

The Mightiest Little Peasant Chapter 2649

Little brat!

F * ck your mother!

Sovereign great void's face was twisted with anger as he roared in his heart.

He had been tricked again!

Last time, it was the world-ending lightning tribulation, which almost cost him all his underwear. This time, it was another ancient great evil that was close to the level of true immortality!

Could this kid really be his nemesis?

At this moment, the great void sovereign started to doubt his life.

He had never been in such a sorry state before. This was the second time he had been in such a sorry state since he met this kid.

“Eh? You're pretty good at taking a beating!”

The Black Dragon opened its mouth and shot out another beam of divine light.

Sovereign Taixu was sent flying again and he almost vomited blood.

“Hurry up! Quickly run!”

He retracted his body, bit the tip of his tongue, and burned a mouthful of blood essence. He turned into a divine light and fled madly. When he was far away, he shuttled through the void and escaped, quickly disappearing.

“You're running pretty fast!”

The Black Dragon sneered. “You humans aren't that strong, but you run fast!”

He looked at Tang Hao again.

“Senior, this is not very kind of you. I helped you break the formation and let you out, but you want to eat me. Isn't this repaying kindness with ingratitude?” Tang Hao said.

“Bah! I can do whatever I want, I can eat you if I want to, I'm not in a hurry, you can run slowly, all the living beings in this world are going to die anyway, you can't run away!”

The Black Dragon snorted.

Tang Hao rolled his eyes and did not say anything else. There was no reason to reason with a person with brain damage.

The more violent this guy was, the better his plan would be.

He immediately turned around and fled.

At this moment, a figure was rapidly approaching from the distance.

“There was some movement here just now. I wonder which fellow Daoist it was ...” He mumbled as he flew.

“I don’t know where that kid has run off to. Why can’t I find him?”

Then, he furrowed his brows and was a little annoyed.

In this world, he couldn’t casually release his divine sense to explore, as it would attract the attention of those fierce beasts. So after searching for so long, he still couldn’t find that kid.

“Eh? That divine light ... Isn’t that the kid!”

Suddenly, he looked up and noticed a divine light in the distance.

When he looked at it carefully, he was overjoyed.

“Hahaha! I’ve really worn out my iron shoes in a long search!” He laughed out loud, and a hint of greed and excitement appeared in his eyes.

As long as he devoured this brat’s bloodline, his bloodline would become even more perfect!

He couldn’t help but rush up.

“Brat, I’ll kindly accept your bloodline!”

He grinned hideously. A golden light flashed on his body, and a huge nine-clawed Golden Dragon flew out. It raised its head and roared as it pounced toward Tang Hao.

Tang Hao’s expression changed.

It was the Tang clan’s patriarch!

Bloodline?

Could it be that this fellow was trying to devour his bloodline?

This old man was too vicious!

Tang Hao was shocked.

At the entrance, he had already noticed that there was something wrong with this old man. It turned out that he had his eyes on his bloodline. It seemed that this guy had done this many times in the past. Many geniuses had probably died in his hands.

Tang Hao was even more shocked when he saw the nine-clawed Golden Dragon.

This was the undiscovered true spirit, which completely crushed his ordinary true spirits. Even if he had 20 true spirits, it would be useless no matter how strong he was. He would be completely crushed by this undiscovered true spirit.

“Senior, this person wants to eat me!”

Tang Hao immediately turned around and shouted.

“Senior? Hahaha! Kid, don’t try to fool me! There’s no senior here!” The Tang ancestor laughed out loud. His expression was even more disdainful, thinking that this kid was just trying to trick him.

He had heard that this kid was quite cunning. He had tricked those old monsters on the divine Spirit Mountain.

He was an experienced man and would never be tricked by such a low-level trick.

At that moment, his true spirit continued to pounce forward. He wanted to suppress this kid’s divine soul and then capture him.

However, at this moment, a sizzling sound came from the gray fog in front of him. At the same time, an aura so powerful that it made his divine soul tremble madly surged over.

“This ... This is ...?”

His eyes widened, revealing extreme shock.

This aura was too terrifying!

He wanted to Dodge, but it was too late. The black divine light tore through the void and instantly arrived.

Ah!

He let out a blood-curdling screech as he was sent flying.

Who was this?

Where did this kid get such a powerful backer?

The ye clan and the Hong clan had a good relationship with this kid, but they were far from having such terrifying strength!

At this moment, he was at a loss. He didn't understand what was going on.

"This little worm is mine! If you want to eat him, I'll eat you first!"

With a furious roar, the Black Dragon rushed over quickly. It opened its mouth and shot out beams of divine light that poured down in torrents.

Before the Tang clan's patriarch could recover from his shock, he was covered by the divine light and blasted.

He kept screaming and spurting out blood.

"Is this the true dragon from before? What a terrifying realm! What the hell, why is this guy with this kid!" He looked at the Black Dragon pouncing at him, his face contorted in fear. He was extremely shocked.

He didn't have time to think about it as the Black Dragon pounced and bit him.

If he was bitten, half of his life would be lost here.

He gritted his teeth and flicked his hand. Countless divine lights shot out and exploded, blocking the Black Dragon for a while. Then, he turned into a light and escaped frantically.

"You're running again! You human insects only know how to run!"

The Black Dragon was furious, and it shot dozens of divine lights at the escaping light.

The Tang Clan ancestor staggered and was hit by one of the divine lights. His face was pale and he was in a sorry state.

He didn't dare to stay and continued to escape.

"Coward! You're all cowards, cowards!"

The Black Dragon roared in anger. Its body twisted and turned, smashing the mountains in all directions.

Tang Hao was even more delighted when he turned around to look.

This guy's rage points were almost full, and it would explode with one touch. As long as he encountered another beast, they would immediately start fighting. That would be the time for him to slack off.

"That way!"

He looked around and remembered the place where he had met the giant ape.

"I'll start with you!"

Tang Hao laughed coldly and dashed away.

Seeing him run, the Black Dragon hurriedly chased after him.

After traveling for a while, Tang Hao saw a huge figure in the distance. He was walking forward. The highest mountain here only reached his knees. Every step he took caused the ground to shake violently and make a huge boom.

And at his waist, where the pitch-black fur covered, Tang Hao saw a flash of seven-colored light.

It was also a rainbow treasure chest!

Tang Hao had wanted to make a move to attract the black ape's attention, but as soon as he got close, the black ape turned around and looked at him. It didn't even look at him, but at the Black Dragon that was sweeping over.

The black ape's eyes narrowed, revealing a look of fear.

As for the Black Dragon, it became somewhat excited.

This guy's quite big, and his meat is also firm, so he must taste good. I'll fill my stomach with this guy first!

The Black Dragon let out a hiss and pounced straight at the black ape.

A huge battle instantly broke out.
