

The Mightiest Little Peasant Chapter 2639

Behind the Tang Clan was the Ji clan.

Tang Hao saw the Luan bird following behind the Ji clan's Supreme martial artist. A graceful figure could be seen on the bird's back. Her curves were graceful and alluring.

Many gazes from all directions were attracted by this figure.

Those with weaker mental fortitude were already dazed. Even venerable sovereigns like Xu Yuan and Jin Lin became dazed and absent-minded at first glance.

"Is this the six desires Heavenly Devil?"

Emperor Xu Yuan shook his head and sobered up. When he looked again, he was a little afraid.

The power of the six desires heavenly demon was beyond his imagination.

The Luan swept over and stopped in front of him.

A fair hand pulled open the curtain, revealing a charming and beautiful face.

"My name is Xuan Mei. Greetings, elder Ling Qing and the ancestor of alchemy!"

She gracefully bowed and paid her respects.

When she stood up again, she looked at Tang Hao with her charming eyes, which were full of smiles.

"No need to be so polite, Ji xuzi!"

Elder lingqing said hurriedly.

This was overseer, whose status was second only to Zhi Zun. Although he was in charge of the divine temple, he was only on the same level as overseer.

"Xuzi, hurry up and go in!" Elder lingqing turned to the side and said to the pagoda door, "ah! By the way, I heard that xuzi has come to our temple several times to look for someone. Have you found him? Do you need my help?"

"I found it!"

Ji xuanmei pursed her lips and smiled. Her eyes then turned to look at Tang Hao.

"You found it?"

Elder lingqing was stunned.

The one who won the Ji clan's selection was really from the divine temple!

There was a commotion all around.

Everyone was excited and curious. At this moment, their gossiping souls were burning.

"Elder, I'll be going in first!"

Ji xuanmei didn't continue speaking. She bowed and bowed before returning to the palace.

The Luan gave a light cry and turned into a stream of light, following the Ji people into the tower.

"Al! Daoist Tang, why do I feel like there's something wrong with her eyes? she kept looking in our direction!" Emperor Xu Yuan looked around and whispered in Tang Hao's ear.

"Is there? It must be a coincidence!"

Tang Hao cleared his throat.

"It's like this!"

Emperor Xu Yuan touched his chin and wondered.

"Let's go!"

"Come in!" Tang Hao shouted at him, then led the way toward the tower's entrance.

Xu Yuan and the others immediately followed.

There were a lot of people in the divine temple, but they all split up after entering the black and yellow tower. At most, they were in groups of two or three.

This way, it would be more convenient to search for treasures, and it would be easier to split the treasures.

Tang Hao only went with Xu Yuan and Jin Lin.

As soon as the three of them entered the tower, they quickly searched for a passageway to enter the next level. Just like that, they directly rushed to the eighth level.

For them, the things on the first seven floors were completely useless, and staying for even a moment longer would be a waste of time. As soon as they entered the eighth floor, the three of them immediately released their divine senses and swept in all directions.

Tang Hao even released his divine will to search the area.

Soon, he knew which ferocious beasts were in the four directions and which treasure boxes were in which corner.

“So many treasures!”

A moment later, Tang Hao retracted his divine sense. He looked excited.

Compared to the last time, the number of ferocious beasts in this world had multiplied by many times. Among them, there was no lack of ancient bloodlines. Moreover, the number of treasure chests had also increased by many times, and many of them were rare treasure chests.

“They’ve really put in a lot of money this time!”

Tang Hao grinned. His eyes were shining.

“Let’s go, let’s go!”

“Let’s go!” He couldn’t wait any longer. He brought Xu Yuan and Jin Lin to a nearby mountain range.

There was a snake’s den there, and a nest of Dragon pythons was coiled up there.

A total of five, all eight tribulations, with the highest being three apertures.

Tang Hao’s halberd struck out and killed them easily. He waved his sleeve again, and the Dragon pythons flew toward him. He collected their souls.

He didn’t even waste a single drop of blood and collected them all.

The flesh and blood were all great tonics.

For the demon God race, these were the most suitable tonics and were easier to absorb than human pills. The flesh and blood of these five dragon pythons could give birth to a dozen more great emperors.

In this lair, the three of them also found two treasure chests. When they opened them, one of them contained an aperture opening pill, while the other contained a nine tribulations weapon.

Tang Hao didn’t take any of them and gave them to Xu Yuan and Jin Lin.

Then, the three of them went to the next nest. They killed and swept in one go, and the whole process took less than two minutes.

“Hurry, hurry, hurry!”

Tang Hao led the charge after they left the nest.

The three of them did not stop and quickly swept through the place. It did not matter what kind of ferocious beast lair it was, how many there were, or what cultivation level they were at. They just had to rush in and finish the job. With Tang Hao’s current cultivation, he could even fight a Supreme-being, let alone these eight tribulation beasts.

Even nine apertures Masters couldn't withstand one move from him. He could kill them with one strike of his halberd.

"F * ck!"

"F * ck!"

Xu Yuan and Jin Lin also wanted to show off their skills, but they realized that it had nothing to do with them. The moment they entered, the battle had ended, and they could only curse to express their feelings.

"Fellow cultivator Tang is really amazing!"

When they saw Tang Hao Pierce a nine-orifice water dragon with his halberd and blow its head off with his fist, the two of them were stunned for a long time.

They also gave up the idea of attacking and simply followed behind to find the box.

"Waa! The Dragon Bone of the ninth tribulation!"

"This is the divine bone of the Thunder Qilin!"

In these boxes, there were not only aperture opening pills, star dew, all kinds of tribulation weapons, but also many divine materials.

Tang Hao wasn't very interested in these things. After all, they could be exchanged for in the divine temple's Treasury. Although they were a bit expensive, he didn't lack merit points. He only took the rest after Xu Yuan and the other person had finished choosing.

As time passed, more and more people entered this world. The venerable sovereigns from the five great Daoist sects and the eight great families had come in, but now, the venerable sovereigns from the 3000 Taoist sects and various forces had all come in. The sounds of fierce fighting could be heard everywhere.

Many venerable sovereigns fought fiercely for fierce beasts and treasures from time to time.

Tang Hao also changed his target. He no longer targeted the low-tier beasts. Instead, he began to kill the beasts above the seven apertures level. When more people were fighting, he turned to the eight or nine apertures level beasts.

Although there were many venerable sovereigns here, including some old monsters who were half a step away from Supreme, not many of them could kill nine apertures ferocious beasts.

Even a half-step to Supreme martial artist would find it difficult to kill a nine apertures ferocious beast.

On this level, there were quite a few half-zhizun beasts. They were the overlords of this level, and their lairs were also the forbidden area of this level. Even half-zhizun old monsters would rarely dare to provoke them.

After clearing a round of nine apertures mystical beasts, Tang Hao had his eyes on the group of half-zhizun realm beasts.

In his eyes, these Overlord-level beasts were the most precious treasures on this floor!
