

The Mightiest Little Peasant Chapter 2632

“The young master has made his move!”

The other three nine-colored venerable sovereigns stopped.

Since the young master had already made his move and was still using that pair of Supreme divine eyes, there was no need to worry.

That human was dead for sure, he would be ground into dust by the God’s Eye!

“I didn’t expect this guy to be so strong!”

Then, they felt a wave of self-blame and regret.

The four of them had joined forces, but they still couldn’t defeat a human of the same level. It was really embarrassing.

“As a lowly human, your strength is quite good. I think you must be one of the top figures in your human race!” The man with polycoria placed his hands behind his back and walked over from the other side of the starry sky.

With every step he took, his body would flash and he would soon be in front of her.

His pair of golden eyes kept spinning, firmly suppressing that piece of spacetime.

“I’m very curious. Where did you get the guts to come to my God clan and kill people? do you really think that you can escape from my God clan? Hmph! In your dreams! There are as many powerhouses as there are clouds in my Celestials. Even if a human Supreme-being were to come, he wouldn’t be able to leave, let alone a puny 8th tribulation cultivator like you!”

“Your treasures are pretty good. I’m going to study them. Also, I’m very interested in your evil technique. Don’t worry, I don’t need you to tell me. I’ll know when I extract your soul!”

The man with polycoria approached and stared at Tang Hao with a cold gaze.

His eyes were filled with contempt and disdain, as if he was looking at an ant.

“Argh! That’s right, my surname is Jiang, and I’m the young master of the deity Jiang family!”

The man with polycoria laughed coldly. His eyes stopped and began to reverse.

The space and time in front of him shrunk, collapsed, and twisted.

Then, he stretched out his hand and pulled the injured Clansman out.

“Many thanks, young master!”

The venerable sovereign quickly knelt down to thank him, his face full of joy after surviving the disaster.

When he stood up, he gritted his teeth and looked at the distorted void, his eyes surging with monstrous hatred.

“Human, it’s your honor to die under the divine eye of the young master of the Jiang family!”

He shouted with an arrogant expression.

Seeing this damn human being crushed to death by the young master, he felt extremely relieved.

“Is that so?”

Tang Hao’s expression did not change at all. He was not flustered at all. In fact, he even looked a little disdainful.

He had already witnessed the power of the nine-colored double pupils. If it was in the past, he would really be afraid of this complete pair of double pupils, but now, he was not afraid at all.

“Hahaha! You’re still so stubborn even at this point. Let’s see if you can still be so stubborn later!”

The venerable sovereign laughed out loud, his face full of mockery.

Even the young master of the Jiang family sneered.

He had already been suppressed by him and was about to be annihilated very soon, yet this human was still stubborn. What a joke!

He blinked his eyes, and the speed of his pupils suddenly increased, as if he wanted to crush the human’s body completely.

However, at this moment, his expression changed as he caught a glimpse of a golden light flashing from the human’s abdomen.

“What’s that?”

He was startled and looked a little startled.

Before he could react, the golden light suddenly expanded, and a golden figure with golden lightning around its body appeared. It stepped out and opened its mouth, letting out a shocking roar.

At the same time, a monstrous lightning bolt shot out.

The spacetime power that was suppressing the area was instantly shattered.

“Ah!”

He felt a sharp pain in his eyes, and he couldn't help but close his eyes and let out a low cry of pain.

His figure even staggered and took a few steps back.

Seeing this, the four people at the side were stunned.

What was going on?

What exactly was that golden figure that could break through the suppression of the young master's Supreme divine eye?

Their eyes were wide open, and their faces were filled with disbelief.

"You are the young master of the Jiang family? What a coincidence!"

"Die!" Tang Hao shouted coldly. His true body crashed into the other and combined into one.

In an instant, his entire body shone with golden light. Golden lightning patterns flashed on his skin, and his eyes surged with monstrous lightning.

"What ... What is this?"

The young master of the Jiang family covered his eyes and screamed.

He had never encountered a situation like this before. Someone could actually break his God's eye and hurt him. Furthermore, this was a lowly human. He could not accept this at all.

"What is this?"

When he finally opened his eyes, he could vaguely see the figure in front of him. He was stunned again, somewhat in disbelief.

Not only had the human's appearance changed, but even his aura had changed. He had become unfathomable and the monstrous lightning around him made him, a reverent-God, feel a little fearful.

"Is this ... The world-destroying Thunder?"

Then, as if he had recognized her, his eyes widened so much that his eyeballs almost popped out of his eye sockets.

The world-destroying lightning!

This was the world-ending lightning!

It was the most powerful lightning in the world!

At the same time, this was also a forbidden power. How could anyone master it, and it was a lowly human!

“This is ... The world-ending lightning?”

When the other four heard this, their bodies trembled and they were dumbfounded.

F * ck!

Just what was up with this human? how could he possess such a heaven-defying thing?

“You guys have good taste!”

Tang Hao grinned and smirked.

The next moment, he moved and appeared in front of the injured nine-colored Emperor. “The person I want to kill can’t escape!”

He mumbled to himself and struck out with his palm, which was accompanied by a monstrous lightning.

Bang!

His armor exploded, followed by his chest, and blood splattered everywhere.

The nine-colored sovereign spat out a mouthful of blood. Before he could fly away, Tang Hao pointed at his forehead and extracted the essence of his bloodline. He condensed it into a divine crystal and dug it out.

At the same time, his soul was also taken out and put into his bag.

After killing the first person-Tang Hao’s figure flashed again and appeared in front of the other three. Accompanied by a deafening Dragon’s Roar, seven true dragons gushed out with monstrous lightning. They suppressed the three of them and extracted their souls, killing them completely.

“Stop!”

The Jiang family’s young master’s eyes almost popped out of their sockets as he screamed.

“Now, it’s your turn!”

Tang Hao’s figure moved and charged toward him. The lightning around his body expanded and followed his punch.

“You’re looking for death!”

The young master of the Jiang family was furious. Divine light shone around him, and the nine crystals between his brows shone even brighter. The aura of a Supreme martial artist spread out crazily.

A mere eighth tribulation dared to attack a reverent-God like him. He was really overestimating himself!

He clenched his fist, and the shadow of a true dragon appeared around him. He punched out.

However, at this moment, the void around him suddenly stopped and everything froze.

“What ... What’s going on?”

His mind trembled, and he was somewhat at a loss.

He could only open his eyes wide and watch as his opponent’s fist came rumbling over, and it imprinted directly on his face. Bang! With a loud boom, his face caved in, and pieces of flesh were destroyed, revealing the nine-colored divine bones.

Ah!

In the next moment, he let out a blood-curdling screech as his body flew out like a cannonball. He was in a sorry state.

“Jiang, we will meet again!”

“Run!” Tang Hao shouted as he pulled back his hand. He tore open the void and fled.

He passed through the void several times in one breath and finally got close to the passage.

He rushed over and found the tunnel. He went in and returned to the other side of Pangu world by following the mark he had left.
