

The Mightiest Little Peasant Chapter 2619

“That’s too dark!”

“How could Supreme martial artist Xuan Hong do such an outrageous thing!”

The surroundings were in an uproar.

Everyone’s faces were filled with anger.

Although this kid claimed that he earned it himself, who would believe such nonsense?

That was not just a few hundred or a few thousand, it was a few tens of millions of contribution points!

Even if a person spent tens of thousands of years, it would be impossible to earn so many merit points!

It was obvious that these merit points were given by Supreme Xuan Hong, who had violated the rules.

Many people’s eyes turned red with jealousy and anger.

Tang Bukong was also stunned by the number.

This number was indeed a little frightening.

He was overseer, a powerful cultivator who was also proficient in the Dao of alchemy and equipment. He could earn quite a number of merit points in a year, but he could only earn a few thousand merit points. This was ten thousand times more than what he had earned!

Then, he realized that the exchange price of over 100000 true spirit pills was 20 to 30 million!

He was immediately overjoyed.

This guy’s words were equivalent to admitting that Supreme Xuan Hong had opened the back door for him and violated the rules by giving him tens of millions of merit points to exchange for the aperture opening pill and the hundreds of thousands of true spirit pills!

This time, this kid could not run away!

“You earned it yourself? Bah! It was clearly Supreme martial artist Xuan Hong who gave it to you in private!” He shouted.

“You don’t believe me?”

Tang Hao looked at him with a mocking expression.

“Of course not, I’m not an idiot! Just ask them if they believe your nonsense!” Tang Bukong sneered and pointed at the xiuzhe in the surroundings.

“Who would believe that! We’re not fools!”

“Tens of millions of contribution points. Even if you give me a hundred thousand years, I probably won’t be able to earn it!”

All the cultivators shook their heads.

They felt that this kid was really taking them for fools. No matter how powerful this kid was, it was impossible for him to earn tens of millions of merit points in two years. This was simply impossible!

“Listen, not a single person believes it! Do you really think that no one would dare to touch you just because you’re talented? Don’t forget, you’re just an ordinary temple elder. You’ve broken the rules of the temple, so you’ll be punished!”

“If you don’t obey, the Supreme martial artist will deal with you!”

Tang Bukong shouted, his expression proud.

“The many rules of the Holy sanctum are the cornerstones that maintain the operation of our sanctuary. They can not be broken. For the past ten thousand years, from the Supreme to the ordinary cultivators, no one has dared to break these rules.”

At this time, the great void sovereign stood up and shouted in all directions.

“But now, someone has broken this rule. Moreover, it’s not a small mistake. He embezzled hundreds or thousands of merit points, but tens of millions of merit points!”

“Think about it. How many people worked so hard to refine those 100000 true spirit pills? these are treasures that belong to all of us in the Holy region. We need to put in the same amount of effort to exchange for them. This is only fair!”

“But now, someone has used dishonorable methods to take away these treasures without any effort. Do you think this is fair?”

As Supreme Taixu spoke, his tone became a little impassioned.

“It’s not fair!”

A wave of earth-shattering cheers rose from the crowd.

“That’s right! This is very unfair. Whoever breaks the rules, no matter if he’s a Supreme martial artist or a peerless monster, can’t be tolerated. He must be punished!”

Supreme Taixu shouted with an impassioned expression.

“Right! No matter who it is, they will be punished!”

“I used to think that Supreme Xuan Hong was just and impartial, treating everyone equally. I never thought that he would actually do such an outrageous thing. He has betrayed the trust of all of us.”

The crowd became more and more excited as they shouted.

The group of Supreme martial artists did not make a sound.

They could naturally tell that the great void sect was deliberately targeting that kid. However, this was normal. That kid had embarrassed the great void sect several times. The great void sect naturally bore a grudge against him.

Now that the opportunity had come, he naturally couldn't help but jump out and add fuel to the fire.

As long as this old man didn't go overboard, they wouldn't care.

Xuan Hong and that brat had gone too far this time. They had to be punished.

“Everyone, please calm down and listen to me!”

A moment later, sovereign great void waved his hand and said.

“Supreme Xuan Hong has made great contributions to the Holy region. Although he has made a mistake this time, it can be forgiven. As long as he doesn't make such a mistake again, it's fine!”

“But this kid, look, he's still so arrogant and has no intention of repenting. He's really stubborn! This kind of person should be severely punished. I suggest that we lock him in the ice hell for ten years!”

Sovereign great void shouted.

“Good! He should be suppressed for ten years so that he can reflect and repent!”

Immediately, someone echoed.

The group of Supreme martial artists looked at each other, but still did not say anything.

Suppress the ice prison for ten years!

They could still accept this result.

For xiuze, ten years was like the snap of a finger. It was very short.

After being locked up for ten years, this kid might not even be a hundred years old when he comes out! It didn't affect his future!

“My fellow Daoists, what do you think of my suggestion?”

The great void sovereign turned around and said to the other sovereigns.

The group of Supreme martial artists didn't say anything and only nodded.

"Good! I'll take him first, then we'll take him to the Saint Palace and have them lock him up in the ice hell!"

The great void sovereign was overjoyed.

As long as they captured this brat, they would be able to bring a group of Supreme martial artists to the palace. Even if old man Xuan Hong appeared, he would not be able to protect this brat. Now that old man Xuan Hong's reputation had been tarnished, it was too late for him to protect himself.

On the true dragon warship, Tang Bukong was also overjoyed.

This guy finally fell!

Being trapped in the ice prison for ten years was not a good feeling.

"To think that this kid would have such a day!"

In the crowd, the people of the Yao clan were gloating.

Even though they were only suppressed for ten years, it was enough to vent their anger.

"Kid, just surrender! There are so many Supreme martial artists here, you can't run away! If you resist, you have to think about what kind of ending you will have!"

He glared at Tang Hao coldly, his expression proud.

Although the first step of his plan had failed and this kid had gained all the limelight, he had still won the second step.

After he finished speaking, he walked forward.

He flicked his sleeve, and a surge of celestial core power rose up. He was about to attack and take this kid.

Tang Hao stood there without saying anything. He grinned at him.

That gaze even carried a bit of ridicule.

'This little one ... He's still laughing. I'll see if he can laugh when we get to ice hell.'

He sneered in his heart, then raised his hand, forming a giant palm, and grabbed forward.

"Hold on!"

At this moment, a loud shout came from the sky.

He looked up and saw beams of divine light appearing in the sky and quickly falling. He looked at the clothes and realized that it was the Holy Temple.
