

## The Mightiest Little Peasant Chapter 2569

Tang Hao's hair stood on end.

The power of this finger was monstrous, and it was not something that the true spirit could compare to.

Clang clang clang!

Battle armor.

Then, the bloody Butcher knife flew out.

He gritted his teeth and crazily activated the treasured saber. A bright saber radiance was triggered and blasted toward the finger that was slowly approaching.

Bang!

There was a loud explosion.

The giant golden finger paused and dimmed a little, but his blade light was shattered.

Si si si!

Tang Hao could not help but gasp.

He was using a celestial artifact, while that guy had just casually pointed with a finger.

The difference was too great, so great that it made one feel a little despair!

“Woof! A last-ditch struggle!”

The great void sovereign stood in the void and sneered.

In his eyes, a half-zhizun was not even an ant.

He was not an ordinary Supreme-being, but one of the most senior and most powerful among the Saint-level sovereigns. Dealing with a half-step to Supreme-being like him was as easy as blowing off dust.

Bang!

The giant golden finger landed on Tang Hao's body.

Tang Hao's body trembled. He could not help but spit out a mouthful of blood. Then, his body flew backward like a cannonball and smashed into the crystal wall behind him.

“It didn't shatter?”

The great void sovereign was stunned.

He had thought that he would be able to destroy the armor and then destroy the kid's body.

However, the armor was still intact.

"This battle armor is pretty good!"

He squinted his eyes and looked at it carefully. He couldn't help but praise.

This battle armor should be the strongest Battle armor below the immortal armor. There were only a few of such battle armors in the entire Holy region.

"It's such a waste to wear it on you. Give it to me!"

Then, his body flickered and he landed in front of Tang Hao.

His fair, Jade-like hand reached out, grabbed the armor on Tang Hao's right arm, and yanked.

There was a crack.

The armor on his right arm was removed.

"It's truly wonderful!"

He took the gauntlet and looked at it carefully, then praised it.

He didn't know which expert had made this battle armor, but it was refined to perfection and exquisiteness!

"What's wrong? I can't accept this!"

Then, he glanced at Tang Hao from the corner of his eyes and smirked. "I love to see geniuses like you with that stubborn and unwilling look in your eyes. Did you know that when I cut off the heads of the first and second generation, their expressions were the same as yours right now? angry and unwilling ..."

As he spoke, his smile became a little sinister and devilish.

"Speaking of this, I thought of what happened back then. Did you know? the first person to obtain the great void seal was my good brother. However, it was a pity that he wasn't a member of my great void sect. The divine treasure of the great void God should naturally be inherited by my great void sect. Thus, I killed him and beheaded him with my own hands."

"You see, this is him ..."

As he spoke, he raised his hand, and a head appeared in his palm.

He held the head in his hand and showed it to Tang Hao.

F \* ck! This guy is abnormal!

Tang Hao's hair stood on end.

There was definitely something wrong with the mind of this Supreme Taixu.

At the same time, he was a little shocked.

The birth of the first great void seal should have been a long time ago. All the orthodoxies were still above Qiyuan. Didn't that mean that this old man had lived for tens of thousands of years and was one of the people who walked out of Qiyuan?

It seemed that this old fellow was the same as Supreme Xuan Hong, an old antique from the same era.

"Don't be afraid. Soon, you'll be like this. Your Yuan Shen and true spirit will be devoured by me, and only your head will be left."

The great void sovereign held the head in his hand and said ferociously.

Tang Hao's heart sank as he looked at the old man's sinister face.

This old monster was definitely the strongest, most scheming, and most terrifying enemy he had ever met.

He tried all the methods he had, but none of them were enough to let him escape this cage.

He did have a divine heaven pill, which was a Supreme-level technique, but it was useless against this old monster.

This old monster's cultivation was too terrifying.

"What, you still haven't given up?"

The great void sovereign laughed sinisterly again, and his expression became even more mocking.

"Listen, there's a fight going on outside, no one will notice this place. With My Immortal cauldron here, the noise here won't spread out. No one will hear you even if you shout until the sky is broken."

"Down there, you seem very arrogant. Not only did you kill the people of my great void sect, you even crippled the geniuses of my great void sect. You made my great void sect look very pathetic, right?"

"Don't worry, I won't let you die so easily. I'll first slowly torture you and let you taste all the pain, then let you die!"

Then, he grabbed Tang Hao's right arm and yanked.

Chi la!

His entire right arm was torn off, and blood splattered everywhere.

Tang Hao gritted his teeth and did not say anything.

“Woof! You’re quite tough!”

The great void sovereign sneered.

His face was splattered with blood, and his expression became even more sinister and terrifying.

“I’ll see how long you can hold on!”

He reached out again and tore off Tang Hao’s newly regenerated right arm, crushing it.

Tang Hao’s face was still cold, and he did not even flinch.

“Hahaha! You have guts! As expected of the person who could obtain the great void seal. You’re even more powerful than the two guys back then!”

The great void sect master laughed.

In the next moment, his face darkened and revealed an extremely ferocious expression.

“I’ve changed my mind. I’ll send you on your way now!”

As he spoke, he reached out with his right hand and clutched Tang Hao’s throat like a pair of iron pincers, then lifted him up.

A golden flame burned in his eyes.

He was going to use these flames to burn this kid’s primordial spirit and true spirit to ashes before cutting off his head.

There was no trace of fear on Tang Hao’s face. Instead, he grinned.

“Eh? What are you laughing at?”

The great void sect master was stunned and shouted.

“I’m just an eighth tribulation. It’s my honor to be able to drag a ninth tribulation Supreme martial artist down with me!” Tang Hao said with a smile.

“Hahaha! You’re crazy! You want to drag me down with you? In my eyes, you’re not even comparable to an ant. You can’t even hurt a single hair of mine, so what do you have to drag me down with you?”

The great void sect master laughed out loud as if he had just heard the funniest joke in the world.

“Just based on this!”

Tang Hao gritted his teeth and shouted.

In the next moment, in the middle of the floating immortal abode in his sea of Dao in his dantian, the divine light gradually dispersed. Golden talismans flew out and then dissipated.

As the divine light dissipated, a dazzling golden light bloomed.

At the same time, a destructive aura spread out.

In the golden light, a golden figure the size of a child could be vaguely seen sitting cross-legged. As the talisman gradually dissipated, his eyes trembled and slowly opened.

The moment he opened his eyes, a thunderous sound came from above the battlefield of gods and demons, shaking the whole place.

Then, a part of the void twisted, and golden lightning poured out. It quickly turned into a vortex of lightning, exuding an aura that could destroy the world.
