

The Mightiest Little Peasant Chapter 2576

“Ah!”

A miserable cry was heard in a mountain range in the middle continent.

A 6th tribulation Saint fell to the ground.

His primordial spirit, together with the back of his head, was hit hard and he fainted.

“Hehe!”

Then, a slightly perverted laugh sounded.

A black-robed figure walked out of the void with a thick rod in his hand.

He squatted down and deftly stripped the person naked. Then, he grabbed the person’s leg and threw him into the ditch. In the ditch, there was already a pile of white xiuzhe that had been stripped naked like this.

“The last one is quite fat!”

He opened the ring, looked inside, and grinned.

He put away the treasure, flicked his sleeves, and left.

After flying for a distance, he changed his clothes. Suddenly, he changed from a wretched Man in Black to an extraordinary elder of the Holy Temple wearing a yellow robe of mountains and rivers.

He found a mountain and sat down, then took out a pot of wine and started drinking.

After drinking half a pot, he felt a little dizzy. He felt as if he was floating in the clouds. It was too comfortable.

“Al! These days are really too comfortable!”

He let out a huge sigh.

Ever since he came up here, he had been living like a living God.

He didn’t have any enemies, and no one would shout at him to kill him. No one would chase him or hunt him down for half the world.

Here, there were treasures everywhere, and the people here were very innocent. They had never been harmed by bad guys like him, so it was easy to get them.

This place was simply heaven!

“That Tang guy seems to have done a lot of sensational things again. This guy is still the same, reckless all the time, what’s there to be reckless about, isn’t it good to be a little wretched like me?”

“But it’s good. He can do whatever he wants. It’s none of my business. It’s best if he can do whatever he wants to himself so that I won’t be annoyed!”

He muttered and pouted.

In the past, he had always wanted to take revenge and kill this Tang guy. However, after the repeated failures, his thoughts of revenge were extinguished bit by bit until he was disheartened.

He didn’t even want to take revenge now. He just wanted to get as far away from that guy as possible. Therefore, he chose to come to the middle continent.

This place was so big, it was enough for him to live freely!

He leaned on the mountain top, drinking wine and squinting his eyes. His heart was filled with joy.

However, right at this moment, a spiritual will suddenly swept over from the sky.

“What?”

Liu heihu was stunned.

This spiritual sense seemed to be a little strong. It seemed to be a half-zhizun!

That’s strange! There weren’t many half-zhizun realm experts in the middle continent, and most of them were in the upper continent.

Just as he was feeling puzzled, the divine thought returned after scanning him. It scanned his body back and forth a few times. Then, he saw a divine light shooting over from the distant sky.

The speed was unbelievably fast.

In an instant, the divine light was right in front of him, turning into a golden figure.

Liu heihu’s mouth fell open when he saw the figure. He was stunned.

Who was this guy?

What for?

Could it be that his robbery had been exposed, and someone was here to seek revenge?

His heart skipped a beat as he felt that something was wrong.

However, after thinking about it carefully, that wasn't right. He was very careful now and only robbed people with no background. It was impossible for him to have provoked a half-zhizun!

"You're Liu heihu?"

The person shouted loudly. His voice was like thunder, shaking the void in all directions.

"Yeah! Who are you?"

Liu heihu looked at the man in confusion.

"Also, why are you so loud? it's not like I can't hear you!" Then, he pouted and mumbled indignantly,

"You don't know who I am?"

The person was startled and somewhat stunned.

His reputation was so resounding, and his characteristics were so obvious, but this guy actually didn't recognize him?

How could this be possible?

This guy must have done it on purpose to humiliate him!

That's true! This guy was that bastard's brother. Of course, he was helping that bastard to humiliate him!

Alright! He's really bold!

He immediately clenched his fists, and his eyes burned with monstrous anger.

He decided that he would be a hundred times more ruthless than he had planned to deal with this guy!

"You're worthy of being that guy's brother, you've got balls!"

Tang Bukong laughed out loud. Then, his face darkened and revealed a ruthless expression.

"What brother? What are you talking about?"

Liu heihu was even more confused.

He felt that this guy was a little strange. He didn't know this guy at all, and he didn't have any brothers.

"Hmph! You want to lie to me? Do you think I'm an idiot, an idiot? Don't you try to quibble anymore, die!"

Tang Bukong let out a shrill cry and his aura exploded. Then, he rushed out and threw a punch.

“You’re f * cking crazy! I don’t even know you!”

Liu heihu’s face changed in fear. He threw away the wine pot and retreated.

“You still dare to humiliate me! You’re looking for death! I’m the Tang clan’s prologue, how can you not recognize me? You’re clearly helping that bastard humiliate me!” Tang Bukong roared in anger. The anger in his heart was boiling.

“The Tang Clan?”

Liu heihu was stunned.

Then, his face twitched.

F * ck your mother!

The one surnamed Tang!

You bastard again!

You F * cking tricked me again!

He roared madly in his heart.

This idiot was one of the main characters of the recent rumors, the Tang clan’s prologue.

The reason why this guy came to deal with him must be because that bastard surnamed Tang said something he shouldn’t have!

And this idiot actually believed it!

“Hmph! Now you have nothing to say!” Tang Bukong could not help but sneer when he saw the dumbfounded look on the other party’s face. He felt that he had seen through the other party’s lie and was speechless.

“Are you a F * cking idiot? You’re an idiot, an idiot!”

Liu heihu cursed in anger.

This Tang clan’s overseer was definitely the stupidest genius he had ever seen. He didn’t even know that he had been fooled by that Tang guy.

“You ... You still dare to scold me?”

Tang Bukong was stunned. Then, his face twitched a few times. He was so angry that he almost blew smoke out of his seven orifices.

He was going to kill this bastard!

Ah!

He howled at the sky, his expression becoming somewhat crazy. The Qi around him surged wildly, as if he was going to go berserk.

“Although this guy is an idiot, he should have a lot of treasures. It’s a prologue, after all. Look at this Daoist robe, it’s shining with a golden light. It’s incredible. And these boots are also Supreme-grade nine tribulations weapons! And the jade pendant ...”

Liu heihu squinted his eyes and sized up his opponent. His eyes were getting brighter and brighter, emitting green light.

Gulu!

After seeing this guy take out a silver flying sword, he couldn’t help but widen his eyes and swallow hard.

F * ck!

This was a celestial artifact!

Looking at the sword, his drool was about to flow out.

“No! It was too alluring! I can’t take it anymore! Even if it’s a prologue, I’ll fight it out!” He muttered to himself and flipped his palm. A Jade bottle appeared in his hand.

As soon as the bottle was opened, traces of immortal Qi escaped from it.

“Eh? What’s wrong with this guy? Is he coveting my sword? Hmph! It was really wishful thinking! This kind of trash dared to covet my celestial sword! Good! I’ll use this sword to kill you!”

Tang Bukong laughed coldly. He activated his immortal sword and attacked.

However, at this moment, the guy in front of him suddenly raised his hand, and a cloud of golden smoke came over.

“Hmph! A small trick!”

His face was full of disdain.

What methods could this kind of trash have to injure him, a half-zhizun!

However, in the next moment, he realized that something was wrong. The smoke came over and directly passed through his protective immortal Qi. Then, it covered his face. Then, his consciousness began to become a little blurry. The figure in front of him suddenly became three, then five, and kept shaking.

What was going on?

He was a little dazed.

He was a half-zhizun! An expert who had formed his true spirit!

Why would she still faint?

This was ridiculous!

Before he could figure it out, he heard a faint thud and a sharp pain in the back of his head.

Then, his vision turned black and he lost consciousness.
