

## The Mightiest Little Peasant Chapter 2646

"I've finally found one!"

Tang Hao was overjoyed.

This was the first treasure chest he had found, and it was of extraordinary quality. There must be some valuable treasure inside. It was most likely a celestial artifact.

He moved closer to get a better look.

But at this moment, he suddenly heard a clanging sound, like the sound of chains shaking. Then, in the cave below, a black shadow suddenly swept over, and his vision went black.

In the distance, protected by layers of formations, Tang Hao's main body opened his eyes.

The black shadow was too fast. He didn't even see what kind of beast it was.

"Let's probe again!"

He closed his eyes and sent his mind out.

Shortly after, thousands of wisps of soul changed their direction, darting toward the cave and entering it.

As soon as he entered the cave, he looked down.

"This is ... My God!"

Tang Hao was stunned for a moment when he saw it clearly.

In the next moment, his heart was filled with shock.

It was a Dragon!

It was a Black Dragon with a broken horn on its head!

He did not look big, only about 30000 meters in size. His body was wrapped in a black mist, and he was entrenched at the bottom of the cave. Dark golden chains were tied to his body, and these chains were nailed to the walls of the cave.

Looking at the cave walls, they were also made of dark golden metal and were engraved with talismans.

"Hiss! Hiss! Hiss!"

Tang Hao took a glance and gasped in shock.

He could feel the aura of a true immortal on these talismans. These talismans were carved by a true immortal, and this Black Dragon was suppressed here by a true immortal.

If it needed a true immortal to suppress it, just how terrifying was the Black Dragon's strength?

He took a closer look and realized that the rainbow treasure chest was embedded on the back of the Black Dragon, near the reverse scale.

"F \* ck!"

Tang Hao immediately rolled his eyes.

Which F \* cking pervert set up this treasure chest? wasn't this just sending people to their deaths?

That was a Black Dragon suppressed by a true immortal. One could imagine how powerful it was. Even if it was locked up, it was still very terrifying. You even set the treasure chest next to the reverse scale. Do you think that you're not going to die fast enough?

Just as Tang Hao was ridiculing it in his heart, the Black Dragon opened its eyes. Its blood-red eyes swept upward, revealing an impatient expression.

He raised his head, and two streams of black gas came out of his nostrils.

Then, Tang Hao's vision went black again. All the split souls were annihilated.

"This treasure chest isn't easy to get!"

Tang Hao's real body opened his eyes and shook his head.

Although the treasure was good, the risk was too great. With his little strength, he was probably not even enough to fill the gaps between the Black dragon's teeth.

However, the greater the risk, the better the treasure was. It must be of the highest quality.

Tang Hao rubbed his chin and pondered.

He definitely could not snatch it by force. Even if he became one with himself and his combat power reached its peak, he was definitely not the Black Dragon's match. He would not be able to break through the Dragon's reverse scale and take the treasure chest.

"Since the hard way doesn't work, then I can only use the soft way!"

Tang Hao began to think of all sorts of strategies.

"Let's try it first!"

After a long time, he sent a wisp of his soul into the cave again.

“Senior ...”

The moment he entered, he smiled and called out enthusiastically.

However, just as he called out ‘senior’, before he could finish his sentence, a black light surged over, and his vision turned black again.

“What a bad temper!”

Tang Hao smiled wryly and helplessly.

He once again sent out his split soul and entered.

“Senior, please listen to me ...”

This time, he only said a few more words before his vision went black.

“F \* ck!”

Tang Hao’s real body opened his eyes, feeling a little depressed.

He wasn’t discouraged, and sent out more souls to enter, one after another.

Every time they entered, they would die instantly.

After repeating this for five to six hundred times, the Black Dragon finally grew tired of it. It lay there and stopped moving.

“Senior, please listen to me. I’ve studied both artifact refining and magical formations. I’m very interested in the formation that bound you today. I wonder if senior can allow me to take a look and study it!”

Tang Hao smiled at the Black Dragon.

“Hmph! You little bug, you haven’t even reached the ninth tribulation, and you want to study this true immortal formation? you’re overestimating yourself!”

The Black Dragon looked up and sneered.

It was a joke that an eight-tribulation little bug wanted to study a true immortal formation!

“Senior, you may not know this, but I’m extremely proficient in refining weapons and formations. I’m not bragging, but no one in the human race outside is better than me.” Tang Hao patted his chest and smiled confidently.

“Hahaha!”

The Black Dragon couldn’t help but laugh.”You little bug, you really know how to brag!”

“Senior, do you think it’s possible for you to do me a favor and let me take a look at this array? perhaps I can break it and let you out!” Tang Hao said with a smile.

“Hahaha! Interesting! You little bug, you’re really interesting!”

The Black Dragon laughed again.

His laughter was so loud that the walls of the cave trembled.

Then, the laughter stopped and the Black Dragon blinked its eyes. There was a bit of evil in its eyes.

“Little bug, do you know why I’m being suppressed here and tortured by the Dragon binding rope? And why are those giant beasts up there locked up here, never to leave?”

The Black Dragon growled, his voice somewhat sinister.

“This ...”

Tang Hao furrowed his brows. He was also confused.

These nine tribulation fierce beasts were not reared in captivity. Their combat strength was very strong, so why were they locked up here?

“It’s because we’re too powerful. Moreover, we’re rebellious by nature and can’t be tamed. Each of us giant beasts has devoured hundreds of millions of lives, most of which are your human race. I alone have devoured hundreds of billions of your human race.”

“When I eat people, I don’t just eat one by one. When I open my mouth, millions of people will be sucked in. I can finish eating the people of a star in fifteen minutes.”

The Black Dragon said savagely.

“I don’t just eat humans. No matter what kind of creature it is, I will eat it. Golden Lions, green Luan, and even the ROC clan!”

“That’s why I’m stuck here! It has been suppressed for ten thousand years!”

“Little bug, do you still dare to let me out after knowing this?”

The Black Dragon’s Scarlet eyes were fixed on Tang Hao. It even stuck out its tongue and licked its lips.

Tang Hao was speechless.

Motherf \* cker! I knew there was something wrong with the fierce beasts here. They weren’t raised in captivity at all, and their strength was terrifyingly high. As it turns out, they were all great fierce beasts of ancient times, and this Black Dragon was the most fierce of all fierce beasts, so much so that it was suppressed by a true immortal.

“Senior, this person ... Doesn’t taste good!”

Tang Hao said with a bitter smile.

“It doesn’t matter if it’s delicious or not. What’s important is that I like to kill. The more I kill, the more I eat, the happier I am!” The Black Dragon became excited and shouted, “when I get out, I will kill and eat all the giant beasts here. Then, when I get out, I will eat all of you humans!”

“Kill, kill, kill! Eat, eat, eat!”

The Black Dragon seemed to have fallen into a trance. Its body began to twist and turn as it roared excitedly.

Tang Hao’s face twitched as he watched.

Motherf \* cker! It turned out to be a brainless Dragon!

He cursed in his heart and was even more speechless.
