Even they felt that this luck was somewhat unbelievable.

Tang Hao smiled and put the immortal halberd away.

“Let’s continue digging!”

“Good, good, good! Continue!”

Xu Yuan and Jin Lin hurriedly said.

How could he not dig when his luck was bursting?

“This person’s luck is really heaven-defying! Who is he?”

Above, after the crowd envied him for a while, their eyes all gathered at the bottom, at the figure holding the celestial artifact.

They had never seen this person before, which meant that he came from Pangu below and entered the sacred Palace. This also meant that he was not from the orthodoxy of the 33 heavens below, nor was he from some big clan. So how could he have a celestial artifact?

Furthermore, how could his luck be so heaven-defying?

Anyone with heaven-defying luck was not a simple character!

They looked at each other and shook their heads.

They were all here to dig for treasures and had stayed here for several years. It had been a long time since they had gone down, so they were not very clear about what was happening in the sacred zone below.

“I’ll ask. That old man of the ye clan went down there recently. He should know something!”

Someone said.

After saying that, he shot out a jade talisman and flew into the distance.

After more than an hour, the Jade talisman returned. When he took it and looked at it, his face couldn’t help but be stunned.

“What’s wrong? Is this guy really that awesome?”

Seeing him like this, the other xiuzhe all felt it was strange.

“Awesome? It’s more than just awesome!”

The xiuzhe held the Jade talisman in his hand and laughed bitterly.

He lowered his head and looked at the figure below, his eyes revealing a deep shock.

The word ‘awesome’ was not enough to describe this person.

The number one evildoer of Pangu!

When he was in the lower realm, he had slaughtered a six element Supreme Emperor of the chaos Daoist Rite with his three apertures cultivation!

He had also killed the Overlord of the divine Thunder immortal abode, creating a miracle!

These were all his achievements before he ascended to the upper realm.

After he ascended to the upper realm, it took him less than two years to advance from six apertures to half-zhizun, and cultivate a true spirit that was a thousand feet long!

His performance on Mount fallen Dao had shaken the entire sacred zone.

All the lights lit up!

All the ancient mighty figures, even the ancient immortal emperors and great gods, were fighting to light up his future.

This was an achievement that no one had achieved before and would not be achieved in the future!

Now, in the sanctuary, everyone already regarded him as a progressor-level monster!

Moreover, in the eyes of the world, in terms of monstrosity, this person was far superior to the other five prologue, because the cultivation of the five prologue was largely achieved by the resources of the sacred zone, but this person was different. He had come all the way from the lower world to the upper world.

Such a character was undoubtedly more monstrous and more terrifying.

“How can there be such a terrifying person in this world!”

He swallowed his saliva, his mind extremely shocked.

In the past, he had thought that the five prologists were the peak of geniuses, but he had not expected an even more terrifying one to appear.

“You guys ... See for yourselves!”

He flicked his hand and threw the Jade talisman.

“Let me see!”

The Hong tribe’s venerable sovereign couldn’t hold it in any longer. He snatched the Jade talisman and began to read it.

As he watched, his mouth couldn’t help but open wide. His eyes were as big as copper bells, as if he had seen the most shocking and unbelievable thing in the world.

“Oh my God!”

After he finished reading, he looked down and couldn’t help but shiver.

Fortunately, he had not been blinded by the celestial artifact and had held back from making a move. Otherwise, he would have died without even knowing how.

That was a half-Supreme martial artist!

And he was a peerless genius whose reputation could suppress the five prologue!

“Al! Old Hong, look at your expression. What, is that guy so powerful that he’s going to ascend to the heavens?”

Some xiuzhe saw his expression and couldn’t help but laugh.

Why do they all have this expression? Wasn’t he just a venerable sovereign who came down from the heavens? How powerful could he be!

He grinned and took the Jade talisman.

The moment he opened it, the smile on his face froze.

Then, his eyes gradually widened, revealing extreme shock. After that, this shock turned into horror, and his entire face turned pale, without a trace of blood.

After he finished reading, his body went soft and he almost fell down.

He had almost attacked a half-zhizun, and a monster comparable to one of the five prologue!

Just the thought of it made him break out in cold sweat.
