

## The Mightiest Little Peasant Chapter 2598

“You ... How dare you ...”

The rain master clan Thearch returned to life and shrieked, his face twisted.

But what welcomed him was still a palm.

Pa!

His head exploded again, and blood splattered everywhere.

“Brat, you’re looking for death!”

When he was reborn again, his expression was somewhat crazy.

For a venerable sovereign, it was the greatest humiliation to have his head smashed like this.

“Stop!”

At this moment, the rain master clan’s venerable sovereigns finally came to their senses. They shouted angrily and attacked.

Tang Hao smashed the head of the venerable sovereign again, then turned around and coldly glanced at the few venerable sovereigns of the Yushi clan.

The next moment, his body shook.

In an instant, extremely bright celestial light exploded from his body and turned into a shocking pillar of light that shot into the sky. With him as the center, waves of extremely violent pressure swept out.

Being shocked by this aura, the few figures that were charging over were all stunned.

Then, they were all dumbfounded.

This aura ... Was too terrifying!

Also, what were those?

In the dazzling celestial light, they could vaguely see the shadows of real Dragons. They looked like real spirits, but they couldn’t be real spirits!

That was because there was only one true spirit, and it was impossible for there to be so many!

“What ... What are those?”

At this moment, the three patriarchs of the rain master clan, who were deep within the palace, were dumbfounded.

They also saw the faint shadow of a true dragon in the dazzling immortal radiance.

“One, two, three ... There are eight! This can’t be a true spirit!”

The middle-aged forefather shouted.

His tone was very certain.

That was because no one in the world had cultivated more than one true spirit. No one had even cultivated two, let alone eight!

Even in the ancient times, no one had ever cultivated eight true spirits.

The other two patriarchs nodded.

Eight true spirits!

That’s impossible. Unless there’s something wrong with this kid’s brain, he wouldn’t cultivate eight true spirits.

“Since there’s no room for negotiation, I’ll beat you up until you do!”

“Die!” Tang Hao shouted coldly as he shot forward.

Bang!

He threw a punch at the chest of one of the rain master clan’s sovereign Venerables.

Kala! Kala!

The nine tribulations armor was cracked open, and the venerable sovereign’s body shook violently, blood spurting out of his mouth.

Then, his body was sent flying like a cannonball, smashing through one Palace after another.

Hiss!

The other venerable sovereigns widened their eyes in horror.

That was the nine tribulations battle armor!

It was actually shattered by this guy’s punch!

This guy was too abnormal!

Gulu!

They swallowed their saliva in unison, feeling a little terrified.

This guy's strength was too strong. With just the few of them, wanting to stop this guy was no different from a Mantis trying to block a car.

At that moment, they wanted to retreat.

However, Tang Hao would not let them go so easily. His body flashed, and he threw a few punches in the blink of an eye. Accompanied by several loud sounds, these people almost spat out blood at the same time and flew backward.

Boom! Boom! Boom!

The palaces behind him exploded one after another.

"Oh my God!"

"That guy is too scary!"

Countless clansmen stood in the air around the rain master clan. They were all shocked to see this scene.

Those who were sent flying were all seven or eight acupores advanced venerable sovereigns. One of them was even a nine acupores venerable, who was second only to the three great ancestors in the rain master clan.

However, when faced with the guy in white, he still had no ability to resist at all. He was completely crushed.

"Is that the legendary Celestial Emperor Hao Tian?"

"Then how could such a powerful figure appear in the lower realm?"

The rain master clansmen were all whispering to each other.

Of course, they had heard of this Supreme Emperor Hao Tian. In the Holy region, except for those old monsters who were in seclusion, who had not heard of this name?

This was a peerless genius who could suppress Tang Bukong and was recognized by all the ancient mighty people!

Now that he had seen it, it really lived up to its reputation.

"Is he really not even a hundred years old?"

“He’s not even a hundred years old, yet he’s already cultivated to such a realm. He’s truly a monster that has never been seen in history!”

They looked at the figure standing in the air in front of the gate of their clan, and their expressions were even more shocked.

“He’s very strong, but he offended the wrong person today. What does he think our Yushi clan is? Do you really think our Yushi clan is easy to bully?”

“When the three great ancestors make their move, he’ll suffer!”

There were also many rain master clan members who revealed indignant expressions.

“What descendants of the gods? is that all you’ve got?”

“You’re courting death!” Tang Hao shouted coldly as he walked toward the rain clan. His voice was filled with disdain.

“If you don’t hand over this person, I’ll block you here and see how long your rain master clan can last!”

As he spoke, he waved his hand and a ray of sword light shot out, shattering the gate of the rain master clan below.

“You ... You’re looking for death!”

“He’s too arrogant!”

In an instant, the rain master clan was filled with angry curses.

“You’re looking for death!”

Seeing the door being blown up, the three people in the depths of the palace finally couldn’t hold it in anymore.

“This brat deserves to die!”

The middle-aged man clenched his fists, and his face revealed an extremely ferocious expression.

That gate was the face of his Yushi clan!

He couldn’t tolerate this kid’s impudence anymore!

“Watch how I’ll deal with him!”

“Die!” He roared and stood up. Dazzling celestial light shot up from his burly body and turned into a pillar of light that shot into the sky.

He took a step forward and his body was in mid-air. He shouted in the direction of the gate, "boy, don't be so arrogant. I am the rain Master Huang Tian!"

His shout was still echoing in the air, but his figure had already swept out and arrived above the gate in an instant.

The immortal might from his body gushed out, pressing down on the figure in front of him.

BOOM!

Before the battle even began, the two auras had already begun to fight fiercely. The Qi rippled out and shattered the buildings in all directions into dust.

"You are the ancestor of the Yushi clan?"

Tang Hao said coldly as he sized up the man in front of him.

"That's right!"

Rain Master Huang Tian shouted. His eyes were filled with murderous intent as he glared at Tang Hao.

"Brat, you dared to destroy the gate of my Yushi clan. Your crime is unforgivable! Today, as your senior, I'll teach you a good lesson and let you know that you can't be too arrogant!"

He pointed a finger at Tang Hao and shouted angrily.

"The ancestor is mighty!"

The four sides of the Yushi clan immediately cheered.

All the rain master clan members heaved a sigh of relief and revealed looks of joy.

If the old ancestor were to take action, then there wouldn't be any problems.

This old ancestor was an ancient figure who had advanced to half-zhizun a few thousand years ago. He was more than enough to deal with this kid.

"Just now, you crushed the head of the sovereign of my Yushi clan. I will return the favor by smashing your head. Not only that, but I will also cut off your limbs and break every bone in your body. I will let you have a taste of what it feels like!"

Rain Master Huang Tian shouted.

After he finished speaking, his figure moved and he shot out. A punch was thrown out, and the killing intent around him was shocking.
